

This is the OV-10A, first airplane ever designed for the kind of war being fought in Viet Nam. It rolled off the production line at North American Aviation Corp.'s Columbus, Ohio, plant Wednesday before a delegation of Navy officials.

The stubby-winged, turbo-prop plane can climb fast, carry heavy loads and land at slow speeds. Testing will follow, and probably more orders for the craft. (AP Wirephoto)

Two Gunmen Sought In 3-State Manhunt

Hostages Taken in Oregon Are Released in California; Deputy Found Shot to Death

By JERRY RANKIN
WOODLAND, Calif. (AP) — Six kidnap victims — taken by two gunmen in Oregon — were released unharmed Wednesday night by their ex-convict abductors. Police and the FBI hunted the pair today as suspects in a Portland bank holdup and the killing of an Oregon deputy sheriff.

A three-state manhunt was

left at 6 a.m. saying they were driving directly back to Oregon. Grey and Bowles, who completed terms at Oregon State Prison last week — Grey for robbery and Bowles for breaking and entering — also are suspected of robbing an Oregon bank Tuesday of about \$14,000, the FBI said.

Talks Briefly

Confronted by newsmen after slipping out of motel windows, Mrs. Corbin reluctantly talked briefly.

"It wasn't bad on us at all," the slightly built woman said. "I just hate them for killing that policeman. I just hope they get the same thing."

Asked if she was frightened by the ordeal, she said: "Was I frightened? Yes, they killed that policeman."

She said her son "was a little scared at first, but he had a big

Mrs. Corbin Clinton

continuing for Wilbur Marion Grey, 30, a native of Brunswick, Ga., and Karl Cletes Bowles, 24, originally from Amarillo, Tex.

The Federal Bureau of Investigation said the search was centering around nearby Sacramento, where the gunmen released the hostages and fled on foot.

Mother and Son

The hostages were Mrs. David Corbin, 33, and her son by a previous marriage, Clinton Clark, 12; Mr. and Mrs. Uldis Riekstins of Seattle, their son and their son's friend.

FBI agents questioned Riekstins most of the night at a Woodland motel where the six spent the night.

The three adults and the boys

Bowles Grey

smile and they liked him. They let him do anything reasonable."

Boy is Shy

The freckled Clinton was too shy to talk with newsmen.

Mrs. Corbin described the gunmen's weapons as "short

Government Battalion Ambushed

U. S. Claims 25 Guerrillas Killed in Series of Clashes

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — U.S. paratroopers have scored heavily in a series of clashes with the Viet Cong 25 miles northeast of Saigon in the D-Zone jungle, American authorities reported today. They said 25 of the guerrillas were known dead and it was estimated Red casualties Wednesday totaled more than 100.

On the other side, the Viet Cong ambushed a Vietnamese government battalion 37 miles northwest of Saigon today and a U.S. spokesman said most of the battalion apparently was wiped out.

Relief Battalion

The ambush was sprung as the battalion was rushing to relieve a besieged outpost at Xom Dua in Binh Duong Province. The relief battalion was sent from the nearby district capital of Tri Tam. The Communists apparently were lying in wait for the reinforcements.

As the Viet Cong sprang the

trap, Communist 81mm mortars began a barrage of Tri Tam. Results were not immediately reported.

U.S. authorities reported that paratroopers of the American 173rd Airborne Brigade fought a series of clashes with the Viet Cong Wednesday in the big combined force operation in "D" zone and enemy casualties were estimated at more than 100.

No Casualty Report

There was no report of American casualties.

The action in the Communist-controlled jungle 25 miles northeast of Saigon was the biggest engagement the paratroopers have fought since their arrival in Viet Nam in May.

The paratroopers along with Australian and Vietnamese forces have been carrying on a "search and destroy" sweep through the area since Tuesday. Until Wednesday they had made little contact with the enemy.

The Viet Cong kept up its pressure in central highlands with a mortar attack early today on the district headquarters at Kontum, a provincial capital 260 miles north of Saigon. Spokesmen said a number of shells hit the headquarters but there was no immediate word that the guerrillas followed up with an assault.

District Capital

Kontum is 20 miles from Dak To, a district capital overrun by the Viet Cong Tuesday and ap-

parently still in Red hands. Spokesmen said there had been no contact with Dak To, manned by about 150 government troops, or with the town of Dak Sut, about 18 miles to the north. The military posts in both towns have been frequent targets of the Viet Cong.

Another 600 Marines were scheduled to land in central Viet Nam today. They are part of an 8,000-man force ordered here from Okinawa as speculation mounted that a showdown may be near with the Communists in the highlands.

A force of 2,800 Marines landed Wednesday at U.S. installations at Da Nang and Qui Nhon, and a spokesman said 4,600 more will come ashore in the next week.

No Emergency

U.S. military sources in Washington said the decision to land 8,000 more Marines now was not prompted by any speci-

Brother of Harry Truman Dies Today

KANSAS CITY, Mo. (AP) — J. Vivian Truman, 79, brother of former President Harry S. Truman, died today in his home at suburban Grandview, Mo., after a long illness.

Truman was a retired farmer and formerly was district director of the Federal Housing Administration in Kansas City. He resigned from the post in 1953 and the following year was appointed chairman of the Jackson County Board of Election Commissioners. On the advice of his physician he resigned from that post in May, 1964.

Besides the former president, he is survived by his widow, four sons, a daughter and a sister, Miss Mary Jane Truman, Grandview.

Funeral services will be held at 2 p.m. Saturday at the Hickman Mills Community Christian church.

Alleged Embezzler Free on Bond After 24 Hours in Jail

MONTGOMERY, Ala. (AP) — A civil rights leader, the Rev. Frederick D. Reese, is free on bond today, while the investigation of his alleged embezzlement of funds continues.

Reese was released on \$5,000 bond late Wednesday, after spending more than 24 hours in the Dallas County Jail. He had been arrested and indicted by a special grand jury on charges of embezzling \$1,850 from the Dallas County Voters League, of which he is president.

4-State Emergency

New York Ordered to Cut Its Water Usage

PHILADELPHIA (AP) — New York City, in the grip of a severe drought, has been ordered to cut its use of Delaware River water and also release water from its dams as part of a four-state water emergency declaration.

At a meeting here Wednesday, the Delaware River Basin Commission declared the 30-day water emergency immediately for the states of New York, New Jersey, Pennsylvania and Delaware. The commission directed New York City to reduce its consumption of Delaware water by 75 million gallons a day.

4-State Emergency

The commission, made up of representatives of the four states and of the United States Department of the Interior, also ordered New York to release 200

million gallons of water daily from its dams in the western Catskills.

The action was to help maintain the flow of fresh water in the Delaware estuary in efforts to save the Philadelphia and Camden, N.J., water supplies from the imminent threat of salt contamination.

The water supply in the Delaware River Basin serving more than 20 million persons is extremely short for the fourth straight year of far-below-normal rainfall. The state of emergency runs to Aug. 10, but can be extended, and, if necessary, tightened.

Hopefully Showers Will End by Morning

Fox Cities — Partly cloudy with scattered showers and thundershowers tonight, ending Friday morning. No change in temperatures. Low tonight near 58 degrees, high Friday near 80. Light and variable winds except for stronger winds locally in thundershowers.

Appleton — Observations at 10 a.m. Thursday for the preceding 24-hour period. High: 82 degrees. Low: 63 degrees. Barometer: 29.9 and steady. Wind: 3 miles an hour out of the east. Relative humidity: 69 per cent. Dew point: 61 degrees. Precipitation: None. Skies: clear. Temperature: 72 degrees. Sun sets at 8:39 p.m., rises Friday at 5:17 a.m. Moon sets Friday at 2:14 a.m.

House of Lords Abolition Advocated

PORTSMOUTH, England (AP) — Britain's biggest trade union, the Transport and General Workers, adopted a resolution today calling for abolition of the House of Lords.

The resolution urged inclusion of a pledge to carry out the abolition in the Labor party's platform for the next general election.

The House of Lords is made up partly of hereditary peers and partly of persons elevated to the peerage for their lifetime. It can delay but not veto legislation approved by the House of Commons.

Voluntary Program

Q: Is that good or bad?

A: A little of both. It is good because it shows the voluntary program is working. It is bad because there is still a deficit.

The voluntary program is like a first-aid tourniquet — a temporary device that preserves the patient until there can be surgery to repair the injury.

At this stage, the voluntary tourniquet chafes. But the bankers and industrialists who complain about it are unlikely to

State Count Now 454

Death of Hilbert Woman in Crash Ups Area Traffic Toll

(Picture B-1)

The Fox Valley area continued to set the pace Wednesday for the state's fast climbing traffic death toll when a rural Hilbert woman was injured fatally in a crash southeast of Hilbert.

The Calumet County victim was identified as Mrs. Ernest Zaborowski, 36, route 1, Hilbert. She was driver of one of the cars. The crash occurred at the intersection of two town roads about 1 p.m.

Her death was the sixth on highways in the area in the past four days. It brought to 454 Wisconsin's 1965 count, compared to 498 at this time last year.

In addition to the fatal accidents on the state's roads, two Milwaukee area women died in a crash in Canada.

Dead on Arrival

Mrs. Zaborowski was pronounced dead on arrival at Calumet Memorial Hospital.

Roger Schneider, 20, route 1, Hilbert, driver of the other car, was in Calumet Memorial Hospital in fair condition with head injuries.

Calumet County police said the Zaborowski car was apparently headed north and the

Schneider vehicle was going east.

The cars smashed together in the center of the intersection, then spun around and skidded into a cornfield.

Mrs. Zaborowski's body was thrown from the car.

France Extends Its Boycott of European Common Market

PARIS (AP) — France today extended its boycott of European Common Market meetings to the European coal and steel pool.

The coal and steel pool, which predates the Common Market, is a customs union for the coal and steel industries of six nations.

Michel Maurice-Bokanowski, French minister of industry, will not attend next Tuesday's meeting of the coal and steel pool in Luxembourg. A spokesman for his office said this conforms to decisions by the government following the breakdown of the Common Market meeting at Brussels, Belgium, which led to a French boycott.

Police said Schneider left the accident scene on foot to seek help, and was taken to a nearby farm by a passerby. Both he and Mrs. Zaborowski were taken to the hospital by Kapitzke Ambulance Co.

Her death was the seventh on roads in Calumet County so far this year.

Mrs. Zaborowski was born Nov. 23, 1928, in Town of Stockbridge. She is survived by her husband, one son, her parents, three brothers, and one sister.

Funeral services will be at 9:30 a.m. Saturday at St. Augustine's Catholic Church, Chilton, with burial at St. Mary Cemetery, Stockbridge.

Visiting hours at the Pfeffer Funeral Home, Chilton, begin at 3 p.m. Friday.

The soaring state toll, running just 9 per cent behind the last

350 in Kickoff Parade

Civil Rights Protests Renewed in Bogalusa

BOGALUSA, La. (AP) — Civil rights advocates have renewed their protests against racial segregation in Bogalusa and a segregationist group says it will hold counterrallies.

A predominantly Negro group of 350 paraded in through nearly empty streets Wednesday to kick off the new wave of demonstrations.

Negro leaders say they'll march again today.

The National States Rights Party, headquartered at Montgomery, Ala., distributed leaflets saying it would hold a counter rally tonight, "and every night until the Communists, beatniks, and other race-mixing groups have been defeated in their brazen attempt to take over the white Christian community of Bogalusa."

A federal judge in New Orleans was expected to issue his ruling late today on a request by Bogalusa civil rights groups for an injunction against city authorities for allegedly interfering with demonstrations.

Ruling Expected

A spokesman for the Bogalusa Civil and Voters League, affiliated with the Congress of Racial Equality, said CORE's national director, James Farmer, would return here to help direct the renewed campaign.

Wednesday's march was without incident. A dozen raincoat-clad state troopers led the column, mostly teen-age Negroes. Twelve police cars — two with dogs — escorted the parade.

A. Z. Young, president of the

Civic and Voters League, submitted a list of grievances to Mayor Jesse H. Cutrer Jr., at City Hall, where the march ended.

Equal Employment

The list included demands for equal employment for Negroes and an end of alleged police brutality.

The National States Rights party said the speakers at its open-air rally would be J. B. Stoner of Atlanta, Ga., and the Rev. Connie Lynch.

Stoner, 41, is attorney for the party and was the splinter group's vice-presidential candidate in 1964.

The Rev. Mr. Lynch, 53, from Riverside, Calif., is a speaker at several segregation rallies during the St. Augustine, Fla., racial demonstrations last year. He says he is a member of the National States Rights party and affiliated with the Church of Jesus Christ, Inc.

A Dummy 160-ton Ballistic missile is cold eject launched from silo in a successful test last month at Edwards Air Force Base, Calif. It was first successful demonstration that ICBMs can be launched from underground without

first firing their engines. A cold eject launch pops the missile from the silo by gas pressure, peashooter style, then starts first stage propulsion engine of the missile. (AP Wirephoto)

Government Statements Contradictory

Balance of Payments Confusion Is Compounded

BY RICHARD L. GRAVES

NEW YORK (AP) — New confusion, compounded by seemingly contradictory government pronouncements, has grown up around the U.S. balance of payments and gold problems.

The confusion may have hit a high point a few days ago when:

—Treasury Secretary Henry H. Fowler indicated the voluntary program to trim the U.S. balance of payments deficit is working so well he is worried about overoptimism.

—The Federal Reserve announced the greatest weekly outflow of gold in six years, \$359 million.

Dwindling Stock

on-again, off-again enthusiasm about its efforts to preserve the United States' dwindling gold stock.

Here are some basic questions and answers on the current U.S. gold and balance of payments situations:

Q: What is the status of the U.S. gold stock now?

A: The U.S. monetary gold stock now is worth \$13,934,000,000. It has declined \$1,454,000,000 since Jan. 1. The outflow in six months of 1965 is exceeded only by the total yearly losses in 1958 and 1960. The present supply of gold is now back to the level it was in 1938 before the nation built up its vast gold pile during World War II.

Q: Why has the gold stock declined?

A: Because the United States has had a balance of payments deficit every year since 1949 (except 1957). A deficit results when the nation spends more overseas than foreign nations spend in the United States.

Since we have a deficit, it figures that some other nations will have a surplus. Some foreign governments convert their surplus dollars into gold. The United States guarantees it will buy or sell gold at the fixed price of \$35 a troy ounce.

U.S. Position

Q: What is the so-called voluntary program and how does it fit into the picture?

A: The program was established by the government in February via "guidelines" to banks and manufacturers. One

of the basic features of the program calls on organizations to limit their overseas investments to 105 per cent of their 1964 investment. Foreign investment was one of the biggest single items in the 1964 balance of payments deficit. That deficit provided the vast pool of dollars which some foreign governments are converting into gold this year.

Q: What is the U.S. balance of payments position now?

A: Despite optimism about the voluntary program, the United States deficit in the first three months of the year was \$733 million. The program did not really begin to tell until the second three months. Though statistics presently are not

available for the second quarter

of 1965, it is believed the balance is showing a surplus. Some economists project the net deficit for 1965 at about \$1 billion, or one-third the total deficit for 1964.

Voluntary Program

Q: Is that good or bad?

A: A little of both. It is good because it shows the voluntary program is working. It is bad because there is still a deficit.

The voluntary program is like a first-aid tourniquet — a temporary device that preserves the patient until there can be surgery to repair the injury.

At this stage, the voluntary tourniquet chafes. But the bankers and industrialists who complain about it are unlikely to

Writer Finds No Marriage Is Without Disappointments

BY ANN LANDERS

DEAR ANN LANDERS: Recently you printed a letter from a reader who signed herself "Too Late." Hers was a tragic story. She was a girl who married much too young and her life was, as she put it, "a mess." In closing she confessed,

Landers

"the love I was sure would last forever faded after a couple of months." You advised "Too Late" to keep her chin up and to keep fighting.

Her letter could have been written by me ten years ago. There were times when I felt life wasn't worth living. Then one day I began to look around me and take stock. I discovered that no marriage is without its

disappointments, its periods of boredom and just plain unhappiness.

My husband and I have learned that tolerance for each other's faults, mutual respect and consideration, and a sense of humor, has kept us afloat. Our marriage may not be glamorous according to movie standards but neither is anyone else's. It took a while but now we know we have much to be thankful for. — C. C.

Dear C. C.: Your honest and realistic approach to marriage is well worth examining. Every word you say is true. Take notes students.

DEAR ANN LANDERS: We know a couple who has not bought a towel or a bath mat for years. Why should they when Mr. Hilton, Mr. Sheraton and others provide them with such fine items?

The ash trays, glasses, cups and saucers in their home are clearly marked The Plaza, and the Greenbrier, to name two.

Whenever they go to a restaurant they take something home — a sugar bowl, a cream pitcher or a piece of silverware. It's always a "little souvenir."

Last night we were dining in a posh restaurant. Mrs. X put a fine linen napkin in her purse and told her husband to put one in his pocket because she needed two to make an even dozen. I could hold my tongue no longer and said, "Don't you people know you are stealing?" Mr. X became indignant and replied, "At these prices they expect it."

This couple has children who can read. Wouldn't you think they'd be ashamed? Are we "Square," as they say? — A. And Z.

Dear A and Z: Any item shipped out of a hotel or restaurant is not a souvenir. It is stolen. And the person who does it is not a souvenir collector, he is a thief.

Children learn by example. Parents who bring home stolen property are going to have a difficult time keeping their kids honest.

DEAR ANN LANDERS: Taking photographs at a wedding is a common practice but have you ever heard of hiring a photographer to take pictures at a funeral?

You needn't bother to disguise the facts. Everybody in town knows about this.

A relative of mine passed away a few days ago. A daughter of the woman who died insists she is going to have the world's most complete fam-

Enchanted by the Excitement of the Miss Appleton and Miss Wisconsin pageants, the young ladies of South Schaeffer Street decided to stage their own queen contest Friday. All five contestants were singers, and competed in evening gown, swim suit

and talent categories. Above are the winners, Mary Vissers, second runner-up, Queen Linda Vissers, and Franca Heuvelman, first runner-up. Linda also won the Miss Congeniality award. (Post-Crescent Photo)

Rioting Teens in Terror of Not Succeeding as Adults

BY JOY MILLER

NEW YORK (AP) — Teen-agers who riot are in terror of the adult world which they feel inadequate to enter, says Dr. Rhoda Lorand, a psychotherapist who specializes in treating youngsters.

Boys who whooped it up at several summer resorts last weekend "were expressing lack of confidence in their own masculinity as well as hostility toward their parents and a need to discharge sexual excitement

ily album. She said she failed to hire a photographer when her father died and she has regretted it ever since.

The photographer took pictures of the casket (both open and closed). He photographed the pallbearers, the clergyman (during the eulogy) and the funeral procession. When the photographer showed up at the cemetery I could scarcely believe my eyes. What do you think of this? — Thoroughly

Disgusted

Dear Thoroughly: It makes a great deal of sense to have a photographer around to capture, for posterity, moments of joy but to take pictures of a funeral for a family album seems creepy and macabre to me.

Parents are people — they can be right and they can be wrong. To help understand their viewpoint and to promote harmony at home, write for Ann Landers' booklet, "How to Live With Your Parents," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope. (Copyright, 1965)

middle adolescence — is to combine genuine affection for the child with appreciation of his efforts."

Not Enough

When a child obeys out of fear alone — and not a desire to please his parents — no inner controls are established, says Dr. Lorand, author of "Love, Sex and the Teen-Ager."

Dr. Lorand says that a perfect recipe for trouble is to mix a large group of teen-agers and alcohol.

"The teen-agers with the least self-control and self-confidence will immediately rise to the surface and begin to act out childish aggression and hostility toward the adult world," she said.

"Shortly a second group will join them. These are the adolescents whose rebellious drives are under shaky controls. Left to their own devices and without alcohol they would remain peaceful. But they cannot resist being infected by their uncontrolled companions' behavior."

"Remaining at the bottom of the bowl are the majority of teen-agers who might occasionally do something foolish but certainly don't lose control of themselves to the point of lawless and destructive behavior."

Correction

In the account of the wedding of Miss Patricia M. Junge and Otto E. Zeichert in Sunday's Post-Crescent, one of the bridesmaids was inadvertently omitted. She is Miss Susan Sonkowsky.

But some young people who act the worst have been subjected to extremely harsh discipline — too harsh," she said. "The trick to making discipline truly effective — and that means that it leads to establishing reliable inner controls which replace parental guidance by the time the youngster is in

The Ailing House

Long Nails Stop Stair Squeaking

BY ROGER C. WHITMAN

Q: My stairway has developed squeaks on several steps. Is there any way I can quiet them without having to remove the carpeting?

A: With reasonable care you can drive long finishing nails down through the treads into the risers (the vertical boards at the front of the steps). Use a nailset to push the nail through the carpet and slightly below the surface of the tread. This should not affect the appearance of the carpeting in the slightest.

Q: When I returned to our summer cottage, I found that an over-hanging spruce branch had grown so much it rubbed across part of my roof when the wind blows strongly. This constant rubbing has begun to wear off the gravel surface on the asphalt roof shingles. I have trimmed off the branch, but how about an idea for anchoring the gravel on the shingles?

A: If your roof could stand a painting, this would be the perfect time for painting with the PVA type of vinyl plastic latex paint. This paint is an excellent anchor for shingle gravel — in addition to giving long service.

Q: With a very active group

of youngsters around the house after school, such a coating of small fingerprints has been smeared on the woodwork around doorways and the TV set that even furniture polish can't remove it. What is your opinion about washing? Will this be all right?

A. Washing perfectly OK, provided that you use a minimum of water and a maximum of suds.

Primitive Mood in Lingerie

NEW YORK (AP) — Womanly beauty this fall may be pretty and beastly.

That was one of the secrets shared Wednesday with fashion writers here for a four-day program of fall collection previews called the American Designer Series.

Earlier, designer Jacques Tif- feau had set a primitive mood with jungle music and masked mannequins who slinked with cat-like grace in leather and velvet smocks.

Then came the true confes- sions by Warner's about what really goes on in the underwor- l of fashion.

Tiger Stripes

Feline misses undulated onto the red carpet in body cinchers, bikini-like underpinnings and tarzan-type, one-shoulder togas — all the cat's meow in tiger stripes.

Their sinuous sisters wore cobra skins, fake patterns of course, on much the same type of intimate apparel.

More ladies, shy and demure, and at first fully clothed in con- servative black, stripped to re- veal their true colors — wicked red, red lingerie.

Other very personal items introduced at the show includ- ed

—Side-button coat dresses with silk lining to match petti- coats and so forth.

—Harlow nighties, bias-cut, ultra short and ruffled.

—Sweater-bras, in nude tone, rounded and slightly padded.

—The short-short slip and the petti-pant for the short-short dresses made popular by Frenchman Andre Courreges.

—The smooth-to-the-hip slip with tiers of ruffles for under the a-go-go dresses.

—Designer Geoffrey Beene followed up by sending his mod- els onto the runway in the sup- ple, body-clinging kind of gar- ments that require the afore- mentioned kind of underpin- nings.

—Brief jackets topped knife-pleated skirts, long tunic jack- ets slipped over reed-slim skirts. Throughout the collection were various adaptations of the smocks.

Designer Donald Brooks' coats and dresses sported um- brella-pleated skirts and coats as square at the shoulders as coats were during World War II.

From brown Russian broad- tail he concocted a box pleated suit. From whi ermine he cooked up a casual jacket and skirt combination.

Cheetah lined his white wool raincoat. A leopard print on an eagle background was used again and again as dresses and blouses.

Pack One Suitcase For Summer Trip

If you're planning a trip this summer, here are some packing tips.

One-suitcase traveling is the thing today, so pack double-duty outfits. Include a suit with several blouses, a dress with matching jacket, and an all-purpose cotton coat with water-repellent finish.

A wise choice for your traveling suit is one made of lightweight cotton knit. It will stay neat and fresh-looking while you travel, and will pack without wrinkling. Select a cotton knit suit in a basic color like gray or dark blue, and change its looks with different wash and wear cotton blouses.

St. Agnes Society Meets at Lebanon

LEBANON—The St. Agnes Altar Society will meet at 8:15 p.m. Thursday at St. Patrick Church hall.

Hostesses will be Mrs. Jerry Auer, Mrs. James Crain, Mrs. Clara Egan, Mrs. Victor Gitter, Mrs. William Madden and Mrs. John Mackowiak.

Brunch Idea

Cook sliced mushrooms with thin strips of onion in butter and use as a topping for scrambled eggs. Fine for brunch!

Parents' World

Mother's Lack of Demands Less Than Helpful to Teen

BY DR. EVE JONES

Dear Dr. Jones: Two years ago, my son who is now 14-years old had some physical complaints. The doctor told us these were caused by emotional re-

Eve Jones

actions to becoming a young adult male. After two months of tranquilizers and talks about sex, everything cleared up.

The same reaction has occurred twice since then, with the same treatment and good re- sults. But during these past two years, my son has become meaner and meaner toward me. He refuses to settle down to homework and his grades have reached an all-time low, almost failing. He is barely civil to me, and he has even blamed me for his being so nervous that he has needed to take tranquilizers. When I asked him recently if

he wanted to see the doctor again, he said, "No," and that he'd let me know when he thought he needed to and I should stop nagging him.

It isn't as if I were asking a lot of him and not letting him have much freedom. He has no chores, he can go anywhere he wants from after school to bed- time, and he has a girlfriend he's going steady with. Does he need a psychiatrist, do you think Mrs. N. I.

Possibly. But first see how he responds to different limits placed upon his activities. He seems confused and unhappy not only about sexual maturation, but also about what his responsibilities are for himself and to you. Arrange a daily life for him that lets him practice self-control and responsibility. Psycho- logy can't help him develop and show these qualities unless his real life helps.

Until his grades are at least average, insist that he come home directly after school is out and that he complete his home- work before leaving to pal around with his friends. Check his homework, not to correct his errors or otherwise interfere with the teacher's job, but simply to make certain he has com- pleted his assignments.

He also needs the opportunity to practice taking care of the family's well-being in addition to his own. So give him some daily household chores, like emptying trash or clearing the table after dinner.

If his room or drawers are messed up when he's ready to leave for school or play, send him back to get things straight.

Finally, insist on sensible dating. He's too young to be dating steady, and he's too ir- ritable to be faced with the de-

Trouble in North

Harassing Won't Make Interracial Couple Go

EAST MEADOW, N.Y. (AP) — "It makes me mad," said Tamara Wright. "We're defi- nitely not going to move."

"I am going to be here when all of these others move," said her husband, Vincent Wright.

The interracial couple had two windows of their house broken Monday night when some- one lighted firecrackers taped to the windows.

Mrs. Wright, 24, who is white, and her husband, a 31-year-old junior high school teacher who is Negro, said today that the incident was part of a contin- uing pattern of harassment which has grown more serious in recent days.

Cross Burned

A seven-foot cross was burned on the front lawn of the couple's house last week, and there have been acts of vandalism on Wright's car. Police are contin- uing an investigation.

Tuesday night, some 30 per- sons representing various or- ganizations in Nassau County met at Wright's house to map action in efforts to halt the har- assment.

Jerry Silverman, chairman of the East Meadow Committee for Human Rights, said the group would seek more police protec- tion for the Wrights.

Rights Parade

"If this is not forthcoming," said Silverman, "this group will form its own citizens' patrol to give protection."

Silverman said that a parade "Your Teenager About Sex," sent 25 cents and a stamped, self-addressed envelope to Dr. Eve Jones, to the Post-Crescent.

Two Incumbents Lone Candidates For School Board

LITTLE CHUTE — Miss Helen Koehn and Kenneth Hermesen, incumbents, were the lone candidates to announce intentions to seek the 3-year terms on the board of education to be filled at the July 26 election.

Miss Koehn will be completing her tenth year on the board and Hermesen served a 1-year term. Election will be held from 1 to 8 p.m. in the State Graded School.

Building Permit For Kaukauna School Issued

Elementary-Junior High Estimated to Cost \$1,104,000

KAUKAUNA — A building permit for construction of the new elementary-junior high school was taken out by DeCoster Construction Co., Green Bay, from Gene Ditter, building inspector, Wednesday. Estimated cost of the building is listed at \$1,104,000.

General construction is expected to cost \$623,331, according to low bid submitted by DeCoster. Other low bids include \$199,700 for heating and ventilating, \$93,835 for plumbing, \$121,200 for electrical, \$37,495 for science, home economics and laboratory equipment, \$8,641 for metal lockers, \$4,401 for bleachers and basketball equipment for the gym and \$15,666 for classroom cabinets.

Building Features

Plans call for a 1-story, compact building with provisions for adding two more wings. It will incorporate approximately 71,000 square feet and house students from kindergarten through eighth grade. It is expected to be ready for occupancy for the start of the 1966-67 school year.

The school will house two kindergarten rooms, four first grade rooms, one room each for second, third, fourth and fifth grades, two sixth grade rooms, three seventh and three eighth grade rooms. It will include two science rooms, a foods and clothing classroom, industrial arts, fine arts and reading rooms. It will have a central library and gymnasium.

The board of education has asked the city council to float a \$1,500,000 bond issue with which to finance construction, purchase property, install sanitary and interceptor storm sewers, construct an access road and purchase additional property for future school sites.

The request has been referred to the finance committee and is being studied for recommendation to the council.

William Gallaher Appointed Water Superintendent

William U. Gallaher was appointed superintendent of the Appleton Water Department and given a \$100 per month raise by the City Water Commission Tuesday.

The appointment and salary

Gallaher

Increase becomes effective as of July 1. Gallaher was formerly plant superintendent.

The change was made upon recommendation of the commission's personnel committee.

Oshkosh Clerk Resigns Post

OSHKOSH — City Clerk Roger E. Kliss of Oshkosh announced today that he has resigned as city clerk effective July 22.

Kliss, who is 57 years old, has been city clerk since May 1, 1943. Prior to that he had been deputy clerk since 1927.

The veteran city clerk indicated he has no immediate plans.

Ricky Van Munn, six-year-old son of Mr. and Mrs. Julius Van Munn, 2108 N. Meade St., is wasting no time in filling all first class passenger space on his tricycle. Tiny, an 11-week old Pomeranian

puppy, seems somewhat indifferent as to his mode of transportation while Ricky checks to see that his passenger is still aboard and comfortable. (Post-Crescent Photo)

Negotiations for Land Get Approval From Aldermen

Street Extension Would Run Into Part of Winnebago County

Negotiations pointed toward land purchases for expressway and street extension purposes got the green light from the Appleton Council Wednesday night.

Aldermen, by their action, concurred in the joint recommendation of the board of public works and plan commission.

Should one of the several proposed land acquisitions be consummated, it could result in the extension of Calumet Street, putting a strip of the City of Appleton in Winnebago County.

Questions Extension

Ald. Al. Stoegebauer (4th) questioned whether it would be wise for the city to consider a Calumet Street extension into another county. He said that having a portion of Appleton's southside in Calumet County presented problems and questioned the advisability of going into Winnebago County.

"The extension of Calumet Street will be a good thing for the city and I would hate to see any cold water thrown on the project," commented Ald. Harold Hannemann. He said the city, regional and national planners are expected to have recommendations which would indicate the extension was needed and would create no problem.

Hannemann said the only part of Appleton which would extend into Winnebago County would be half the street.

Negotiate for Land

The first step in planning the extension will be negotiations by the board of public works for the purchase of property at 518 W. Foster St.

The board also was authorized to negotiate for the purchase of land in the Colony Oaks

subdivision through which a major segment of the proposed expressway will pass.

Other negotiations for property will center on extension of Lindbergh Street; Forest Street from Schaefer to Weimar streets; and the widening of Wilkie Street between Verbrick and Foster Streets.

Other Approvals

The council also approved: —Hiring George Narovec and Associates, Appleton architectural firm, to design an addition to Huntley School.

—A minimum wage scale to apply to all contractors working on municipal projects this year.

—Awarding of a \$65,281 sewer construction contract to Wieseler Construction Co., the low bidder by several thousand dollars.

—Paving of W. Glendale Ave-

nue from Mason to Douglas streets in 1966.

—Vacating Melvin Street west of Douglas Street as requested by Miller Electric Manufacturing Co. A hearing date will be set.

Three Appleton Youths Pay \$75 Disorderly Fines

KAUKAUNA—Three Appleton youths pleaded guilty to disorderly conduct when arraigned before Oscar T. Jahns, municipal justice, Tuesday and all were fined \$75. The trio was arrested after painting obscene phrases and initials on concrete slab retaining walls near the Fox River and on bridge abutments.

Fined were Thomas Strover, 19, 1036 Kay St., Roland G. Stephenson, 19, 1125 E. Melrose Ave., and John V. Laughlin, 19, 844 E. College Ave.

Ambulance Services Are Warned by Sheriff

Risking Emergency Status Suspension if They Fail to Comply With Regulations

Outagamie County Sheriff Calvin Spice Wednesday warned operators of two ambulance services they risk suspension of their emergency vehicle status if they do not comply with regulations governing them.

Spice met privately with officials of Larry's Ambulance Service, owned by Lawrence Seidl, and Lindy's Ambulance Service, owned by Harold C. Linzmeyer and Roger Linzmeyer.

Spice said he issued the

warning because of actions "by both of them" at an automobile accident Tuesday in which two Fox Cities men were fatally injured.

Dispute Between Services

The sheriff said there was a dispute then between the two services as to which was authorized to take the injured to the hospital.

According to state law, the sheriff must give an ambulance service authority to use a red light and siren.

Spice said further "actions such as those Tuesday" would result in suspensions of this authority.

Threatens Suspension

He said he would suspend one for a given period, allowing the other to operate, then, when that period is up, suspend the other. In this way, Spice said, the county would not be without an ambulance service.

According to Outagamie County practice, one service is to be called by county authorities if there is need for an ambulance. They are on call alternate months.

However, ambulances from both frequently are at accidents in the county, Spice said.

Minimum Requirements

Spice said under the minimum requirements for the sheriff giving emergency vehicle authorization, the ambulance service must:

—Keep available for inspection a record of their calls, giving the name of the party calling and phone number calling from. "Be prepared to show where your call for an emergency run came from," the regulations warn.

—Answer calls promptly. "However, no reckless conduct on the road, or racing to calls will be tolerated."

May Shift Angle Parking On College to Parallel

Appleton Council Requests Recommendation From Public Safety Group, Commission

Angle parking on College Avenue may be a thing of the past within a month.

The Appleton Council Wednesday night directed the parking commission and public safety committee to schedule a joint meeting to arrive at a decision on business district parking.

There is strong support within the council to eliminate angle parking and replace it with a parallel system tried on an experimental basis last year.

Once the council receives the recommendation from the two municipal agencies, it will make a final decision as requested last week by the resident planner for the St. Louis consulting firm preparing a comprehensive plan for the city.

Reconstruction Plan

Harland Bartholomew and Associates is also ready to prepare a finalized plan for the central business district which will be pegged around the city's proposed plan to reconstruct College Avenue and make some design changes.

The council set no date for the joint meeting but has indicated the question of changing the College Avenue parking arrangement should be settled without delay.

Results of two surveys, one by the police department and the other by the Post-Crescent, showed motorists favored the parallel parking arrangement which was tried out in the heart of the business district over a several week period last year.

Some Businessmen Opposed

Some businessmen oppose eliminating angle parking. Others indicate they would to along with parallel — providing the city would develop additional off-street parking facilities in the business district.

The council also asked the

joint group to meet with representatives of local trucking agencies to "resolve the question of loading zones in the central business district."

In other action, the council:

—Approved blacktopping of a triangular piece of city-owned property near the Washington-Franklin junction for public parking. The lot will be metered.

—Told the city attorney to prepare an ordinance covering a bulkhead line proposed by Allis Chalmers Appleton Works. The bulkhead would be located on the south side of the Fox River.

Annex Property

—Approved annexation of several pieces of property now in the Town of Grand Chute, including a 95-acre tract purchased for park-recreational and other municipal purposes.

—Ordered removal of arterial signs on Meade Street at North and Washington Streets. The action is expected to improve the flow of traffic on Meade.

—Gave the director of inspections and public works director authority to post roads in the spring when they have been seriously damaged by frost and cannot be immediately repaired because of the weather.

\$172 Collected in Town Cancer Drive

TOWN OF VANDENBROEK — The cancer crusade drive in the town resulted in collection of \$172.75, according to Mrs. George Kroes, general chairman for the area.

Mrs. Kroes expressed appreciation to those who assisted her or donated for the Township campaign.

Pickets Lined the Front of the Appleton Machine Co. today as Local 747, International Association of Machinists, went on strike over 1965 contract negotiations. The dispute centers around wages. (Post-Crescent Photo)

Todd Resigns as UCS Director for Appleton

Also Leaves Twin Cities Activities To Head Wisconsin Welfare Council

The resignation of A. Rowland Todd, executive director of the United Community Services of Appleton, to become effective Sept. 1, was announced by Charles P. Heeter, UCS president.

Todd has accepted the position of executive director of the Wisconsin Welfare Council, a state-wide voluntary association for planning, coordination and research for health, welfare and recreation.

No successor has been named, Heeter said, but applicants are being screened.

Todd came to Appleton in June of 1959 as the first director of UCS, which had been organized by joining the Community Fund and Community Council.

Twin Cities Also

Announcing Todd's resignation in Neenah-Menasha were Konrad Tuchscherer, chest president, and the Rev. John Hanchett, council president.

Since January, 1963, Todd has provided part-time staff direction for the chest and council in Neenah-Menasha in addition to his position in Appleton. During this period, the amount raised through the Community Chest increased 20 per cent from \$147,185 to \$176,434 and the number of agencies included in the campaign from 10 to 13. A budget manual was prepared and the procedure for determining allocation to the agencies was revised.

The Community Council has a

Expansion Plan for Winnebago Port Draws Opposition

Objections Presented by Outagamie, K-C Officials

OSHKOSH — Winnebago County's petition for state and federal aid funds for a sweeping 26 in order for the north-south airport improvement program runway to be extended.

Powell, reading an official statement prepared by Kimberly-Clark, said his company "is interested that any such program be properly conceived and planned to meet demonstrated needs at reasonable cost."

"At the present time," he stated, "the consideration of this or any other specific

Strike Closes Machine Firm Early Today

Appleton Workers Walk Out in Dispute Over Wage Increase

A strike at the Appleton Machine Co. at 618 S. Oneida St. shut down operations shortly before 7 a.m. today.

Members of Local 747, International Association of Machinists, walked out in a dispute involving wages and working conditions.

Last month, a local of the International Association of Machinists struck the Kaukauna plant of the Giddings and Lewis Machine Tool Co. The strike lasted 24 days.

Employs 200

Appleton Machine has more than one division at the Oneida Street location and employs an estimated 200 persons. The firm manufactures paper mill machinery.

A company spokesman said 116 unionized employees took a vote and went on strike this morning. Their action came after 17-hour marathon management-labor talks with a mediator from the federal mediation and conciliation office in Green Bay.

The negotiation session broke up at 1:30 a.m. today.

11 Meetings Futile

A company spokesman said management held 11 meetings with union representatives, including two 16-17 hour sessions with mediators, in an attempt to reach agreement on a 1965 contract. The old contract expired recently.

When talks ended early this morning, the spokesman said, Local 747 was asking a package in excess of 13 cents an hour and the company's offer was in excess of 9 cents.

Union members met at 6:30 a.m. today and after reviewing the company's offer, rejected it and went on strike. It previously served notice on the company.

Willing to Talk

"We remain willing to resume negotiations with the union at any time," the company spokesman said.

Joseph Conway, a federal mediator, said no future meeting between company and union bargainers has been scheduled but he would attempt to arrange one for early next week.

Orville Kinney, Milwaukee, the union's International representative, participated in bargaining talks for the union.

Union officials could not be reached for comment.

New Director of Fox Valley Center to Attend Education Conference

Robert Najem, newly-appointed director of the University of Wisconsin-Fox Valley Center, will attend the first international conference and exhibit on education July 12-16 at New York City.

The theme of the conference, which is being sponsored by the American Management Association, is "Impact of Educational Technology."

Indian Lore in VIEW

for July 11

The cover picture of Miss North American Indian is the sign that the July 11th issue of View offers an historic look at the not-always-happy past of the American Indian. Recalled, are Father Banduel's missionary work and phases of the lives of Fox River Valley tribes.

Utility to Ask Council Okay for Study Of Menasha-Kaukauna Power Link

Communities Seek Professional Engineering Survey of Project

MENASHA — The Menasha Common Council will be asked to authorize professional engineering study on the feasibility of a power interconnection between Menasha and Kaukauna.

The Menasha Utilities Commission, meeting jointly with the Kaukauna Utilities Commission Wednesday night, agreed to request the study after approving a preliminary report suggesting that an interconnection be studied further.

The Kaukauna Utilities Commission will request similar

permission from its common council.

Menasha Commissioner John Scanlon was elected chairman of a special joint committee to handle interconnection efforts. Norbert Rhinerson, manager of the Kaukauna Utility, was named secretary and Melvin Crowley, attorney for the Menasha Utility, was selected as counsel for the joint committee.

Both commissions agreed it would be advisable to seek common council approval before going ahead with a professional study. Menasha Utility Supt. Thomas McGuire said council approval is advisable because an interconnection would be "quite a departure from past procedures."

A nine page report drafted by McGuire and Rhinerson, and approved in principle by the two commissions, states that approximately 14 miles of transmission line would be required to interconnect the two utilities. Preliminary estimates by McGuire and Rhinerson, however, indicate the interconnection would cost approximately \$300,000 for Menasha and \$130,000 for Kaukauna.

The Menasha estimates include \$200,000 for the substation and \$100,000 for half the cost of building the transmission line. The substation at Menasha would be necessary to step up Menasha's system voltage to 34.5 kilovolts, McGuire said.

Kaukauna's estimated cost includes \$30,000 for a substation to serve Combined Locks Paper Co. and \$100,000 for half the cost of the interconnection transmission lines. A boosting substation at Kaukauna would not be necessary, since Kaukauna now has a 34.5 kilovolt system.

The interconnection trans-

mission line would probably be built to handle a 69 kilovolt system for the future, McGuire said. If and when the system requires 69 kilovolts, the switch could be made without a new transmission line. At that time, an additional \$80,000 investment by the Kaukauna Utility for its substation at Combined Locks Paper Co. might be necessary. In recommending the profes-

sional study, the report recommends that the cost of the study be borne equally by each Utility Commission. The study should be completed by mid-December, the report said.

Reserve Capacity
In citing advantages to Menasha of the proposed hookup, McGuire said the power pool would "provide part of the necessary reserve capacity with substantial savings in investment costs."

With this reserve source of power, future expansion of Menasha's steam plant could be delayed for a number of years, McGuire said. This also would result in investment cost savings, he said.

A reserve source of power would be available for emergency use whenever necessary, McGuire said, noting that Menasha's present surplus capacity could be used to earn revenue for the local utility. When Kaukauna constructs a steam plant, a relatively low cost source of power would be available to Menasha until it is time for Menasha to expand its steam plant, McGuire said.

"The combined loads of the interconnected utilities would make it possible to install larger and more efficient generating units, resulting in lower generating costs," he said.

4 to Run for Three Kimberly Board Positions

One New Candidate, Incumbent to Seek Election on July 26

KIMBERLY — Three incumbents and one newcomer notified the school district clerk of intentions to seek office at the July 26 election, according to Mrs. Marie Ruys, clerk.

Voting will be held in the high school lobby from 1 to 8 p.m. with two candidates from Kimberly and one from Combined Locks to be elected. All will be serving three-year terms.

Harold Wentzel, president, who has served 22 years as a board member, is seeking reelection. Mrs. Ruys, who is completing her third year on the board is also running. New candidate from Kimberly is Mrs. Mary Vander Velden, 215 Ann St.

Maurice Biersteker seeks reelection from Combined Locks. He is completing his third year on the board since the district was reorganized, but previously served on the Combined Locks School board. Since representation on the board, by statute, requires representation from Combined Locks, Biersteker will retain his office unless a write-in candidate would be entered. Representation on the board is also assured for township residents. But their board member is not up for election this year. Voting is open to all residents of the district.

Driver Fined At Waupaca

Edward Olenski, 39, Almond, Pays \$420 On Two Charges

WAUPACA — Edward Olenski, 39, paid fines and costs totaling \$420 when he appeared Wednesday in Municipal Justice Court and pleaded guilty of driving while under the influence of intoxicants and driving after his driver's license had been revoked.

Olenski was arrested Monday in the Town of Farmington where his car was seen weaving over the centerline of the road. He tested .16 in a Breathalyzer test at the Waupaca County sheriff's office. A reading of .15 is considered evidence of intoxication.

Municipal Justice George Whalen assessed fines of \$200 and costs on each charge.

Olenski's driving record shows four convictions of driving after his license was revoked and three charges of tipy driving in the last five years.

Announce Prospector Parade Route

MENASHA — The Prospector Days Parade route has been announced by sponsoring Menasha Business Associates.

The parade will be held at 7:30 p.m. Wednesday, July 21 and will extend from Water Street to Tayco then onto Main, left on Racine, left on Broad, left on Milwaukee and disassemble at the square.

Stores will be open the MBA said.

Thursday, July 22 will be Sidewalk Sales Day from 9 a.m. to 9 p.m. Concession and food stands will be operated by the Menasha Lions Club, Menasha Kiwanis Club, Boy's Sports and Girl Scouts. Roving bands and kiddies rides on Center Street are scheduled for most of the day.

Friday will be highlighted by a medicine show from 6 to 9 p.m. as well as a continuation of sidewalk sales and rides. The group will meet to discuss further plans at 5:30 p.m. Tuesday in Valley Coffee Shoppe.

Menasha Nine Downs Green Bay Squad, 3-2

LUXEMBURG — Jitter's Bar advanced to the semi-finals of the 17th annual Luxemburg Softball Tournament by nipping Lom's of Green Bay, 3-2, on a two-run seventh inning here Wednesday night.

The Menashans will meet the winner of tonight's game between Milward's Golf Land of Green Bay and Bleier's of Appleton at 7:15 p.m. Friday.

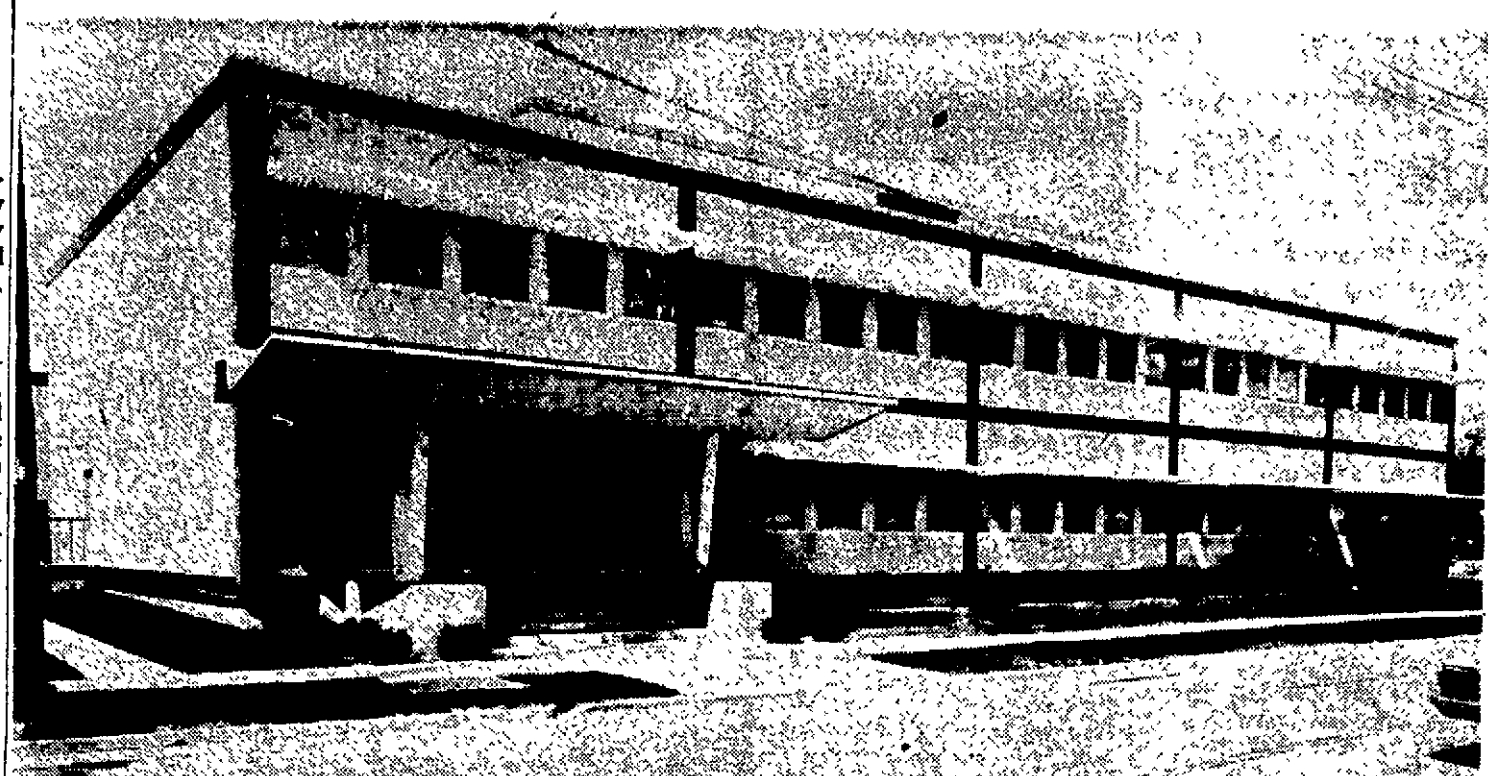

Frank & Pat's Pizza will make its second start against Mathu's 163 Club of Luxemburg at 8:15 p.m. today. The Twin Citizens, who now boast a 25-3 record, bested Club Oasis of Oshkosh, 5-1, in their initial outing.

Minnesota Man Named Manager of New London Co-op

NEW LONDON — Duane Long, Blue Earth, Minn., has been named manager of the New London Co-op Exchange, 305 E. Wolf River Ave. Long took over July 1.

He replaces Dennis Indjger, who resigned to take a position with Chevrolet Motors, Janesville.

Long, former field man for Land O' Lakes Creameries in Minnesota, plans to move his family to New London soon.

Appleton Wire Works has occupied its new 10,000 square foot office and research and testing laboratory at 714 E. Hancock St., adjoining its 40,000 square foot product development center. (Post-Crescent Photo)

North Central To Purchase 5 Jet Airplanes

Plans to Phase Out DC3 Service by Early Part of '67

SPECIAL TO THE POST-CRESCENT
MINNEAPOLIS — Inauguration of Douglas DC9 jet airplane service and the phasing out of DC3 service by "early 1967" was announced today by Hal N. Carr, president of North Central Airlines.

Carr said the company has made an initial purchase of five of the new 80-passenger twin-jets, including parts, at a cost of \$20 million and an option for five additional DC9s.

North Central has arranged financing with the Northwestern National Bank of Minneapolis and the Irving Trust Co. of New York for the purchase from the Douglas Aircraft Co. in Long Beach, Calif. In addition, 13 banks on North Central's system which are affiliated with the Northwest Bancorporation will participate in the financing.

18 DC3s in Service

Presently, North Central's fleet consists of 27 of the 48-passenger Convair 440s and 18 of the older 26-passenger DC3s. More than 80 per cent of the airline's "seat miles" are now flown with Convairs. By the spring of next year, this will be increased to 90 per cent. By early 1967, the 560 mile-per-hour DC9s and the Convairs will make up 100 per cent of North Central's fleet.

Since the Fox Cities is expected to retain North Central service at the new Outagamie County Airport, it is probable that the abandonment of DC3 service to the Fox Cities airport will come in the near future.

During testimony Wednesday at a hearing on proposed improvements for the Winnebago County Airport at Oshkosh, M. H. Ellyson, North Central's manager of airport requirements, said the airline would announce jet plans soon and added that Oshkosh may be one of the initial jet stops.

Airline Asks Landing Okay At New Port

Air Wisconsin, Inc., the new Appleton-based urban airline, has re-submitted an application to Outagamie County for landing rights and terminal building rental at the Outagamie County Airport.

The application was contained in a letter from Air Wisconsin President Karl P. Baldwin, which was received today by Albert W. Ponath, the county's corporation counsel. Copies of the letter also were sent to all members of the county board's airport committee.

In the letter, Baldwin said the new airline would like to take possession of an enlarged terminal building "by Aug. 1 or as soon thereafter as space is available."

Acknowledging the fact that an addition may not have been built or may be under construction at that time, Baldwin said, "We would like to request that the portion of the west wall be removed in accordance with the plan, be removed promptly and enclosed with plastic or other suitable material so that the counter space in the existing building could be used during the construction period."

Teacher at Kansas Institute on History

A teacher at James Madison Junior High School, John S. Ray, is participating in a National Defense Education Act History Institute at Kansas State University in Manhattan.

He is among 35 teachers and supervisors attending the institute studying new curricular techniques and concepts in the classroom. The institute is sponsored by the university and the United States Office of Education.

Reedy Quits White House Press Post

WASHINGTON (AP) — George E. Reedy, President Johnson's press secretary, announced today he is suffering from a painful foot disease and is bowing out of his White House post — at least for some months.

Reedy reported that doctors tell him he may face a series of operations that could sideline him for at least six months. He said the duties of press secretary will be performed in his absence by Bill D. Moyers, one of Johnson's top special assistants.

There was considerable doubt among newsmen at the White House whether Reedy ever would return to his \$28,500-a-year job as press secretary. Reedy increased such speculation by saying Moyers "will act in my place and we will determine down the road where we go from there."

Consolidated Papers Names Coordinator

WISCONSIN RAPIDS — John C. Ritchie has been appointed to the new position of stores and materials coordinator in the purchasing department of Consolidated Papers, Inc., according to Martin Kirchhoefer, director of purchases.

Ritchie, a veteran of 25 years with the company, has been estimator and expeditor in the central engineering department since 1956. During his earlier employment he held supervisory posts in the stores departments at the company's Wisconsin Rapids Division and Consoweld Corporation.

Public Hearing Needed

Longview Drive Area Rezoning Gets Detour

A move to rezone residential property at 1420 E. Longview Dr. to permit the parking of moving vans there was detoured Wednesday night.

The Appleton Council was advised by City Atty. Frederick E. Froehlich a public hearing on the proposed rezoning would be necessary.

Mrs. Thelma Muenster wants a portion of the property zoned to commercial-light industrial. The matter was before the council at a previous meeting but referred back to the plan commission.

Decision Reversed
Last month the commission opposed the rezoning but earlier this week reversed itself. Its recommendation to rezone was before the council last night.

Ald. Richard Kohlbeck (15th) asked for the city attorney's opinion He and Ald. Roy Pointer (14th) have opposed the rezoning, along with a group of northeast side residents in the

Northland Avenue - Longview Drive area.

One public hearing was held previously on the basis of the commission's recommendation to reject rezoning.

Date to be Set
The date for the second hearing will be scheduled by the city clerk. Residents in the area will be able to appear at that time.

Froehlich also ruled that a modified nursing home ordinance would have to have another hearing, the date to be set by the clerk.

The ordinance permits construction of nursing homes in residential areas without having to rezone the property to commercial-light industrial. The city has established stringent requirements concerning nursing home building plans.

In another action, the council modified municipal employee insurance coverage plan. City Clerk Elder Broehm was authorized to advertise for bids.

Railway Request for Extra Track Approved

Effort to Return Proposal to Committee For Second Time Fails by 12-6 Vote

There was some opposition Wednesday night as the Appleton Council approved the Chicago and North Western Railway Co. request for another track at Perkins Street.

An attempt to have the request sent back to the street-sanitation committee for the second time was defeated by a 12-6 vote.

Approval of the railroad's request, which will fit in with its plans to operate a car switching yard on the city's far southwest side, came on a 13-5 roll call.

The committee recommended approval of the railroad's request on the basis that all

engineering requirements had been met in the plans submitted for review.

Because Ald. John MacDonald (7th), in whose ward the crossing is located, was unable to be present because of pressing business, Ald. R. P. Groh (8th) wanted action held up.

Groh, presiding over the meeting as council president in the absence of vacationing Mayor Clarence Mitchell, said he thought MacDonald should be given an opportunity to report to the council on meetings held with railroad representatives.

MacDonald attempted to have the railroad revise its plans and relocate the proposed switching yard. However, North Western officials said last week they explored possible alternatives but would stick with their original plan.

Not in Favor
"I'm not in favor of this coming back to the committee for a second time," declared Ald. Roy Pointer (14th), street-sanitation committee chairman.

"Everyone has come in to be heard on this matter and the city's only jurisdiction is whether the railroad's track plans meet engineering requirements," Pointer added.

"I don't see what there is to be gained by forestalling an industry from making an improvement," Pointer said.

In taking its action, it was the first time the council acted under a new rule which requires that once a referral request by matter back to committee more a majority vote for referring any alderman is automatic, but not on a second request.

Menasha 66 Pints Short of Blood Quota

MENASHA — The Red Cross bloodmobile visit fell 66 pints short of the 316-pint quota for its two-day visit this week.

Menasha Chapter officials said the program was not a disappointment in view of the rationing over the Fourth of July weekend and into the week.

LEGAL NOTICES
Sealed bids will be received by the Board of Vocational & Adult Education up to 12 o'clock noon, July 15 at the office of the school, Appleton, Wis., for the following:

One 1954/22 (approximate) offset printing press with form rollers, pre-loading feeder, continuous delivery, removable plate cylinder, power spray. The board reserves the right to reject any and all proposals or accept a proposal which in its opinion will be most beneficial to the school.

July 6, 1965
By authority of the Board of Vocational & Adult Education
Carl G. Bertram, Director
Run July 8, 9, 10, 11, 12, 13

Three Fined at Waupaca After Tavern Brawl

WAUPACA—Creating a disturbance and becoming involved in a fight July 4 at a Town of Royalton beer bar resulted in fines for three men when they appeared in Municipal Justice Court Wednesday.

Keith F. Posyel, 20, route 2, New London, pleaded guilty of disorderly conduct and was fined \$50 and costs. Evan J. Ritchie, 24, 128 Main St., Little Chute, and Mark Griffin, 22, route 1, Bear Creek, pleaded no contest to the same charge. Both were found guilty. Ritchie was fined \$10 and costs and Griffin was assessed \$25 and costs.

The argument from which the arrests stemmed, started when the bar owner, Gilbert Anderson, asked to see Griffin's ID card. Griffin argued with Anderson who ordered the three from the bar and a fight started. The trio left the bar and were arrested by New London police.

Appleton Woman Elected to UCC Ministries Board

Mrs. Paul H. Olm, Appleton, has been elected a corporate member of the United Church of Christ Board for World Ministries. She was elected to the six-year term by the 738 member General Synod of the denomination.

She is the wife of the Rev. Paul H. Olm, conference minister of the Northeast Wisconsin conference of UCC.

The board plans and conducts the UCC program of mission and service board and emergency relief.

It continues the work previously carried on by the American Board of Commissioners for Foreign Missions, the Board of International Missions, the Commission on World Service and the Congregational Christian Service Committee.

UCC is an union of the Evangelical and Reformed and Congregational Christian churches.

Menasha Gets Reduction in Gas Rate

MENASHA — A new natural gas rate, which is expected to save the City of Menasha \$215 per year for heating the city garage, was announced Tuesday by John McLean, assistant vice president of Wisconsin-Michigan Power Co. in a letter to City Clerk Harry Kind.

The city paid \$2,475 for heating the garage last year, Kind said.

In his letter, McLean noted this was the fourth rate reduction since the company introduced natural gas into the area in 1949.

3 Injured in Calumet Crash

Fond du Lac, Chilton Drivers Involved in Collision Wednesday

CHILTON—Three persons were injured at 6:30 p.m. Wednesday when a car driven by Katherine Schall, 49, Fond du Lac, collided with an auto driven by Herman B. Schoen, 86, 38 Baldwin St., Chilton, a mile north of Calumetville, on State 55—U.S. 151.

Taken to St. Agnes Hospital, Fond du Lac, were Clarence Schall, 57, with facial cuts and chest injuries; Robert Felda, 22, Fond du Lac, with leg and back injuries; and Michael LeFever, 18, Fond du Lac, leg injuries.

Schoen told Calumet County Police he was headed south and was attempting to turn left when the crash occurred. The Schall auto was headed north.

Boy Loses Control of Bicycle, Hurt in Fall
Scott Butler, 9, son of Mr. and Mrs. Robert Butler, 215 N. State St., was injured Wednesday when his bicycle went out of control on the Lawe Street bridge.

Police said the boy was coasting down the steep hill south of the bridge, and lost control on the grated road surface over the bridge.

He suffered deep cuts on his forehead, a bruised, scraped arm and chipped teeth, police said.

Sentencing Set July 19 for Brillion Burglars

CHILTON—Sentencing of Thomas Steinfest, 19, 130 Oak Street, Brillion, and Donald Jones, 18, Oconto Falls, has been scheduled for July 19 by Calumet County Judge D.H. Sebara.

Both pleaded guilty Tuesday in Calumet County Court to two counts of burglary.

They admitted burglaries in Brillion last week at Brillion Coin Launderette and Doughty's Grocery Store.

Steinfest had been staying in a rented room in the home of Brillion Police Chief Reuben Huntington.

Steinfest is being held at Calumet County Jail. Jones was released on bond. Bail for both men had been set at \$1,500.

Green Bay Chief Tells Outagamie Sheriff He Needs More Policemen

The Green Bay Police Department has asked Outagamie County Sheriff Calvin Spice to be on the lookout for policemen wanted in that city.

Green Bay Police Chief Elmer A. Madson wrote to Spice today asking that any applicants for jobs as policemen that Spice can't use be referred to the Green Bay department.

The police chief pointed out he wasn't attempting to "raid" the Outagamie County department, but the city has need for additional policemen.

Calumet Sets Talks For Redistricting

Plan to Cut County Board to 16 Members to be Aired July 15

CHILTON—A proposal to reduce the Calumet County Board from 24 to 16 members will be aired at a public hearing at the courthouse here at 8 p.m. July 15.

The committee from the board which has been studying proposals will explain the reapportionment plans. Members are board chairman Louis Hui-brege, Brillion; vice-chairman, Oscar Kossman, Town of Chilton; Gilbert Hipke, New Holstein; George Schwalbach, Town of Harrison, and Assemblyman Wilbur Struening, former supervisor from the Town of Brillion. County Clerk Roland E. Miller and F.J. Schnieder, district attorney, worked with the committee.

21 Supervisors
According to the recent state law, counties Calumet's size are entitled to a maximum of 21 supervisors but the plan which won favor at the June county board meeting calls for 16 members. It comes closest to reaching the one-man one-vote aspect of the law.

This plan, one of three formulated by the special committee, would have each supervisor representing about 1,392 persons.

Committee Chairman G.J. Hipke told supervisors that the other plans reducing board size to 20 and 21 do not adhere as well to districts with equal populations. He said they might invite state criticism for this reason.

The plan best allows for board expansion which will probably be necessary after the 1970 census, he noted. Under it the Town of Harrison would gain another supervisor.

Reductions in the cities include Brillion, one supervisor instead of the present three; Chilton, two supervisors instead of the present four, and New Holstein, two instead of four.

Combined districts each having one representative would include the town and village of Stockbridge, Town of Woodville and the Village of Hilbert, and the Town of New Holstein and the City of Kiel.

Districts with unchanged representation would include the Towns of Brillion, Brothertown, Charlestown, Chilton, and Rantoul and the City of Appleton's 12th ward.

A public hearing to allow citizens an opportunity to express their views on the matter is required by law before the board can act on its adoption.

Todd Resigns As UCS Head

Continued From Page 1

number of activities instituted during Todd's term of service. The by-laws were updated; an inter-agency committee was organized to provide closer cooperation between family and child welfare agencies; a study of the Neenah-Menasha family service was undertaken, a long range planning program designed to be undertaken later.

Appleton Projects
During his six years in Appleton, the UCS conducted a study of services to transients, fee charging by health, welfare and recreation agencies, and the Visiting Nurse Association. The need for a family service agency was established and a proposal for a county health department developed. The UCS has studied legislation which would effect the health and welfare of the community.

A Union Counseling Course was organized. Help was given the Appleton Youth Council in getting organized. A Public Relations Workshop for health, welfare and recreation agencies was conducted. Plans for conducting a comprehensive long-range planning program for health, welfare and recreation was developed.

In addition to activities related to UCS, Todd has served on the board of directors of the Fox Valley Human Rights Council. He was on the church board and sang in the choir and taught Sunday School at the First Methodist Church, and served as treasurer of the Foster School PTA.

Social Workers' Office
He also was a member of the executive committee of the Northeastern Wisconsin chapter of the National Association of Social Workers and has served as secretary of the Wisconsin Council of NASW chapters.

Todd has been a member of the United Fund Advisory Council of the United Community Funds and Councils of America and was chairman of the Great Lakes Institute for Health and Welfare in the Midwest.

Todd and his family will be moving to Madison during the summer.

Stockade for Kangaroo Court Reported Lost

KAUKAUNA — An all points bulletin has been issued by members of the 175th jubilee committee for a missing stockade, used in the Kangaroo Court promotions for the event.

The stockade was reported missing from a storage garage on the Van Daalwyk property, Highway 55, about 10 a.m. Wednesday. It was placed in the garage Tuesday night when rain forced cancellation of the first ladies kangaroo court session.

Since Ladies Night was reset for Sunday, the stockade must be located prior to that time or women will be without worry as there is no other area of confinement. The stockade is constructed on a 10 by 17 foot trailer, built of heavy logs, thus it will not be an easy thing to hide. Police have been notified of the loss and are assisting in the investigation.

UW Center Educator At Math Institute

David G. Murray, a teacher at the University of Wisconsin Fox Valley Center, is one of 36 junior college teachers of mathematics attending a National Science Foundation institute for mathematics teachers at San Jose State College in California.

Primary objectives of the institute are to strengthen the participants' mastery of mathematics and to improve their ability to interest students in careers in mathematics and science.

The Clintonville attorney also said Boros was more and more convinced "that we did receive extremely roughshod and peremptory treatment from the government agency known as the CAB."

He added: "In addition to this I receive complaints almost every day from our air passengers in the

Airline Service To Clintonville Hit

Attorney Suggests Possibility Of Additional Suits by City

CLINTONVILLE — Inadequate Clintonville area to the effect of North Central Airline service to Clintonville were cited by Robert W. Otto, attorney representing Clintonville in airport matters, in a letter to the Clintonville Council Tuesday as he suggested the possibility of starting separate actions in the state of Wisconsin and before the Civil Aeronautics Board (CAB).

Otto has been working with Howard Boros, Washington, D.C., attorney, in fighting the CAB ruling to end scheduled airline service to Clintonville.

The two attorneys are considering an action in the state of Wisconsin before the Wisconsin Aeronautics Commission or the Public Service Commission and a separate action before the CAB to call their attention to the "numerous changes of schedules, equipment, flights, change. The fact is that when the lack of flights in the immediate past, the roundhouse or turn-around flight that we now have in the morning, which deprives us of a flight to Minneapolis and the west, and is in all effect depriving us of one flight, and as the mayor so sharply observed, we are now getting only three flights instead of four, regardless of any legal or technical requirements." Otto wrote.

The Clintonville attorney also said Boros was more and more convinced "that we did receive extremely roughshod and peremptory treatment from the government agency known as the CAB."

He added: "In addition to this I receive complaints almost every day from our air passengers in the

Clintonville area to the effect of North Central Airline service to Clintonville were cited by Robert W. Otto, attorney representing Clintonville in airport matters, in a letter to the Clintonville Council Tuesday as he suggested the possibility of starting separate actions in the state of Wisconsin and before the Civil Aeronautics Board (CAB).

Winnebago's Airport Plans Are Challenged

CONTINUED FROM PAGE 1

airport improvement program is neither reasonable or appropriate.

"Utter Madness"
"Because of the present controversy over the certification of Appleton for commercial air service," Powell said, "and because more than half of this (Winnebago's) commercial passengers come from the Appleton, Neenah-Menasha area, it is impossible at this time to make any intelligent estimate of the future commercial volume at this airport. Until this can be done with reasonable accuracy, no one can possibly know what improvements, if any, are needed at this airport since the public need is certainly the only justification for public expenditures of this magnitude."

Powell called it "utter madness" to begin making improvements at the Winnebago County Airport with North Central "serving Appleton at its new airport" and with "a second airline proposing to offer service from that airport (Outagamie) in a few weeks."

He called the proposed expenditure "a gamble of tax dollars on the outcome of a court case on the one hand, and the inability of Air Wisconsin to attract customers on the other."

Ask Dismissal
Powell said, "Kimberly-Clark emphatically urges the State Aeronautics Commission to dismiss these proceedings, pending the time the court has handed down its decision and the CAB has acted on it."

The Kimberly-Clark statement's reference to the court case was to the appeal by the State of Wisconsin, Outagamie County, and the cities of Clintonville and Ashland to the Civil Aeronautics Board (CAB) regional airport consolidation ruling. In the ruling, the Winnebago County Airport was designated the regional airport to serve the Oshkosh-Fox Cities area. The appeal now is before the 7th District U. S. Circuit Court in Chicago.

In his statement, Ponath agreed with Powell's references

to dismissing proceedings until after disposition of the appeal.

In addition, he told the commission's examiner, Fritz Wolf, that the state "should consider the whole area and should not expend funds for the advantage of a small area."

"Appleton and the surrounding Fox Cities," he said, "require airplane service in the Fox Cities, not in Oshkosh."

"We have no desire," Ponath stated, "to try to take away what Winnebago needs, but we feel Winnebago also has no right to rob what we need."

Expect Jets
Looper cited the likelihood of expanded jet airplane using of the Winnebago port as reason for the north-south runway expansion.

He said jet aircraft such as the DC9 and BAC111 "would require runways of 6,500 feet."

The relocation of State 26 "was discussed with the State Highway Commission" and "it was determined that the highway could be abandoned or relocated without significant hardship to the community or the present users. Such relocation could be accomplished along US. 41 and State 44 west of the airport, or along Ripple Road or on new right-of-way south of the airport and north of County Trunk I."

During cross examination Ponath said to Looper, "You don't mean to tell me that the state has given approval to relocation Highway 26, do you?"

Looper added the state "will consider it if we request it."

Ponath then asked, "What if the state does not approve moving Highway 26?"

Looper answered, "Then, we couldn't extend the north-south runway."

Ponath also disagreed with Looper's claim the project would cost \$1,431,000.

"Isn't it possible," he asked, "that the project could cost \$500,000 more?" Looper said, "It was possible, but unlikely."

Then Ponath claimed that Looper's estimates didn't include estimates for expanding the passenger terminal building or relocating State 26. The consultant engineer repeated his best estimate was \$1,431,000.

In Favor
Testifying in favor of the project earlier in the day were Winnebago County Board Chairman Joseph Drexler of Oshkosh, Winnebago Airport Manager S. J. Wittman of Oshkosh, airport fixed base operator Warren Basler of Oshkosh, Oshkosh City Manager Ray Harbaugh, Bergstrom Paper Co. Vice President D. W. Bergstrom of Neenah, and Carl Biederman, chairman of the citizen's committee for

the Winnebago County Regional Airport at Oshkosh.

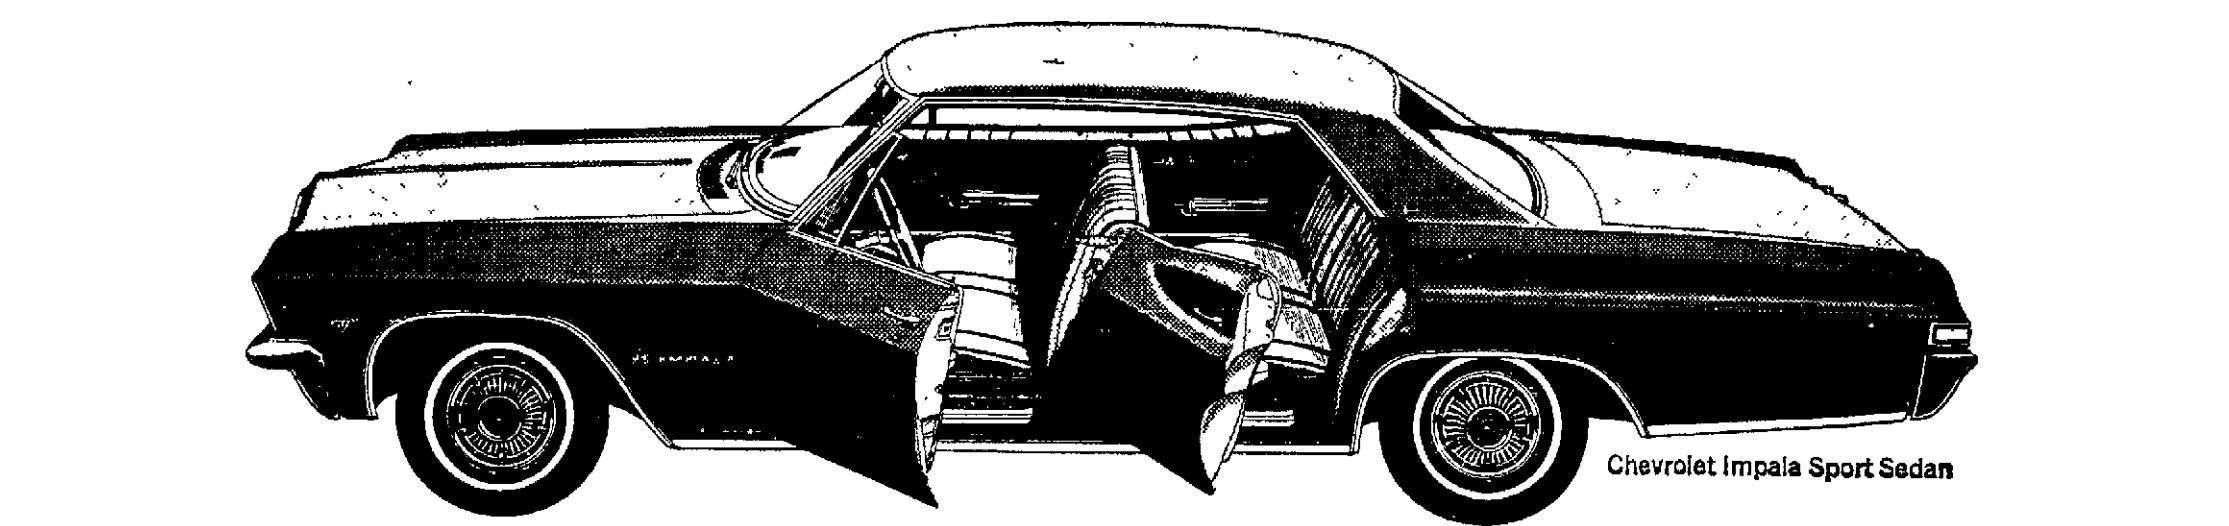

Wolf gave Ponath authorization to file a written brief to the commission on the proposed airport improvements.

The commission's decision on the preliminary aid request

probably won't be made until this fall.

The commission's recommendations will be forwarded then to the Federal Aviation Agency which must make the final decision on the aid expenditures.

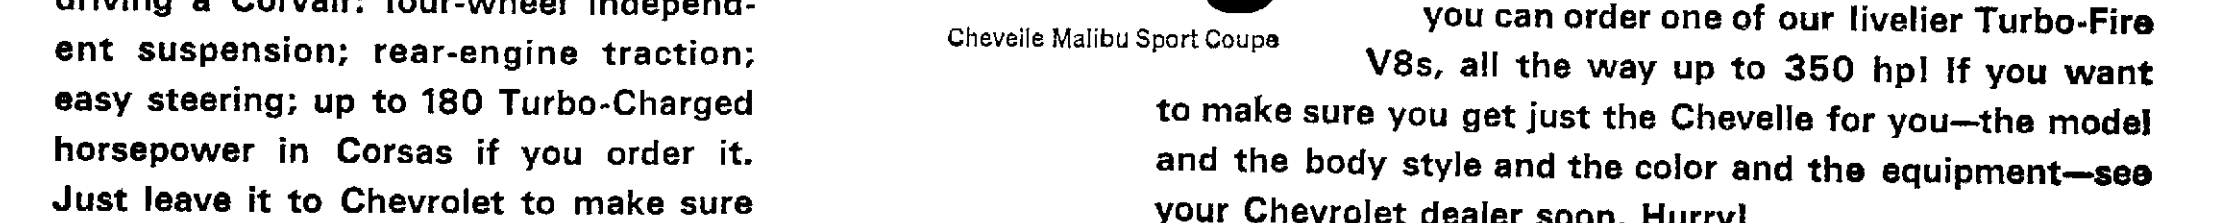

Only the No.1 man's got the No.1 buys: your Chevrolet dealer
(See him now!)

THE NO.1 MAN'S GOT THE CHOICE YOU WANT (MODELS, STYLES AND COLORS) IN HIS NO. 1 CAR: CHEVROLET. Models? Impalas, Bel Airs, Biscaynes. Styles? Sedans, coupes, convertibles, wagons. Colors? Black, white and most everything between. Engines? Even the new 325-hp Turbo-Jet V8 you can order. Buys? There's no better time to get yourself into the No. 1 car. Just see the No. 1 man now at the No. 1 place (where the sign says "Chevrolet")!

THE NO. 1 MAN'S GOT THE POWER YOU WANT (THRIFTY SIX OR BIG V8) IN HIS MIDDLE-SIZED CAR: CHEVELLE. If you like your car neat-sized and nimble, the No. 1 man's got it in Chevelle. Standard engine is a husky Six or a powerful Turbo-Fire V8, depending on model. Or you can order one of our livelier Turbo-Fire V8s, all the way up to 350 hp! If you want to make sure you get just the Chevelle for you—the model and the body style and the color and the equipment—see your Chevrolet dealer soon. Hurry!

THE NO. 1 MAN'S GOT THE STYLE YOU WANT IN HIS REAR-ENGINE FUN CAR: CORVAIR. What sporty style it is: every Corvair coupe or sedan's a hardtop now. And what sport driving a Corvair: four-wheel independent suspension; rear-engine traction; easy steering; up to 180 Turbo-Charged horsepower in Corsas if you order it. Just leave it to Chevrolet to make sure Corvairs look like they cost a lot. Leave it to your Chevrolet dealer to make sure they don't.

YOUR CHEVROLET DEALER
NOW'S THE TIME TO GET A NO.1 BUY ON THE NO.1 CARS!

Menasha Man Gets Jail Term

Admits Break-ins At Brillion; Brother Put on Probation

CHILTON—Charles Freedy, 23, 413 First St., Menasha, was sentenced to serve two consecutive one-year terms in the reformatory at Green Bay for break-ins at two Brillion service stations June 11 and 12.

Freedy and his brother, Robert, appeared in Calumet County Court before Judge D. H. Sebara for sentencing Wednesday.

The pair had pleaded guilty. A pre-sentence investigation was conducted.

Robert was placed on probation for two years to the State Department of Public Welfare. Restitution for the losses was ordered by the court.

Brillion Police Chief Reuben Huntington arrested them after residents near the Bessert Gasoline Co. reported seeing burglars.

On June 11, cigars, cigarettes and sunglasses were taken from Lewis Cities Service and about \$15 was taken from the cash register and a soft drink vending machine at Warren's Skelly Station.

Confirmation Of Appointees Seems Assured

Senate Supports
Bank, Broker Men
Named by Knowles

Post-Crescent Madison Bureau
MADISON—Endorsement by the committee on labor, insurance and banking Tuesday virtually assured bi-partisan votes in the state Senate for the confirmation of two major appointments to regulatory offices by Gov. Warren P. Knowles.

Gerald Lorge of Bear Creek, Republican, on the motion of Democratic senators, recommended the confirmation of William Nuesse for a new term as state commissioner of banking, and Robert E. Stahl of Kenosha for a seat on the state real estate brokers' board.

Nuesse is a career man in the banking department service, and was originally elevated to the top office in the department by former Gov. Gaylord Nelson, Democrat, six years ago.

Endorsed by Bankers

At a brief hearing yesterday, Nuesse was cordially endorsed by spokesmen for the Wisconsin Bankers Association and other groups in the credit and finance field.

Stahl is a 30-year veteran of real estate brokerage in Kenosha and southern Wisconsin, a

civic leader, and one of the prominent members of the Wisconsin Association of Realtors which supported his appointment by Gov. Knowles. He will succeed Howard Meister, a Milwaukee Democrat, when the Senate as expected confirms his nomination.

The brokers' board has been the topic of mor public interest in recent years because of pressure for open occupancy legislation in the state by civil rights and Negro groups.

The legislature has pending several bills on the subject in this session, including one that would give the state industrial commission power to act against discrimination in the sale or rental of commercial housing, which has the backing of the Republican governor.

Outlook Is for Passage

Dual Representative Plan Attack Resumed

Post-Crescent Madison Bureau

MADISON — Brown County Board Chairman Myron Lotto and other rural members of the Brown County board Tuesday resumed their attack on pending state legislation that would permit the City of Green Bay and others interested to continue the combined office of alderman-supervisor after the reappointment of county boards is accomplished.

Lotto sent a letter to the Senate Committee on Governmental and Veterans' Affairs asserting that the result and possibly the

purpose of the bill is to permit the City of Green Bay to "dictate and control" the affairs of the county through its selection of city supervisors oriented to city hall thinking and city interests.

He said he spoke for most of the towns and villages in the county and for the City of De Pere. He is the chairman of the Town of De Pere.

Outlook For Passage

The outlook is for a defeat of his viewpoint, however. Separate bills to authorize a continuation of the dual representative plan have passed both houses, and need only the routine concurrence of the other. Tuesday the Senate committee in a unanimous vote recommended Senate adoption of the Assembly-approved bill.

Lotto's letter was presented by Sen. Robert Warren of Green Bay. Warren said he supports the joint office bill, but that he felt he owed a courtesy to his constituents to present their viewpoint, at their request. He said Lotto was unable to attend the hearing, the fourth that has been held on the subject thus far in this legislative session.

The Brown County legislative delegation told the committee that the measure is generally supported in Green Bay, and provides for an effective system of representation. It was noted also that adoption of the rule by the city, after the enactment of the state law, will require the enactment of a local charter ordinance, which in turn requires a referendum vote which will prove the attitude of the electorate.

Lotto asserted that many other counties similar to Brown have not used the combination representation plan, and noted also that town chairman, such as himself, won't have the chance to hold county and local offices at the same time. Such a system discriminates against towns, he thought.

Ed Johnson of the League of Wisconsin Municipalities said about 15 cities and villages now have the combined representation system and presumably desire to continue it.

Illinois Family Safe After Boat Mishap

BARABOO (AP)—A Rockford couple and two small children were released from St. Clair Hospital Wednesday after a dramatic rescue by a Burlington man who brought all four members of the vacationing Illinois family to safety after their boat overturned in Lake Wisconsin.

Thurmond Lane, the father of the family, said, "There's no question, Howard Johnson saved our lives."

The Lanes were fishing in a slough Saturday afternoon when they attempted to change position in the boat and it tipped over. Lane, who can not swim, clung to the boat, but his wife began to sink.

Johnson, fishing from shore, some 50 feet distant, dived in and brought up Mrs. Lane. He retrieved the Lane children, 3-year-old Kevin and 4-month-old Tammy, who were floating—Kevin in a life jacket, the little girl in a plastic baby carrier—and finally towed Lane ashore.

Farmers Testify in Owen Dairy Operator's Trial

WAUSAU (AP)—Four farmers testified Tuesday they delivered milk to the now - bankrupt Owen Dairy Co. in the belief its operator, Herbert Gripenrot Jr., was paying their assignment checks out of the milk payments.

Gripenrot's trial on charges of fraud and theft began in Circuit Court here Tuesday. A State Department of Agriculture accountant, George Gilbertson, testified the dairy owed \$288,744 to farmers when it ceased operations in April, 1964.

Gripenrot is charged with making false statements to the department and with theft of \$30,874 from the Farmers and Merchants State Bank, Kaukauna; \$12,592 from the dairy, and \$9,223 from 11 farmers in Clark and Chippewa counties.

Introduced into evidence were check stubs with the statement, "We paid these amounts for you." The prosecution contends Gripenrot did not pay the amounts listed on the stubs for the farmers supplying milk.

Gasoline Storage Tanks Explode

GRANBURY, Tex. (AP) — Two big gasoline storage tanks on the northeast edge of Granbury in central Texas blew up with a flash visible for as much as 30 miles before dawn Wednesday.

Although there are houses little more than a block distant, none was injured. Firemen kept the ensuing blaze from spreading to other tanks in a Gulf Oil Co. tank farm managed by W. R. Summers.

A. O. Howeth, 54, a tank truck driver from Fort Worth, spotted a small fire licking from a vent

atop one of the tanks and warned residents to flee. Granbury's 25-member volunteer fire department failed to quench the blaze in a 45-minute battle. Firemen retreated just before the two tanks exploded. One tank contained 14,600 gallons of gasoline, the other 12,000 gallons.

No Summons for City

NEW YORK (AP) — Lawyers were studying housing violation cases in the old Tweed Court House when it began raining—outside and then inside. Nobody gave the city—New York's biggest landlord—a summons for having a leaky roof.

Dale Board to Review Tax Roll

DALE—The board of review of the Town of Dale will meet at 10 a.m. Monday at the town hall to review the assessment roll. Taking part will be Stanley Perkins, chairman; Alfred Burns and Emil Sells, supervisors; David Zehner, clerk, and Alvin Huebner, assessor.

At the last regular board meeting June 30, requests for licenses were reviewed. Granted were five Class B beverage and liquor licenses, one Class A beverage license, one special gathering license, 12 operator licenses and 13 cigarette licenses.

Federal Atomic Project Offered Electric Rate For Stoughton Site

MADISON (AP) — A power rate of three-fourths of a cent per kilowatt hour has been offered for the proposed \$280 million federal atom smasher if it is located at Stoughton.

The Wisconsin Power and Light Co. spokesman said Tuesday the rate offer is considered "very competitive." But the proposal was conditioned on load characteristics and accelerator design, yet to be determined by the Atomic Energy Commission.

More than 100 sites throughout the nation have been suggested in quest of federal blessing. The nuclear atom smasher would be the largest in the world.

Brain Twisters BY DON DOUGLAS

Transformations

Transform one word into another word, one letter at a time, each time forming a good word, until the desired word is reached. For example, "LOVE" can be transformed in "HATE" in three steps thus: LOVE, lave, late, HATE. Try the following:

- CAME to WENT in four steps.
- RACE to CARS in four steps.
- FAIR to DULL in four steps.
- PLAY to BALL in six steps.
- RAIN to DROP in eight steps.
- SHADE to TREES in nine steps.
- SEED to GROW in nine steps.
- DIVE to SWIM in eleven steps.

Answers

- CAME, cane, cant, cent, WENT
- RACE, rate, rats, cats, CARS
- FAIR, fail, fall, full, DULL
- PLAY, plat, peat, beat, bell, BALL
- RAIN, rail, roll, tool, cool, coop, crop, DROP
- SHADE, shame, shams, seams, teams, teats, feats, frets, trees, TREES
- SEED, seem, seam, team, tram, cram, crew, grew, GROW
- DIVE, dire, tire, tore, torn, tern, team, seam, sham, swim, SWIM

tic is shared by these four birds — ostrich, emu, kiwi, and penguin?

Answers

- In 1931, a balloon flight to a height of 51,793 feet made by the late physicist, Professor Auguste Piccard, and Charles Knipfer.
- About 90 per cent.
- Theodore Roosevelt, in 1905, and Woodrow Wilson, in 1919.
- Almost 70 per cent.
- None of them can fly.

With Photos of Stars Make A Novel Flower Holder

BY CAPPY DICK

An unusually attractive holder for fresh flowers is today's fun-project for boys and girls. It is a three-sided screen featuring pictures of movie stars. Hidden inside the completed screen is a water glass which holds the flowers as in Figure 2.

If you have actual photos of your favorite performers, by all means use them, but in the absence of real photographs, pictures clipped from magazines will do.

The three pictures should all be of the same size, such as five by seven inches. Cut three pieces of heavy cardboard one inch longer and one inch wider

than the photos. Glue the photos to these pieces. Apply colored mending tape to the top and bottom edges of each cardboard, then tape the pieces together at the sides to form

Tape the sides together the three-sided screen shown in Figure 1. Fill the glass with water. Set it inside the photo screen. Place the fresh-cut flowers in the glass.

State Optimist Conference Set At Neenah

International Vice President to Be Main Speaker

The international vice president of Optimist International will meet Friday and Saturday with more than 125 officials of Wisconsin District Optimist Board of Directors for a special program at Holiday Inn at Appleton.

Robert L. Hsibrink, international vice president, Minneapolis, will be the featured speaker at a dinner Saturday noon highlighting a day and a half of business sessions.

Open Session
New Wisconsin District Gov. Patrick L. Crooks, Wausau, will open the annual session at 9 a.m. Saturday.

Presidents, secretaries and treasurers of Optimist clubs throughout the state and the six district lieutenant governors will attend.

A meeting is scheduled for the district executive committee Friday evening after a hospital session marking the opening of the program.

Optimist Programs
A series of 10 special sessions are planned Saturday morning covering various phases of Optimist programming. Main emphasis will be on boys' work, community service, public relations and club building and membership.

A model service club meeting will be staged at noon with the address by Hsibrink.

The afternoon sessions will include adoption of the state budget, reports from district

Loan Closet Aid Offered To New London

Seek Storage Space For Items From Twin City Group

NEW LONDON—An assist in building up a medical loan closet was extended New London Tuesday by a Neenah-Menasha volunteer group.

The Visiting Nurse Association (VNA) from the Twin Cities offered City Nurse Mrs. Alice Murray the equipment if she could find a means of transporting it to New London.

Offered were an adjustable hospital bed, two that can be raised on one end only, a number of wooden wheel chairs and numerous small items necessary for home care of patients. Mrs. Murray said New London should make every attempt to procure the items and find a place to store them.

A possible location in the museum is too small for adequate storage.

Ald. Mrs. Grace Stern said the nurse is searching for a storage place. The matter will be brought before the council.

A loan closet was initiated about a month ago by the council with the purchase of three walkers. At the time, authorization was given to find a storage area.

Milwaukee Livestock

MILWAUKEE (AP)—Wednesday's cattle market closed steady; good to choice steers 25.00-27.00; good to choice heifers 21.00-26.00; standard Holstein steers 18.50-21.00; standard dairy and commercial heifers 18.00-19.00; utility cows 14.50-15.50; canners and cutters 12.50-14.00; commercial bulls 18.00-50; utility bulls 16.50-17.50.

Calves: Wednesday's market steady; good to choice 24.00-30.00; common 20.00-24.00; culls 16.00-20.00.

Hogs: Wednesday's market 50 lower; lightweight butchers 23.00-24.00; heavyweights 22.00-23.00; light sows 20.00-22.00; heavyweights 18.00-19.50; boars 14.00-15.00.

Sheep and lambs: Wednesday's market closed steady; good to choice 21.00-25.00; common to utility 17.00-21.00; culls 15.00-17.00; ewes 5.00-6.00; bucks 4.00-5.00.

Chicago Potatoes

Return of Rainy Weather Bodes Damp Weekend

By THE ASSOCIATED PRESS

Showers have scheduled a return appearance in Wisconsin tonight and Friday, with indications that a damp weekend is in prospect.

A thundershower was reported at Eau Claire this morning. Prior to 7 a.m. a trace of rain was recorded at Lone Rock, La Crosse and in the Beloit region.

Temperatures during the night ranged from 49 in the Superior area to 64 at La Crosse. Park Falls had 51, Green Bay and Wausau 57, Madison 59, Milwaukee 60, Eau Claire 61 and Lone Rock and Racine 63.

Maximum temperatures Wednesday were in the 80s and high 70s, with Green Bay setting the high of 85. Park Falls was the coolest place with 76.

Blythe, Calif., set the national high of 115 degrees Wednesday, compared with the low of 39 at Stampede Pass, Wash., early today.

Marriage Licenses

Outagamie County—Clerk Mollie Pfeffer has issued licenses to:

John R. Dengel, 1719 N. Morrison, Appleton, and Janice Ann LeClair, 1812 N. Oneida, Appleton.

James Edward Becher, 1618 W. Lawrence, Appleton, and Lynn Marie Anderson, 1722 S. Oneida, Appleton.

John N. Kroner, 140 E. Walnut, Seymour, and Jean M. Garson, route 1, Seymour.

Waupaca County—Clerk Robert Backer has issued licenses to:

Richard E. Jelinski, 825 Maple St., Neenah, and Linda M. Moses, 503 Fifth St., Waupaca.

James M. Ayward, 184 Roberts St., Clintonville, and Jennifer J. Etheridge, 920 Potter Lane, Nashville, Tenn.

Winneshago County—Clerk Dorothy L. Propp has issued licenses to:

Alan P. Tegelman, 422 Seventh St., Winneconne, and Patricia J. Olson, route 1, Larsen.

Douglas J. Cottrell, 116 Rickers Bay, Neenah, and Carol J. Walbrun, 317 Lisbon Ave., Menasha.

Outagamie May Get Aid For Runway

FFA Will Give Its Decision When Funds Allocated

OSHKOSH—Outagamie County will learn on Aug. 20 whether it has received Federal Aviation Agency (FAA) approval of its request for funds for the construction of a crosswind runway at the new county airport.

James Popp, of the FAA's Minneapolis office, told a Post-Crescent reporter here Wednesday, that the proposed project has been fully considered and the federal agency's decision will be announced when it makes financial allocations on Aug. 20.

He said "it is very probable" that the FAA will approve a 5,200 by 100-foot northeast-southwest runway.

Port Aid Hearing
A hearing on Outagamie County's request for federal and state aid on the proposed project was held in the Outagamie County courthouse early last year. Fritz Wolf, hearing examiner for the Wisconsin Aeronautics Commission, said privately Wednesday, that he approved Outagamie County's request and forwarded it to the FAA along with a recommendation that a 5,200 foot crosswind runway be built.

Wolf and Popp were here for a preliminary hearing on a Winebago County request for aid in a proposed extensive improvement and enlargement program for the Winebago County Airport at Oshkosh.

Once Outagamie County receives its expected approval of the crosswind runway, it is likely that an additional request will be made for aid for expansion of the present and-or the crosswind runway to 6,500 feet and for additional land purchases.

Births Elsewhere
Daughter to Mr. and Mrs. Marvin Bougie, West DePere. Grandparents are Mr. and Mrs. Jake Lamers, route 4, Appleton.

Daughter to Lt. and Mrs. James R. Long, Wiesbaden, Germany. Grandparents are Mr. and Mrs. Walter Long, route 1, Appleton.

Daughter to Mr. and Mrs. Peter E. Thomsen, San Mateo, Calif. Grandparents are Mrs. and Mrs. Oliver M. Thomsen, 1069 Congress St., Neenah.

Daughter to Mr. and Mrs. Fred Engebretson, Stevens Point. Maternal grandparents are Mr. and Mrs. Milton Seehafer, 213 N. Main St., Clintonville.

Stock Market Trading Quiet

Change in Key Issues Remains Mostly Fractional

NEW YORK (AP)—Stock market prices moved in a narrow range in quiet trading early this afternoon.

Gains and losses of key issues were mostly fractional.

Trading was sluggish for the third straight day. In the first hour, only 780,000 shares crossed the ticker tape, compared with 820,000 Wednesday, when the day's total of 3.03 million was the lowest since Aug. 2, 1963.

The market had no news developments to stimulate it and was following the pattern which has prevailed the last two days, when moderate losses were registered.

Reports of big June sales by major retail chains failed to spark the mail order-retail issues, which showed only minor changes.

Aircraft were the only group solidly in the plus column with United Aircraft gaining about a point and Boeing, Douglas and General Dynamics picking up fractions.

The Associated Press 60-stock average at noon was ahead a minimal .1 at 320.1 with industrials off 1, rails unchanged and utilities up .3.

The Dow Jones average of 30 industrials at noon was off .93 at 869.84.

Start Negotiation For Art Gallery Site

Appleton Group Makes Plans For Fund, Member Campaigns

A permanent home for the Appleton Gallery of Arts has come a step closer to reality as the AGA building committee, headed by Bernard F. Smith, 280 River Drive, has started negotiations for the purchase of a building.

Incidental to the negotiations, the AGA is making plans for an intensive campaign for funds and members.

Smith's committee consists of Phillip Sealy, AGA president; Fred Schmidt and Ralph Davis.

5 Years Old
The AGA was founded five years ago under the direction of Mr. and Mrs. O. Reynolds Steinert and Mr. and Mrs. Chris Borggren with a nucleus of 13 members. The AGA now has a membership of 140.

While the chief interest in the AGA is to provide a meeting ground for operating artists and craftsmen, the organization also includes persons who may not have artistic talent but who have an appreciation for the arts and who enjoy associating with artists.

The fast growing membership has caused the AGA to outgrow its previous meeting places. It

State Senate Aims At Proposed Surtax

Republican Majority Plots Major Revision of Assembly's Tax and Budget Provision

BY HARVEY BRUESCHER

MADISON (AP) — The outcome was known but Senate debate was just beginning today on a budget-tax bill the Republican majority has marked for major revision.

A surtax provision in the Assembly-approved measure was the main GOP target. Republicans claimed the votes to wipe it out and substitute an income and sales tax combination that has the blessing of Gov. Warren P. Knowles.

The Republican tax amendment would raise \$105.4 million in the biennium, enough to balance \$89.3 million in spending

and leave what supporters describe as a "modest" surplus.

A one-fifth of one per cent increase in income tax rates would net \$46.3 million of the total. Earnings below \$2,000 would be spared and the top rate would remain 10 per cent on income over \$14,000.

Wisconsin's 3 per cent sales tax would be extended to all items other than food, clothing, drugs and most personal and professional services to raise \$33.8 million. The rest of the money would come from a two-cent pack boost in cigarette taxes, a franchise tax on banking institutions and other corporations and a doubling of the \$1 a barrel tax on beer.

The budget-tax bill passed last week by the Democratic-controlled Assembly would set an \$822.5 million state budget for the two-year period that began July 1 and provides \$85.4 million in surtaxes to balance it.

Saved

The budget increase in the Republican-sponsored measure results from the addition of \$6.1 million to finance a switch to a

simplified form for filing income taxes and \$10.7 million to reduce personal property taxes 10 per cent.

Republicans control the Senate 20-13 and it was the Democratic minority that asked Wednesday that the start of debate be of additional amendments.

Republicans consented. But GOP floor leader Robert Knowles of New Richmond served notice his party would not permit any major tampering by Democrats.

Last time we offered essentially this same tax bill and you chided us for introducing a sham," Knowles told the minority. He added:

"Your party says it will not compromise on sales taxes. Well, we also serve notice that we will stand by this amendment and that we feel it leaves no room for bargaining."

The tough talk on both sides had deadlocked state government on the major issue of finances for a month.

convinced the Welfare Department was throwing away money to "make things easy" for the inmates.

"If this policy continues we'll need guards to keep the boys out," he said.

Sen. Clifford Krueger, R-Merrill, and others favoring the proposal said it would save tax money by cutting down on the number of miles northern police officers now have to drive to bring boys to the southeastern Wisconsin schools.

The Senate passed a bill appropriating \$47,446 to meet a deficit in the state fund to finance medical care to the aged. It killed a bill that would have prevented cosmetologists from cutting the hair of male customers.

In the Assembly, a Senate-approved bill that would reserve all inner parking spaces around

Some Favor Wales, Plymouth

Senate Okays Delinquent Boys' Training School in North of State

MADISON AP—The establishment of a northern Wisconsin training school for delinquent boys estimated to cost \$5 million has been approved by the state Senate and sent to the Assembly.

The vote Wednesday on a bill, which requires the school be built north of a line between La Crosse and Manitowoc, was 25-5.

Republican Sens. Chester Dempsey of Hartland and Er-

nest Keppler of Sheboygan and Democratic Sens. Taylor Benson of Franksville, Casimir Kendzioriski of Milwaukee and Joseph Lourigan of Kenosha were the only dissenters.

Dempsey said the proposed location was "very, very poor planning on the part of the Welfare Department," which would be in charge of the institution. He argued that expanding existing schools at Wales and near Plymouth would provide additional space at less cost.

Things Made Easy

Keppler said he had visited the school near Plymouth recently, and had come away

Capitol Square for state legislators was passed and sent to the governor. The vote was 61-38.

Rambler to Distribute \$7.8 Million Payroll

MILWAUKEE (AP)—American Motors Corp. will pay out \$7.8 million to its employees in Kenosha and Milwaukee today and Friday in vacation and progress-sharing bonus checks in addition to regular weekly paychecks.

The sum includes the normal two-week vacation pay for the period starting July 19 and up to an extra week in vacation as a progress-sharing bonus.

The firm, maker of Rambler automobiles, will change over its production during the vacation period in order to begin turning out 1966 models Aug. 2.

Youth Ruled Incompetent In Killing of Parents, Sister

CHICAGO (AP) — Coguardians have been appointed for Harrison Crouse, 18, who has been ruled mentally incompetent to stand trial on a charge of killing his parents and sister.

Judge James M. Corcoran of Circuit Court Wednesday appointed Crouse's maternal grandfather, Carlton Harris, 70, of St. Petersburg, Fla., and the youth's uncle, Lamont Crouse, 53, of Orion, Ill., coguardians.

Crouse was charged with murder in the Jan. 2 shooting of his parents, Morris and Norma Crouse, both 47, and his sister, Sally, 16.

Crouse admitted he shot his family with a 22-caliber rifle in the family's home in Wilmette, a fashionable suburb north of Chicago. Crouse, who was home on Christmas vacation

Great Plains Get Relief From Storm Lashing

Tornado Hits Farm Area of New York Damaging Buildings

Violent thunderstorms raked many areas. A tornado hit Curriers, a farming community of 150 in western New York, damaging buildings and disrupting communications. Strong winds also damaged buildings, uprooted trees and cut power and telephone service in Chautauque County. No injuries were reported.

Heavy rain fell in some areas in the warm and humid air from the Virginias to the east and central Gulf Coast region. Nearly two inches of rain doused Huntsville, Ala., in a 30-minute period and more than two inches fell in Sanford, Fla. Fairly heavy rain also was reported in western Pennsylvania and parts of Tennessee.

Winds Hit Nebraska

Wind gusts up to 80 m.p.h. lashed Colby, in extreme northwestern Kansas, in a severe thunderstorm. Heavy rain and strong winds also hit areas in southwestern sections of Nebraska, North Dakota and Montana.

Light showers continued in the western Rockies but generally clear skies were reported in most other parts of the nation.

Summer's hottest weather covered wide areas from Texas to the interior valleys of California into the interior sections of the Pacific Northwest. The mercury soared to near 100 degrees and higher in many cities Wednesday. Top mark was 115 at Blythe, Calif., which reported a drop to 99 late Wednesday night. Coolest spots today were in northern sections of Minnesota and North Dakota with temperatures in the upper 40s.

Congress Still Deadlocked on Foreign Aid Bill

WASHINGTON (AP) — Senate and House conferees are still deadlocked on the foreign aid authorization bill.

The conferees have been arguing for weeks over the Senate bill's provision for a two-year, \$3.24-billion-a-year authorization with a two-year deadline to terminate the program in its present form.

Sen. J. W. Fulbright, D-Ark., head of the Senate conferees, said Wednesday his group is standing fast on the two-year provision, but the House conferees are just as adamant in support of a one-year authorization with no termination provision.

They have reached tentative agreement on a \$3.36 billion level, but whether for one year or two is still the main point at issue.

Another meeting is scheduled for Tuesday.

Ball Plans Meeting With French Minister

WASHINGTON (AP) — Undersecretary of State George W. Ball leaves Friday for a meeting next Monday in Paris with French Foreign Minister Maurice Couve de Murville.

Ball also will attend the regular meeting of the North Atlantic council the following day, the State Department announced Wednesday.

Restriction on Menominee Stock Okayed

MADISON (AP) — The Wisconsin Assembly approved a Senate bill today that would extend another five years restriction on the sale of Menominee Enterprises Inc. stock.

The firm owns about 95 per cent of Menominee County land and Indians living in the county hold the stock. The bill was passed 93-5.

Assemblyman Herbert Grover, D-Shawano, said passage of the proposal would prevent piecemeal sale "of the most beautiful forest land in Wisconsin."

The current restriction on sale of the stock would end in January, 1966 and the company's board of directors could vote to sell the land. The state holds the sole option but Grover said he didn't want Wisconsin to exercise it.

A Senate bill that would reserve all inner parking spaces on Capitol Square for state legislators was approved and sent to the governor. The vote was 61-38.

Milwaukee Man Killed in Fall

MILWAUKEE (AP) — A roofer was injured fatally Wednesday in a 40-foot fall.

Police said George J. Semon, 30, Milwaukee, was placing waterproofing material on the roof of the Crucible Steel Castings Co. when he slipped through an opening and plunged to the floor of the plant. He died an hour later in a hospital.

Barbee Asks Funds be Held From Milwaukee Schools

MILWAUKEE (AP)—Assemblyman Lloyd A. Barbee, only Negro member of the Wisconsin Legislature, asked federal officials Wednesday to withhold all funds from Milwaukee public schools in a continuing integration dispute.

Barbee charged the Milwaukee School Board was practicing "blatant and rank discrimination."

The Milwaukee Democrat lodged his complaint in a letter to Anthony J. Celebrezze, secretary of the Department of Health, Education and Welfare. He sent a copy to U.S. Education Commissioner Francis Keppel.

John Foley, newly elected president of the school board, declined comment, saying Barbee's charges were similar to those contained in a suit now pending in U.S. District Court. Barbee is one of the attorneys in the discrimination suit, filed on behalf of a group of Negro and white pupils.

New Troops Guard Against Red Attack

Beefed Up Communist Forces in Viet Nam Threaten Major Thrust

WASHINGTON (AP) — The landing of 8,000 more Marines in South Viet Nam was a move to "play it safe" and strengthen U.S. forces against a possible major thrust by beefed up Communist troops, military sources said today.

The action was not prompted by any specific emergency situation, the sources said.

Intensive Communist activity in the central highlands of Viet Nam, coupled with indications that the equivalent of a North Vietnamese army division may be spread through the area, has caused concern.

If the Reds should mount an assault with seven to 10 battalions against one of the U.S. enclaves along the South China Sea coast, the sources said, they might cause considerable havoc.

They claimed there is no hidden significance to the general's trip — that it is mainly for the rest and a few days with his family in Honolulu.

As the U.S. buildup in Viet Nam continued, House Republican Leader Gerald R. Ford said Wednesday the United States should bomb Soviet-built missile sites in North Viet Nam.

Ford told a news conference: "Sites designed for firing surface to air missiles should be knocked out by United States air superiority before the enemy uses the weapons against the side of freedom."

George E. Reedy, White House press secretary, asked about Ford's call for hitting the bases, said "of course the congressman is speaking as a member of Congress, an equal and coordinate branch of government."

Westmoreland Requests

It was learned that Gen. William C. Westmoreland, the top U.S. commander in Viet Nam, asked for the additional Marines from Okinawa because they could be brought in quickly. He said Wednesday that more "substantial confrontations" could be expected before long.

More Army troops are on their way to Viet Nam from the United States but are not due for a while yet.

Both military and civilian officials pointed to Westmoreland's current visit to Hawaii as an indicator that no imminent crisis is expected in Viet Nam.

Eau Claire Man to be Named U. S. Attorney

WASHINGTON (AP)—President Johnson announced today his intention to appoint Edmund A. Nix of Eau Claire, Wis., U.S. attorney for the western district of Wisconsin. He would succeed Nathan S. Heffernan, who resigned.

Nix, a graduate of the University of Wisconsin Law School, formerly was prosecuting attorney for Eau Claire County, Wis. Heffernan is presently a member of the Wisconsin Supreme Court.

Parties Plan War on Reserve Unity Proposal

House Committee Argues Viet Nam Justifies Branches

BY ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — A powerful coalition of Democrats and Republicans on the House Armed Services Committee is going to wage all-out war against Defense Secretary McNamara's proposal to merge the military reserves and National Guard.

Headed by Representatives F. Edward Hebert, D-La., and Bob Wilson, R-Calif., the legislators plan to launch their campaign when McNamara appears before their committee this month in support of the controversial merger.

The strategy of the Hebert-Wilson group, as worked out at a private meeting, is based on the battle theme that the reserves should remain separate because of the increasing U. S. military commitment in Viet Nam.

Instead of reducing and merging reserve units which the U. S. may soon be forced to use in Viet Nam or other crisis spots, the legislators will argue, McNamara should be improving the combat readiness of both the reserves and National Guard.

Budget Weakness

The lawmakers' offensive will strike where McNamara is most vulnerable — his failure to budget or plan for an expanded ground and air war against the North Vietnamese and Communist Viet Cong.

This unexplained gamble, which is seriously limiting the military options there, is being investigated by Senator John Stennis' Armed Services Preparedness Subcommittee.

Stennis, expected to lead the fight in the Senate against McNamara's merger plan, is so shocked by the defense secretary's preparation blunder that he is urging the President to immediately boost the defense budget request by \$2 billion.

According to Stennis, his subcommittee's tentative findings indicate the extra money is needed now to replace military equipment being lost in Viet Nam and diverted from other U. S. forces and military stockpiles.

Being Prepared

The Hebert-Wilson group, with the full backing of Representative L. Mendel Rivers, D-S.C., chairman of the Armed Services Committee, will draw heavily on U. S. experiences in the Korean war to make their case.

During the inconclusive ground war, the U. S. called up 150,000 reserve officers for duty and sent two National Guard divisions to the front lines in Korea. Two more Guard divisions were stationed in Europe to ward off a Soviet move against West Berlin. Another two divisions were mobilized and kept in the U. S. for emergency deployment.

The legislators will argue that McNamara's own intelligence warns of a possible North Korean-Chinese Communist move in South Korea where two U. S. divisions are stationed under the U. N. flag.

Additional Provisions

To bolster these crack fighting men in the event of a large-scale Red attack, the Joint Chiefs of Staff have contingency plans for committing three additional U. S. divisions. With the South Korean army of 500,000, the Joint Chiefs believe this force could withstand a major Communist assault for three months.

This commitment and the troop demands for South Viet Nam and the Dominican Republic would deplete U. S. strategic reserves and force mobilization of both National Guard and reserve units.

With Moscow and Peking talking tougher each day, the legislators will contend that the U. S. must be ready to meet such an emergency. But the McNamara plan, they argue, is not the way to do it as it would reduce combined reserve and their total manpower by more than 150,000.

Coming Battle

In preparation for the legislative fight the Hebert-Wilson forces have succeeded in getting House approval of separate appropriations for the reserves and National Guard in the defense budget "pending their legislative action." The Senate

is expected to follow the House lead.

With McNamara's admission that he needs legislative approval for his merger, the showdown could touch off a full-scale debate on the defense secretary's handling of the Viet Nam war as well as his stewardship of the Defense Department.

The first objective of the Hebert-Wilson group will be to get the Armed Services Committee to reject McNamara's merger plan. Their nose count of members has convinced them this is within their grasp.

Oppose Merger

The committee hearings, over which Hebert will preside, will be aimed at rallying support for the House floor battle and convincing Democratic leaders that they should join the opposition to the merger.

The course the Viet Nam fighting takes during the next 30 days could well decide the fate of McNamara's merger proposal and possibly his status in the Johnson Cabinet.

A Defense Department report to the Senate Armed Services Committee estimates there are now 370,000 in the Army National Guard, 270,000 in Army Reserve units, 75,657 in the Air National Guard, and 52,000 in the Air Reserve. If the House approves present plans, the U. S. will have more than 100,000 troops in Viet Nam by August 1. Of this total an estimated 40,000 will be combat troops.

(Copyright, 1965)

Bite Is Worse Than Bark

JOHANNESBURG, South Africa (AP) — The Rhodesian Ridgeback, a dog once used in this country for lion fighting, is a regular South African export to countries all over the world.

William Howard, treasurer of the local Witwatersrand Kennel Club, said ridgebacks are firmly established today in the United States, Canada, Britain, Australia, New Zealand and Japan.

"The explanation is simple enough," Howard said. "They are hardy and durable. I once had doubts about them standing up to the cold of the Canadian winters. But not only have they done that—they have shown, when they have been out with parties of hunters, that they are the only dogs prepared to stand up to a grizzly bear."

"In the beginning it was not easy to get ridgebacks recognized in the United States. But today they are recognized by the Kennel Club of America."

In the United States ridgebacks are sold for about \$1,000. Backs are sold for about \$300 to \$400 apiece, Howard says.

The name "ridgeback" is derived from the thin line of hair which stands upright on the dog's back. Ridgebacks are large yellow dogs noted for courage and ferocity. Hunters in Africa once used them in packs to rout lions out of underbrush.

County Supervisors May Be Given More Mileage Allowance

MADISON—A bill to permit members of county boards who are paid on an annual salary basis to collect mileage reimbursement for two committee meetings in a single day, instead of one as under present law, was introduced at the request of Brown County, a senate committee learned Tuesday.

Assemblyman Cletus Vanderperren of the county gave the explanation at a public senate committee hearing on a measure already approved by the assembly. He said it is common for members of county board committees in his county to be summoned to one meeting in the morning, and to another in the evening, and to return to their homes during the intervening time. The county corporation counsel has ruled that under such situations county board members can collect only one daily mileage account.

No. 00065 Was Caught after a break from the Cook County jail in Chicago. Warden Jack Johnson, right, admonishes Bernardo St. Bernard after the 150-pound, 15-month-old dog was recaptured following a break from jail where he was recently sentenced to a life term as prison mascot. Walter Malkowski, assistant warden, holds the fugitive. Warden Johnson ordered Bernardo's dog biscuits withheld for two days as penalty for the break. (AP Wirephoto)

U. S. Moving Toward Pact With Panama on New Canal

Unfair Treatment Is Claimed Under Zone Treaty of 1903

BY WILLIAM L. RYAN

WASHINGTON (AP) — The United States, anxious to convert what has been a propaganda liability into an asset, is moving carefully but purposefully toward agreement with Panama on a new Canal Zone treaty.

U.S. and Panamanian sources say it is extremely important that current negotiations produce clear prospects of agreement soon, so that recent cordial relations do not suffer a new setback.

The Panamanian National Assembly reconvenes Oct. 1. President Marco A. Robles will be obliged to touch on the negotiations in his state of the union speech. If there is no clear sign of progress, hot nationalist tempers are likely to flare up.

Both Robles and U.S. negotiators say they are optimistic. Robles says he expects in his administration—he took office last October for four years—to sign a new canal treaty with the United States.

Special Envoy President Johnson last April named John N. Irwin his special representative in the negotiations, to serve as an alternate to special Ambassador Robert B. Anderson, who was Treasury secretary under President Dwight D. Eisenhower. Anderson was appointed last December when Johnson notified Panama the United States was ready to negotiate a new treaty to the present canal and seek a site for a new sea-level one.

Panama remained tranquil during the Dominican Republic crisis despite efforts of extremists to stir up violence on that issue. But regarding the canal, it would take only a small incident to move crowds into the streets. Many Panamanians claim they were treated unfairly under the 1903 treaty. The very existence of the Canal Zone is a convenient handle for agitators.

January Rioting Resentment about the zone culminated in January 1964, in rioting which left 19 Panamanians and four North Americans dead. The issue involved display of U.S. and Panamanian flags. Before it was resolved, ultra-nationalists and leftist agitators had jumped into the fray for four days of rioting. Relations to Panamanians in the zone,

U.S. purchases in Panama and the influx of U.S. dollars in connection with operation of the canal.

New Canal

Panamanian officials say they are confident that when the time comes to build a new sea-level canal, Panama will be chosen. There are other possibilities: Colombia, Nicaragua or possibly Costa Rica.

There will be no decision until mid-1968 when a special commission reports its findings. But eventually, the present canal, with limiting locks and channels, will be unable to handle the volume of the huge modern ships seeking passage across the isthmus.

Dedication of State Capital 50 Years Late

MADISON (AP) — The Wisconsin Capitol was slated to be dedicated Wednesday half a century behind schedule. Formal dedication ceremonies were overlooked when the Statehouse was completed in 1915. After a restoration and cleaning project in the last year, the christening was set for today with Gov. Warren P. Knowles and other state officials presiding.

Both sides are being careful. There are some potentially explosive factors involved. Almost 25 per cent of the labor force is on unemployment lists in the cities of Panama and Colon, at either end of the canal. This provides an emotionally charged situation.

U. S. Attitude A generous U.S. attitude in the negotiations, say North Americans on the scene, could pry propaganda weapons from the hands of the agitators.

Panama wants acknowledgment of her sovereignty over the zone, an area 10-miles wide and 50-miles long. She wants a time limit on the provision which now gives the United States control in perpetuity. This is a sore issue in Panama. The United States is inclined to go along with the general idea.

The Panama Canal is important to the country. It gets an annual annuity of about \$2 million under the treaty, but the indirect income amounts to nearly \$110 million, or more than \$20 million above the current total Panamanian budget. The benefits come from wages to Panamanians in the zone,

Unlawful Practice Charges Abound

CHICAGO (AP) — The Federal Trade Commission marks its 50th anniversary this year with a total of 38,500 corporations and businessmen charged with unlawful practices.

Commerce Clearing House says over the period, more than 9,400 formal complaints were issued, most of them ending in cease-and-desist orders.

Also, thousands of stipulations have been negotiated with persons who have agreed to discontinue questioned practices without formal charges being made against them.

Tractor Pulling Test Set at Dale's Annual Homecoming

DALE — This little community may experience a brief population explosion this weekend when visitors help celebrate the annual homecoming at Dale Community Park.

The tractor pulling contest, scheduled Saturday morning, annually draws about 1,500 persons according to Don Breyer, director of the Dale Community Club which is sponsoring the weekend. Breyer said more than 50 tractors will be entered from throughout the state for a cash prize of about \$125.

The tractors will pull weight on a concrete slab from a standstill, a method pioneered by Dale about 10 years ago. The contest involves continuous pulling, adding weights while the tractor is moving. Chicken will be charcoal broiled at the park for the barbecue Sunday starting at 11 a.m.

Two free shows will be moderated by Rusty Hagen, Hortonville, at 3 p.m. and 9 p.m. Sunday. On the billing are the Varju Brothers, a comedy impressions and harmonica act; Jack Rand, a musical act, and the five Julindas, a family acrobatic act.

Free dancing is scheduled for Saturday and Sunday evenings. Proceeds from the homecoming will be used for the upkeep of the community park, Breyer contest involves continuous pulling, adding weights while the tractor is moving.

Dandruff Can be Result Of Numerous Factors

BY JOSEPH MOLNER, M.D.

Dear Dr. Molner: What can I do to get rid of dandruff? I have tried all sorts of shampoos but my scalp still becomes itchy and it scales when I scratch.—M.S.M.

Dandruff doesn't seem to be as "popular" a complaint as it used to be. There may be a reason.

I can remember years ago when people seemed to be as concerned over dandruff as they

Molner

now are over drinking men's diets, cholesterol and cancer. One popular remedy—remember it? It was a mange cure.

But while we may not be as preoccupied with the subject, dandruff is a fairly common problem. Let's examine what dandruff really is. It is a flaking of the outer layers of skin in the scalp. That's what those white specks are—skin, in tiny particles.

The cause won't be the same in all cases, so neither will the remedy. Usually, dandruff is associated with excessive secretion of oil glands in the scalp. A scaliness results and it

in turn produces itching. So you scratch. And the skin flakes.

As a rule one of the readily available shampoos takes care of the condition. However, keep this in mind: With a good deal of scratching, the skin can become broken, allowing little infections to start—sometimes bacteria, sometimes fungus. And that, naturally, makes the whole condition worse.

Antiseptic shampoos (tincture of green soap, for one) may help, although the high alcohol content may produce excessive dryness, so it's better not to use them for too long a time.

Another cause is some disturbance in the acid-base balance of the skin. The scalp becomes overly alkaline and the use of a mildly acid rinse is required.

In still other cases a reduction of fats in the diet is thought to be helpful. And at times a disturbance in thyroid activity is present and needs to be corrected. Thyroid imbalance, in my opinion, causes sufficient mischief so that people as well as physicians should be alert to it as a possibility, in a variety of conditions.

So, M.S.M., I haven't given you a simple, sure-fire solution to your dandruff problem, because there isn't any single answer for all cases, but I've given you clues as to the most frequent causes.

In a case as stubborn as yours, you will get quickest relief at the least total cost and effort by consulting a dermatologist. Special prescriptions may be necessary.

Dear Dr. Molner: I am a 16-year-old girl and very much against sharing a bedroom with my 12-year-old sister. I am willing to move into our basement, which is absolutely clean and not musty at all, and the partitioned room where I would sleep has tile floors and a paneled wall. There's a dehumidifier and the air is dry and pleasant. My mother still thinks it would be unhealthy for me and says I will get rheumatism. Our action depends on your decision.—G.P.

All youngsters, especially teenagers, should have rooms of their own if possible. Sometimes it isn't, in which case they should make the best of things. But from your description of the basement room, I can't see any chance of any harm to you.

Note to "Akron Mother" (I withheld even your initials): I don't want to guess about your

four-year-old boy, but I DO wish you would have him examined at a child guidance center or by a child psychiatrist. I do NOT imply that he is mentally ill. But I have a suspicion that he may have a neurological disorder which needs expert diagnosis.

For facts about the total health of you and each member of your family, Dr. Joseph G. Molner's new book, "Stay Well Every Year of Your Life," (\$5.95) is now available at bookstores, or Prentice-Hall, Englewood Cliffs, N.J.

Old Defender Case Stars in Reruns Today

BY TV SCOUT

9-10 (Channel 2)—The Defenders' "The Pill Man" is a highly dramatic episode which takes a hard, strong look at drug addiction. Case centers on drug-addict Douglas Campbell who has been giving his addict wife, Teresa Wright, full supply to satisfy her habit. Repeat

8:30-7:30 (Channel 4-5)—Daniel Boone has a scalp raiser, with guest Pat Hingle giving a vivid performance as the season's meanest villain. Repeat

7-8 (Channel 2)—"The Case of the Posthumous Painter," which was first presented on Perry Mason in 1961, is a vintage, but sketchy, whodunit concerning the slaying of an artist who had faked a suicide to boost the value of his paintings. Repeat

7:30-8:30 (Channel 4-5)—It's a good thing Dr. Kildare's nothing episode, "Speak Not in Angry Whispers," had good performances from Lois Nettleton and Gerald O'Loughlin. Otherwise, it would be obvious that what passes for a story is a tired rewrite of Medical Plot 1A. Repeat

8-8:30 (Channel 11)—Bewitched has a highly amusing, imaginative show with "The Cat's Meow." Dick York is convinced that the Siamese which keeps following him and cosmic queen Martha Hyer around is none other than wife Elizabeth Montgomery. Repeat

8:30-9 (Channel 4-5)—Hazel has a funny episode during which Shirley Booth tries to play Pygmalion for love-stricken Alice Pearce, hopeless infatuated with Mario Siletti. (COLOR) Repeat

8:30-9 (Channel 11)—After the busy business Tuesday on Peyton Place, everybody, save one, is apologizing. Everybody, except Kim, the silent spy, who

This Time Soprano Maria Callas was congratulated by her two male leads, Tito Gobbi, left, and Renato Cioni after her great performance in Tosca before Queen Elizabeth II. Despite ailments that caused her to cancel three of her

four performances at Covent Garden Opera House, she won a tremendous ovation and 11 final curtain calls from the royal party and diamond-studded audience. (AP Wirephoto)

Let's EXPLORE YOUR MIND

By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

False. The abolition of poverty would require basic changes in the attitudes, the competencies and the discipline of the poor. In other words, to eliminate poverty we would have to force, pressure, manipulate, "educate" or otherwise influence millions of people into becoming what they do not want to be. We understandably shrink from this task, partly because it is so formidable, and partly because we are not sure that we ought to push people into becoming what they don't want to be, even for their own good.

Is gossip a form of advice? Yes— No— Yes. Gossip about a person is

a kind of advice on how you ought to act toward that person. Talk about how such and such a store is offering things at a tremendous bargain is interference by some advice to buy, and they may flock there. Gossip that a new highway is going through a particular locality may be interpreted as advice to invest in real estate there and drive prices sky high. Gossip is dangerous, partly because it is advice upon which some people are all too ready to act.

Ronny Daytona Combo Coming to Appleton

Popular Nashville Entertainers Among 'Shower of Stars' Booked at Teen Club

BY JINGO

G.T.O. is an ambivalent term among the teen-age set. It is, perhaps first of all, an automotive dream that causes heads to spin on the public byways. It also is the name of a record—and an album—by Ronny and The Daytonas. In both contexts G.T.O. is spelled B.I.G.I.

Jingo

Whether the Detroit model will be evidence or not, G.T.O. has become a piece of local enthusiasm, because the Nashville, Tenn., version is going to make an appearance at the thriving dry-night club, The Knight, on W. Wisconsin Avenue, next week.

On Tuesday the establishment of Host Jerry Cole will become the Mecca for Fox Cities teenagers and even conservative estimates set probable attendance figures close to full regimental strength.

While The Daytonas are likely to rent the air with what is accepted as teen-age music, there are indications that the program also will contain more readily accepted harmonies as well.

Veteran at 18
Ronny Daytona is an 18-year-old "veteran." While in high school he obtained a position as a staff guitarist in a Nashville radio station. He also organized a band and played for high school dances.

The combo was discovered by Bill Justis, Nashville's major discoverer, and G.T.O. was born on Justis' tape. The rest is history as The Daytonas started the circuit of radio, stage and TV one-nighters.

While it would seem The Daytonas would be enough of a treat for the teen club rounders, Jerry Cole's policy at The Knight demands continuous en-

tertainment of the highest order. Therefore Ronny will only headline a "Shower of Stars."

First Appearance
"Stars" is a rather ambiguous term, of course, especially when you consider that one of the acts in the "Shower" is making its first appearance in the area.

However, Little Eddie and The Rejects with their canary Miss Elaine A Go Go have made quite a name for themselves in the Stevens Point area. If Ronny and The Daytonas temper their wildness with some musical versatility, it is more than likely The Rejects will make up for the lapse into sanity.

Bob Miller

A more generally recognized area "star" in the "Shower" will be Bob Miller of Neenah. Miller is one of the Fox Cities' leading exponents of an art peculiar to this era of record hops. As all teen-agers know, Miller owns an extensive library of "sounds" and some good portable equipment. He has made his name by skipping hither and yon with the library and tables spreading noisy joy wherever he goes.

Keeping all of the fun going at a high—but decorous—pitch will be Sir Jerry himself as master of ceremonies.

Tuesday will offer another added attraction. The Knight's fluorescent patio will be opened for the business of watching vintage comedy shorts and cartoons. The patio is something of an innovation. It is lighted with "black light" which creates a most unique effect bouncing off the specially painted patio floor.

Boy Drives Auto Into Dry Riverbed
NEWBURY, Mass. (AP) — A car with Thomas Brown, 17, Byfield, and Henry Combellic, 19, Weston, veered off Orchard Street along the Parker River Sunday, glanced off a garage, tree and boulder and went into the river.

But they didn't get hurt — or even wet. The river was dry because of Massachusetts' long Knight demands continuous en-

The New Look — Green Bay's City Stadium's south end is now closed in with new seats and the picture above shows the new addition looking from the north. With wings added to the north ends by the east and west sides, the capacity has been raised to 50,837. The first "test" of the enlarged stadium will be the Bishop's Charities game between the Packers and Giants Saturday night, Aug. 14.

Clinton Nips Foxes, 2-1; Club Returns Home Friday

Freedom Blanks Navarino, 4-0, in Semi-Pro Tourney

Garsow Gets Only 3 Hits, but Manages 7-3 Win Over Symco

BY GEORGE MANCOSKY

Post-Crescent Staff Writer

MENASHA — Freedom and Garsow's snared first round triumphs in the Fox River Valley District Semi-Pro Baseball Tournament Wednesday night.

Larry Huebner's five-hitter and Jim Vande Wetering's three-run homer paced Freedom to a 4-0 verdict over Navarino.

Braves Record 5-2 Victory Over Houston

Ken Johnson Gets Seventh Triumph; Carty Is Standout

MILWAUKEE (AP) — Rico Carty slammed a home run and a run-scoring single and turned in a key fielding play Wednesday night, leading the slumped Milwaukee Braves to a 5-2 victory over Houston.

Carty also stroked a double that set up the Braves' first run off Houston starter Bob Bruce in the second inning.

Hank Aaron contributed his 15th home run for the Braves, who posted only their third victory in the last 12 games.

Seventh Victory
Braves starter Ken Johnson, making his first appearance against his old mates, picked up the victory, his seventh against

Turn to Page 11, Col. 3

in a snappy 1 hour, 38 minute game.

Garsow's was limited to three hits but managed a 7-3 decision over Symco in the nightcap. The contest was called after 7½ innings because of the 1 hour, 50 minute time limit.

Seymour, which bested Kaukauna in its opening game, will meet Clintonville at 6 p.m. today while Garsow's returns for an 8 p.m. encounter against Menasha.

Huebner scattered his five hits in the opener, rationing one an inning. He walked one, hit another batter and struck out nine. Freedom made nine hits off Jerry Rohm, who had three strikeouts, two walks and one hit batsman.

3-Run Inning

Huebner opened the 3-run third by being hit by a pitched ball. Rog Gerritts bunted safely and Vande Wetering planted a long shot over the right field fence.

Freedom's final run tallied in the sixth on Don Vande Wetering's triple and Ken Huebner's single.

Navarino posed its only threat in the sixth when Allen Porter walked and Arlyn Pies doubled. Porter neglected to tag third base, went back to the base and then was cut down at the plate attempting to score on the same play.

Danforth Homers

Bill Danforth homered in the last of the third to break a 2-2 tie in Garsow's win over Symco. The victors led from then on.

Tom Hildebrandt went the route for the winners and allowed eight hits, struck out 14

Pair of FC Hurlers Limit C-Sox To 4 Hits; Sepich Gets 2 Singles

CLINTON, Ia.—The Fox Cities Foxes succumbed to the 4-hit pitching of Curt Mielke and the Clinton C-Sox in a Midwest League game here Wednesday, 2-1.

Foxes' hurlers Steve Herman and Derrel Wilkerson limited the victors to only four hits as well, but walks proved to be the difference.

The Foxes and Clinton meet

The Fox Cities Foxes return home against the Waterloo Hawks Friday night to begin what could be called their longest homestand of the season. The Foxes engage Waterloo for three games, follow with three at Wisconsin Rapids (the Foxes will bus to Wisconsin Rapids daily for their games), and play host to Wisconsin Rapids and Cedar Rapids, each with 3-game sets, from July 15 to 20.

Bill Coniglair, brother of the Red Sox star, Tony, and the No. 1 draft choice of the Boston club in the recent baseball draft, will be coming to town with the Hawks.

The Foxes will play Friday and Saturday nights at 8 p.m. and will start Sunday, also at 8, in the annual Tavern Night affair. Fun and surprises are promised for fans Sunday night.

again here tonight with right-hander Hank Pawlowicz slated for mound duties. Pawlowicz, the most improved hurler on the Fox Cities' roster, carries a 5-8 mark into tonight's fray.

Lone Run In First

The Billy DeMars-managed contingent tallied its lone run in the first inning for a 1-0 lead.

John Sepich, who accounted for two of the four hits, beat out a bunt single and reached second on Herman's sacrifice. Sepich crossed the plate on Ken Gay's single.

Clinton concluded the game's scoring with its pair of runs in the sixth. Don Hurst walked and Bill Burns was safe on a fielder's choice when Herman

threw to second on Burns' bunt

attempt, but to no avail. Charlie Hendricks doubled down the left field line to score Hurst and the Clinton C-Sox in a Midwest League game here Wednesday, 2-1.

Herman, bothered by seven free passes in seven innings on the mound, worked out of a no-out, bases-loaded jam in the fourth by fanning two and retiring the side on a ground out.

Clinton's Mickey Vandehey, a \$50,000 bonus prize from Auburn, Wis., is on the C-Sox disabled list with a sore shoulder. Vandehey, a prep phenom in three sports, is batting a meager .166.

Cardenas' Homer Nips Dodgers, 7-6, as Reds Regain Top Spot in NL

Haller, Giants Halt Cardinals' 7-Game Success String, 4-2

By JIM HACKLEMAN

Associated Press Sports Writer

No. 100 didn't help, and 101 couldn't do it. So 84 became the magic number as Cincinnati again won .002 ahead of Los Angeles.

The Reds regained the National League lead by two percentage points Wednesday night when Leo Cardenas belted a home run with two out in the bottom of the ninth inning that provided a 7-6 victory over the Dodgers.

Cardenas' clinching blow was his third hit of the night and his 84th of the season. Earlier in the slugging match, Vada Pson's 100th hit had gone to waste, and so had Pete Roses' 101st.

It had appeared a romp for the Reds — against Sandy Koufax — when they shelled the prized left-hander for five runs in the first two innings. They finally chased Koufax, winner of eight straight, in the fifth but the Dodgers caught fire, and eventually caught up when Jim Lefebvre's two-run homer made it 6-6 in the eighth.

But Cardenas gave Cincinnati its second victory in the three-game set with his homer off Bob Miller in the ninth.

In other NL action — Tom Haller homered with two on in the 13th against Bob Gibson, lifting San Francisco to a 4-2 decision that ended St. Louis' winning string at seven games; Chris Short's three-hit pitching and Clay Dalrymple's eighth-

inning homer enabled Philadelphia to nip Pittsburgh 1-0; Rico Carty's hitting led Milwaukee over Houston 5-2, and Larry Jackson ran his lifetime record to 11-0 against New York as the Chicago Cubs beat the last-place Mets 8-3.

The anticipated pitching duel

Turn to Page 12, Col. 1

Palmer Eagles 17th to Pull Within 1 Shot

Tony Lema Adds 72 for 140 Total, Leads British Open

SOUTHPORT, England (AP) — Defending champion Tony Lema fired a one-under-par 72 for a score of 140 Thursday but Arnold Palmer turned loose one of his typical finishes to move within a single shot of the lead in the British open golf championship.

Scoring an eagle on the 17th green after a scrambling round, Palmer shot a 71 and went into a tie with Brian Huggett of Wales.

The diminutive Huggett, a member of Britain's Ryder Cup team, matched Lema's record-breaking 68 of the opening round.

Palmer, bidding for his third

Klippstein Stars As Twins Record 7th Win in Row

Cleveland Jolts White Sox in Twin Bill; Orioles Win, 1-0

By MIKE RATHET

Associated Press Sports Writer

Johnny Klippstein, who became a part of baseball history in 1956 when he pitched the front seven innings of the first three-man no-hitter, is one out away from pitching nine innings of no-hit ball without any assistance.

This time, however, his name won't make the record book.

The 37-year-old Minnesota reliever again played a vital role for the American League leading Twins Wednesday night, preserving their seventh consecutive victory with 3½ innings of no-hit pitching in a 5-2 victory over Boston.

A well-traveled veteran who started his baseball career in 1944 and is playing with his seventh major league team, Klippstein now has made three appearances during the Twins'

latest winning streak and has not allowed a hit in 8½ innings.

Feather in Cap

If he gets the next out, it will mean a feather in his cap but it won't get his name in the record book. That entry will have to rest with the 1956 game in which he pitched seven innings of no-hit ball for Cincinnati.

Klippstein surrendered seven walks and hit one batter in that history-making game against Milwaukee, and was unceremoniously yanked for a pinch hitter. Hersh Freeman and Joe Black kept the no-hitter going until the 10th before the Braves finally won 2-1 in the 11th.

Klippstein was purchased from Philadelphia last season and had an 0-4 reward despite an outstanding 1.96 earned run

Waupaca Golfer in Championship Flight

2 Share NEW Amateur Medalist Honor

WEST BEND — Frank Van Laanen, of Green Bay Oneida, and Reuben Erdman, Sheboygan Riverdale, shared medalist honors in the 18-hole qualifying round of the Northeastern Wisconsin Golf Association Amateur Golf Tournament at the Country Club course here Wednesday.

Reigning champion Tom Hadley, of Neenah's Ridgeway Country Club, did not enter the tournament. Only 48 golfers vied for berths in the Championship, President's and Director's Flights.

Dick Johnson, of Waupaca Country Club, was the only Fox Cities-area representative to qualify for the Championship Flight of 16. Johnson made the select group with an 81, the cut-off point for the upper echelon.

Wausau's Tom Weinkauff carded a 75 over the par 73 layout for runnerup honors. Other Championship qualifiers for the match play portion of the tourney were Hans Fischer, Riverdale, and Bob Rolfs, West Bend, 76; Bill Reiss, Pine Hills, 77; and Steve Szukowski, South Hills, 78; Jack Koeppler, Oneida

and Terry Aceto, West Bend, 79; Rick Backus, West Bend, 80; and Joe Harlow, West Bend, 81. Johnson, Stevens Point, Johnson and Dr. E. S. Brusky, Oneida, 81.

Eight entrants between 82 and 84 comprise the President's Flight with 85-87 shooters in the Directors Flight. Among those in the former are Jim Lohr, a former champion from Pine Hills, 82; Dick Spangenberg, Ridgeway, 82 and Tom Timmers, Butte des Morts, 83. Fox Valley's Bob Derus carded an 86 and clubmate Gene Ploetz posted an 87.

Three Ridgeway representatives and Butte des Morts' Dan Steinberg Jr., NEWGA secretary, advanced to the finals of the Senior Championship Flight. The Ridgeway members were Herb Stinski, Ray Doell and Elmer Selig.

Stinski ousted John Skeris, Riverdale, 2-1. Doell edged Ed Larson, Pine Hills, 1-up, while Selig trounced Les Zimmerman, Riverdale, 5-3. Steinberg nipped

West Bend's Royal Higgins, 1-up. The only area qualifier for the 8-man Junior Championship

field was Mike Guest, of Oshkosh, with 79. Stevens Point's Bruce Grasamske capped medal honors with a 77.

Froehling Upset By Bitsy Harrison

Fourth-Seeded Ron Holmberg Also Loses in Western Open

MILWAUKEE (AP) — Bitsy Harrison is mor emight than mite.

The rangy Virginian, serving with unexpected power, left third-seeded Frank Froehling reeling on the sidelines, victim of a blistering 6-1, 6-0 defeat as the nation's top amateur tennis players encountered a pack of problems Wednesday in the 80th Western Open Championships.

Fourth-seeded Ron Holmberg of Dallas was also upset. Seventh-seeded Cliff Richey trailed with match point at stake twice before rallying to win.

Dennis Ralston, ranked No. 1 in the country, ran into hot water not on the courts, but in the clubhouse as he headed for a whirlpool bath to soak a pulled leg muscle.

The 24-year-old Bitsy, actually

a towering player whose first name is John, all but pummeled Froehling off the court in their third round match.

His booming serves forced Froehling into defensive returns that allowed Harrison to charge the net and slam the ball back for repeated points.

Froehling, from Coral Gables, Fla., is ranked No. 4 in the nation. Harrison, from Richmond, Va., never was able to advance even to No. 1 player at the University of North Carolina. Now assistant tennis coach at West Point, he is rated No. 30 nationally.

Harrison will confront Butch Newman of San Antonio, Tex., today.

Holmberg, the nation's No. 6 player, led 20-year-old John Pickens of Tuscaloosa, Ala., 5-1 in the first set. Pickens went on to win the second round match 7-5, 6-4, and then handled Hugh Curry of Orlando, Fla., 7-5, 6-2.

Richey, also of Dallas, split his first two sets against Frank Tutvin of Miami Beach 6-3, 6-3, and trailed 4-5 in the third. But the 19-year-old Richey rebounded to capture the set 7-5.

Ralston, the 22-year-old Bakerville, Calif., star now under suspension from the U.S. Davis Cup team, disposed of two opponents, beating Upton Giles, Covington, La., 6-0, 6-1, and Les Sack, Clarksdale, Miss., 6-3, 6-4.

But Ralston's defending champion, underwent the whirlpool treatment afterwards because of a strained leg muscle, described as a minor but recurring ailment.

Second-seeded Arthur Ashe of Richmond, Va., the NCAA champion from UCLA, clipped Gary Rose, Berkeley, Calif., 6-2, 6-3, and Broham Summers of South Africa, 6-3, 8-6.

Fifth-seeded Clark Graebner of Beechwood, Ohio, and sixth-seeded Marty Riessen of Evanston, Ill., also advanced to the fourth round, along with the Bill Lenoir of Tucson, Ariz., seeded No. 12.

Udall Sets Seasons for Various Birds

WASHINGTON (AP) — Secretary of Interior Stewart L. Udall announced Thursday season lengths and shooting hours for various birds they included.

Woodcock—Within the outside dates of Sept. 1 through Jan. 30 each state in the Atlantic, Mississippi and Central flyways may select a season of 50 consecutive days, daily bag and possession limits of 5 and 10, daily shooting hours from sunrise until sunset except in New York.

Rals and gallinules—Within the outside dates of Sept. 1 through Jan. 15, each state in the Atlantic, Mississippi and Central flyways may select a season of 70 consecutive days, daily bag and possession limits 15 and 30, hours from sunrise until sunset.

Common snipe — Within the outside dates of Sept. 1 through Jan. 15, states in the Atlantic, Mississippi and Central flyways may select a season of 50 consecutive days, daily bag limit of 8 and possession limit of 16, shooting hours from sunrise until sunset.

No Semi-Pro Games For Legion Players

American Legion junior players may not take part in any semi-pro or pro baseball games, State Commissioner Bob Beltrone reminded the youths today.

Any player who does participate in such games automatically loses his Legion eligibility, Beltrone declared.

Clintonville Stays Unbeaten

Wega-Fremont Downs Winneconne By 10-1 Score

VALLEY LEAGUE LEAGUE (Central Division)

| Club | W | L |
|--------------|---|---|
| Clintonville | 8 | 0 |
| New London | 3 | 2 |
| Wega-Fremont | 4 | 4 |
| Manawa | 3 | 4 |

Wednesday's Results:
Wega-Fremont 10, Winneconne 1.
Clintonville 12, Waupaca 1.

Tonight's Games:
Marion at Appleton East.

Clintonville remained unbeaten in the Central Division of the Legion Baseball League by sweeping to a 12-1 victory over Waupaca on the loser's field Wednesday night.

Wega-Fremont moved up to third place with a 10-1 win over Winneconne.

Clintonville had a slim 2-1 lead before breaking loose with 10 runs in the top of the eighth inning to down Waupaca. Mike Zeinert hurled the win and had 11 strikeouts, but seven walks kept him in trouble. Orv Westphal was the loser. John Westphal had four hits for Clintonville including a pair of doubles. Dave Peterson had two hits for Waupaca, stole three bases and scored the team's only run.

Guy Langford hurled the Wega-Fremont win over Winneconne giving up four hits while striking out nine. He had some control trouble and walked nine batters.

Jim Hildebrand led W-F with three for five including a triple and Gene Montgomery had a pair of singles.

At House Committee Hearing

Fleischer, Once Again, Goes Over Final Crazy Seconds of Title Fight

WASHINGTON (AP) — It was no smoky hangout of the fight crowd. It was in the big airy hearing room of the House Commerce Committee. But Nat Fleischer, the editor of Ring Magazine, told once again about the final crazy seconds of the Liston-Clay fight.

Chairman Oren Harris, a lean Arkansas Democrat, grunted down from his chair as the little aging man who had spent a lifetime in the rosin and sweat atmosphere of boxing hopped up and down in the witness chair explaining how it was.

After refereeing more than a 1,000 fights and devoting 62 years to athletics, "I never saw such a confused affair" as the one in Lewiston, Maine, said Fleischer with indignation.

How was it that it was Fleischer and not one of the officials who had yelled to referee Jersey Joe Walcott that it was all over — that Liston had been counted out.

For 100th Time
Fleischer drew himself up to tell it for the 100th time. When he arrived at his ringside seat, he found there was no table to write on, so the official knock-down timer squeezed over to make room for him.

When Liston was knocked down by Clay in the first round, the knockdown timer was supposed to "jump up" — and Fleischer jumped up from the witness chair to show how it should be done — and start counting off the seconds with a sweep of his arm.

"But we were wedged in there so tight he couldn't stand up ... he counted up to 20 ... finally he asked me to try to get Walcott's attention."

And that's how Jersey Joe got the word the fight was over. In the angry backwash from the fight came a handful of bills for the committee to consider, aimed at cleaning up boxing by establishing a federal boxing commission.

But Cus D'Amato, famed in ring circles for his tilting at the establishment and for being the former manager of Floyd Patterson, told the committee, "There was nothing wrong with the Clay-Liston bout."

Stocky, fast-talking D'Amato said that the ringside television camera beaming the fight to theater spectators around the country wasn't in position to catch the knockout punch.

So, explained Cus, "The people watching on closed circuit didn't see the blow ... they thought it was what we call a tank job."

Also, there was a thing about the gloves. Liston's crowd, said Cus, insisted that frager gloves — with little or no padding across the gloves — be used.

They figured the gloves would be an advantage for their man, rumor had it, wielded a wicked right. But, observed D'Amato, "The Liston people became victims of their own strategy, when the Big Bear was floored with a punch which appeared to be not so tremendous."

Braves Record 5-2 Victory Over Houston

MILWAUKEE (AP) — The smoldering feud between the Milwaukee Braves and the 1965 county landlords for the 1965 lame-duck season flared into a name-calling duel Wednesday over the club's efforts to win the National League pennant.

Braves Manager Bobby Bragan called a charge by County Board Chairman Eugene Grobschmidt that the team was not playing to its capabilities "a foolish statement" from a "dim-witted politician."

Grobschmidt, a leader in the fight to prevent the Braves from moving to Atlanta in 1966, replied: "Coming from a dim-witted manager, I'd expect something like that."

After the Braves had lost nine of 11 previous games, Grobschmidt said Tuesday night: "I think that the Braves are capable of playing better ball today than they are now playing."

Continued from Page 10
four defeats, with relief help from Billy O'Dell.

Johnson allowed only one hit in the first five innings, but was tagged for homers by Walt Bond and Jim Wynn in the sixth.

Carly rescued Johnson from a more serious jam during the inning when he made a fine running catch of Bob Aspromonte's liner to left. Wynn followed with his home run.

O'Dell replaced Johnson in the seventh after the Astros put runners on first and second with two out. O'Dell checked Houston the rest of the way.

Burlington '9' Wins, Retains 1 1/2-Tilt Lead

Burlington retained its 1 1/2-game lead over Wisconsin Rapids in the Midwest League's second round pennant scramble with a 10-6 come-from-behind victory over Dubuque Wednesday.

The first-half champion Bees rallied for seven runs in the seventh inning after trailing, 6-0, in the fifth. Wisconsin Rapids rolled over Waterloo, 10-1, on the strength of two home runs.

Other results were Quad Cities 5, Quincy 4 and Cedar Rapids 6, Decatur 3.

Mauch Picks Sluggers For Alternate Spots On NL All-Star Squad

Williams, Santo Of Cubs Selected For Tilt Tuesday

NEW YORK (AP) — From a slugging standpoint, at least, the National League All-Stars will have a decided edge over the Americans when the two squads meet in the annual mid-summer classic at Bloomington, Minn., next Tuesday.

Already boasting a powerful starting line-up, the Nationals added an attractive auxiliary group Wednesday that included sluggers Johnny Callison of Philadelphia, Billy Williams and Ron Santo of Chicago, Roberto Clemente of Pittsburgh and Frank Robinson of Cincinnati.

This group shapes up at least favorably with the American League alternates featuring sluggers Harmon Killebrew, Jimmie Hall and Tony Oliva of Minnesota, Elston Howard of New York, Max Alvis of Cleveland, Al Kaline and Bill Freehan of Detroit.

Oliva and Freehan were substituted for ailing Mickey Mantle of the New York Yankees and Carl Yastrzemski of the Boston Red Sox. Both are hobbled by injuries not expected to heal in time for the inter-league game.

National League All-Star Manager Gene Mauch, unlike his counterpart, Al Lopez, departed from custom and passed over three second choices in picking his nine alternates for the 1965 All-Star team.

Generally, in the past, the All-Star managers have picked players who finished second in the balloting for starting positions. But Mauch passed over first baseman Gordie Coleman of the Reds, second baseman Frank Bolling of the Milwaukee Braves and center fielder Vada Pinson of the Reds.

In their places, he chose Ed Kranepool of the New York Mets, Cookie Rojas of the Phillies and Clemente. Robinson was his utility pick.

Other Selections
Mauch's other selections included catcher Johnny Edwards and shortstop Leo Cardenas of the Reds, third baseman Santo, left fielder Williams and right fielder Callison.

Earlier, he had named Managers Dick Sisler of Cincinnati and Bobby Bragan of Milwaukee as his coaches.

The selections left only the world champion St. Louis Cardinals and Houston Astros without a representative. Under All-Star game rules, every club must be represented by at least one player.

This means that at least one pitcher from each of those two clubs will have to be named when the hurlers are announced Friday.

The NL starters will be Joe Torre of the Braves, catcher; Ernie Banks, Cubs, first base; Pete Rose, Reds, second base; Maurer; Willies, Dodgers, shortstop; Will Stargell, Pirates, left field; Willie Mays, Giants, center field; Henry Aaron, Braves, right field.

The American League starters will include Earl Battey, Twins, catcher; Bill Skowron, White Sox, first base; Felix Mantilla, Red Sox, second base; Brooks Robinson, Orioles, third base; Dick McAuliffe, Tigers, shortstop; Rocky Colavito, Indians, right field; Vic Davallillo, Indians, center field; Willie Horton, Tigers, left field.

Bobby Richardson of the Yankees and Zoilo Versalles of the Twins completed the American League reserves.

Through Wednesday's games, the National League All-Star squad led the Americans in home runs, 188 to 169, and in runs batted in, 702 to 665.

Oshkosh's American Legion Jr. baseball team handed the Appleton contingent its seventh setback in eight Fox Valley Legion League outings, 5-2, Wednesday.

Terry Beschta, who limited West to five hits, fanned nine and walked only one in hurling the route. Neil Weber, the loser, was touched for eight hits, while fanning eight and walking four.

Roger Huebner's ninth-inning triple drove in the West runs.

Ted Olson and Lee Kiepe will pitch for the Earl Furrow-managed Appleton unit in a doubleheader at Berlin at 1:30 p.m. Saturday.

Chicago football captain, died Wednesday.

Sheldon, retired investment broker, played for the Chicago Maroons under the late Amos Alonzo Stagg from 1899 through 1902. He was team captain in 1901-1902, the school's only player thus honored.

Sheldon served as football coach and assistant professor of law at Indiana University from 1905 to 1913.

No Disagreement With Casey

Spahn Quells Rumors About Feud

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — "The only rift between Casey Stengel and myself is the one being manufactured by outsiders," said Warren Spahn.

This was the veteran's reply Wednesday to a report that an unpleasant situation was developing between the manager and the player-pitching coach of the New York Mets.

"The relationship between Casey Stengel and myself never has been better," said the 44-year-old Spahn, who has been having a tough time winning recent weeks after an auspicious start.

"Any talk of a disagreement between us is simply not the truth."

Spahn made no secret of their

No Disagreement With Casey

Spahn Quells Rumors About Feud

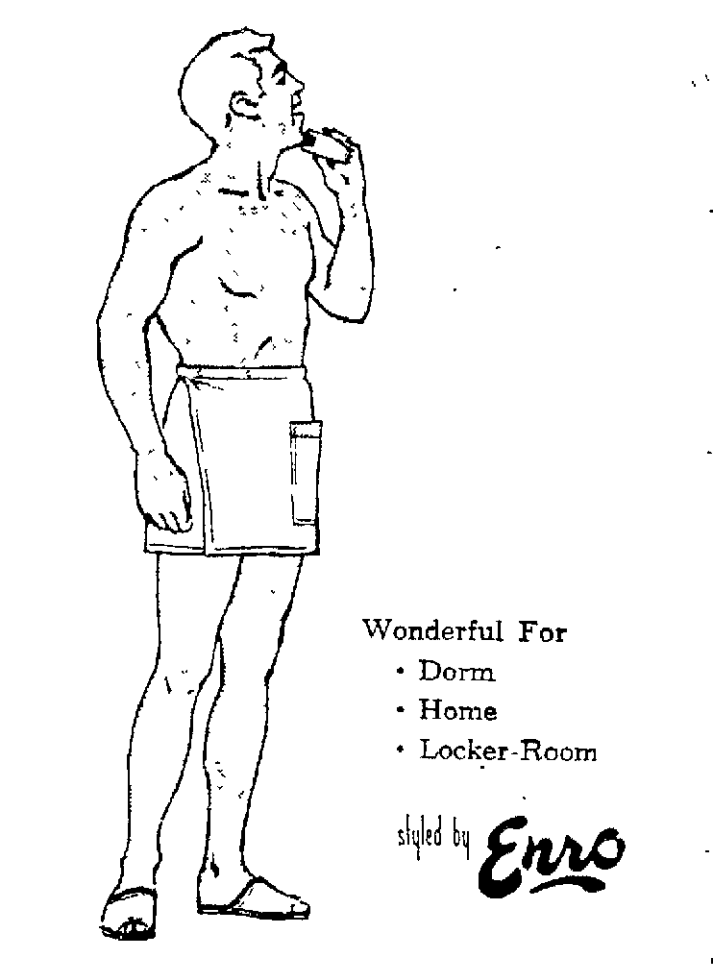

fact that he was disturbed over a story in a local paper Tuesday stating he was miffed at being given a quick hook by Stengel at the start of the fifth inning of a game last Monday with the Chicago Cubs.

Stengel replaced Spahn with right-hander Larry Bearnarth despite the fact that the Mets were ahead 3-2. Spahn, however, had been tagged for eight hits during those four innings.

"I wanted to stay in," said Spahn. "I never like to be taken out. What pitcher does? But I certainly raised no objection when Casey decided to take me out. That's his prerogative."

"As a matter of fact, Bearnarth, whom Casey put in to relieve me, was my choice."

Redlegs Down Dodgers, 7-6; Cubs Tip Mets

Continued from Page 10

between 14-game winner Koufax and 12-game winner Sammy Ellis at Cincinnati didn't come off. Frank Robinson homered off Koufax in the first after Rose singled for the first of his four hits. Then in the second, Tommy Harper doubled in two runs and scored on Rose's double.

The Dodgers knocked out Ellis in the sixth when they scored three runs, the last two on a single by Lefebvre. Maury Wills doubled in the seventh, stole his 52nd base, and scored on a passed ball, making it 5-4.

Deron Johnson homered for the Reds off Ron Perranoski in the last of the inning, but Lefebvre's homer evened matters in the eighth. Cardenas' homer in the ninth gave the pitching victory to Joe Nuxhall.

Gibson Fans 12

Gibson, who struck out 12 in his 13-inning stint against the Giants, was touched for a two-out single by Willie Mays before Haller connected for his clinching homer. Each side scored a run in the 12th, the Cards with the help of two San Francisco errors.

Masanori Murakami, the Japanese left-hander, won in relief. Short allowed three singles, walked three and struck out seven in outpitching Bob Friend in the Phils-Pirates squeaker. Philadelphia muffed a couple of chances to score before Darymple's homer in the eighth.

Rookie Chris Krug batted across four runs with a pair of bases-loaded singles, with Billy Williams adding a homer and two singles to the 11-hit Cub attack. Jackson gave way to reliever Ted Abernathy in the eighth, but the Cubs had put it out of reach with five runs in the top of the inning.

Tony Lema, of San Leandro, Calif., chips to the second green at the Royal Birkdale Golf Course at Southport, England today. Lema held the first round lead in the British Open with a 5-under par 68. Ireland's Christy O'Connor was one stroke back at 69. Lema is the defending champion. (AP Wirephoto by cable from Southport)

Palmer Eagles 17th to Pull Within 1 Shot

Continued from Page 10

British Open title, thrilled a huge gallery forming Britain's version of Arnie's Army with some spectacular recovery shots.

Drops 25-Footer

"On the 10th hole, he needed three strokes to reach the green but he hanged in a 25-footer for a par four. On the 15th, the La-

trobe, Pa., professional hit his tee shot into some shrubbery and could only hack it out a few yards.

He reached the 536-yard green in four and two-putted for a fortunate bogey.

Two tremendous shots put him on the par five 17th and there he ran in a putt of 45 feet for his eagle.

Lema's round was matched by Terry Dill of Muleshoe, Tex., whose 75-72-147 seemed certain to survive the day's out when the field will be reduced to the

Your Money's Worth

Americans Now Spend \$420 Billion Annually

BY SYLVIA PORTER

You, the American consumer, are now buying goods and services at an annual rate of well over \$420 billion — more than twice the sum you spent just 15 years ago.

You also are spending this enormous sum in patterns which are drastically different from your patterns as recently as 1950—reflecting the affluence of our society in this era, our unprecedented surge toward home ownership, our continuing love affair with the automobile, our rising leisure time.

Here's a table, prepared for me by Arnold Chase of the Bureau of Labor Statistics, showing the average city consumer spending dollar is going today as against 1950.

| Item | Today (cents) | 1950 (cents) |
|--|---------------|--------------|
| Food and eating out | 24.3 | 29.7 |
| Shelter (including fuel, light, water) | 18.4 | 15.6 |
| Autos and auto operation | 13.0 | 11.6 |
| Clothes | 10.4 | 11.5 |
| Medical Care | 6.6 | 5.2 |
| Household operations | 5.9 | 4.7 |
| Furnishings and household equipment | 5.1 | 6.9 |
| Recreation | 4.0 | 4.4 |
| Personal care | 2.9 | 2.2 |
| Reading and education | 2.0 | 1.5 |
| Tobacco | 1.8 | 1.8 |
| Alcoholic beverages | 1.7 | 1.7 |
| Public transportation | 1.7 | 1.8 |
| Other | 2.2 | 1.4 |

The most dramatic single change in spending since 1950 is the drop in the share going for food—despite a sharp uptrend in more expensive eating out. With eating out eliminated, the share of our spending dollar going to food alone comes to only a bit more than 18c. As a family's income climbs, it needs to spend a smaller and smaller percentage on food. This one change, therefore, underlines how high the average U.S. consumer is rising on the income ladder.

A huge chunk of what we're saving on food is going to buy, build, rent, equip and maintain our homes. In these penny figures, you see the power of the trends toward suburban living, home ownership, bigger and better homes.

The rise in our share going for household operations is due primarily to our greatly increased spending on telephoning, household help, laundry and cleaning, supplies of household paper.

Medical Rise

The sharp uptrend in our spending for medical care, says Chase, "is mainly attributable to the spreading of health insurance and to the availability of more effective, more expensive drugs."

As for the declines, these too tell a tale of America today. The drop in what we're spending for home furnishings reflects the decline in prices of many home appliances and the fact that, increasingly, new homes are being offered with the basic appliances built in and included in the sale price of the house.

The drop in the share going to clothing is due in important part, Chase points out, to the improved heating in our homes, offices and autos and the trend toward casual clothes.

The decline in recreation's share reflects the drastic drop in movie attendance in favor of home TV and participation sports. (The boom in travel shows up into the auto category.)

Assuming our society remains prosperous — and we'll go all out to achieve this—the share of our dollar going to food will continue to fall and the share going to our homes also may level off.

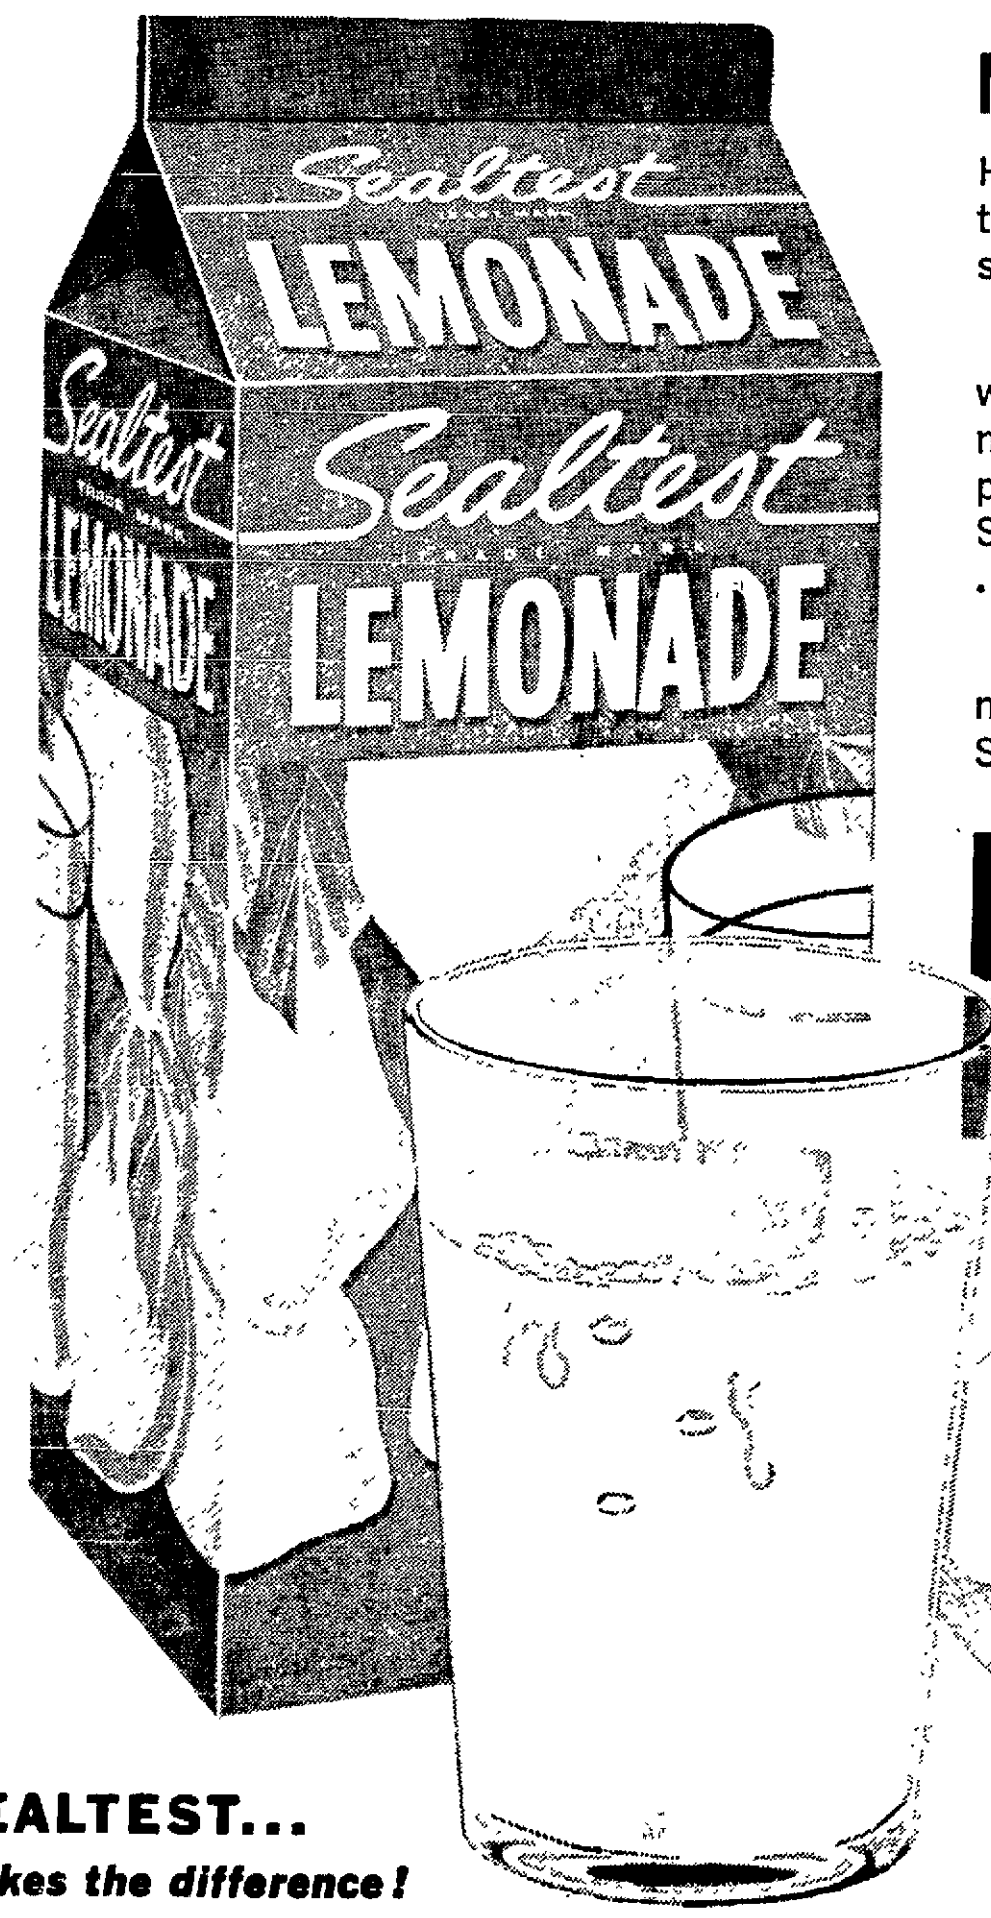

But heading relentlessly upward will be the shares going to education, reading, culture, medical and personal care. These are the hallmarks of a rich nation.

(Copyright, 1965)

Forecast for The FOX CITIES: 80°

NOW KEEP COOL WITH SEALTEST LEMONADE

the non-carbonated refresher with natural-fruit goodness!

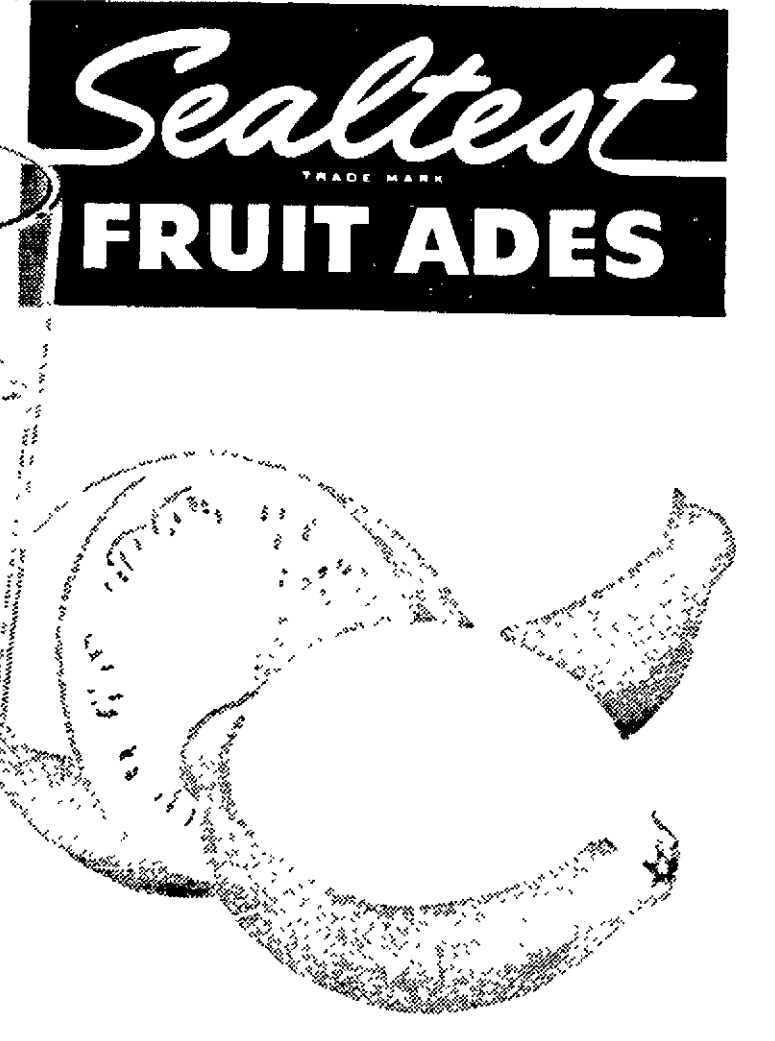

MOST LIKE HOMEMADE

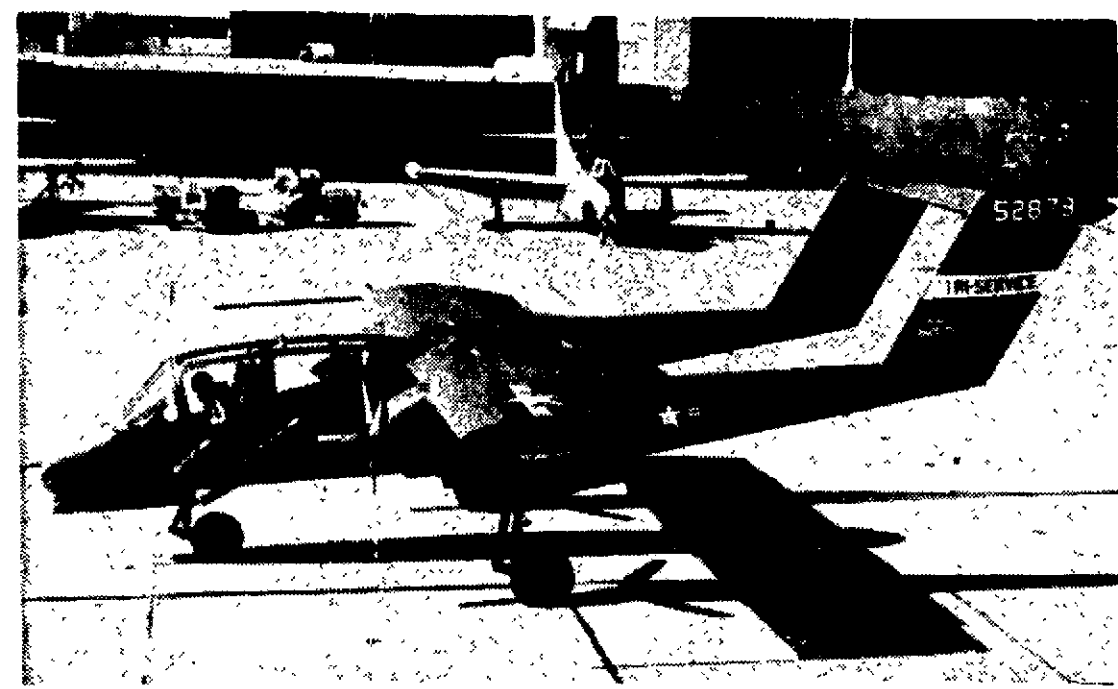

Here's the perfect hot weather cooler for the whole family—Sealtest Lemonade, so delicious . . . so convenient!

This wonderful summertime refresher with non-carbonated, natural-fruit goodness is blended with juices from tangy, plump lemons and sweetened just right. Sealtest Lemonade is a pleasure to pour . . . and pour and pour.

So, serve your family the lemonade most like homemade—ready-to-pour Sealtest Lemonade. Try some soon.

SEALTEST... makes the difference!

This is the OV-10A, first airplane ever designed for the kind of war being fought in Viet Nam. It rolled off the production line at North American Aviation Corp.'s Columbus, Ohio, plant Wednesday before a delegation of Navy officials.

The stubby-winged, turbo-prop plane can climb fast, carry heavy loads and land at slow speeds. Testing will follow, and probably more orders for the craft. (AP Wirephoto)

Two Gunmen Sought In 3-State Manhunt

Hostages Taken in Oregon Are Released in California; Deputy Found Shot to Death

By JERRY RANKIN
WOODLAND, Calif. (AP) — Six kidnap victims — taken by two gunmen in Oregon — were released unharmed Wednesday night by their ex-convict abductors. Police and the FBI hunted the pair today as suspects in a Portland bank holdup and the killing of an Oregon deputy sheriff.

A three-state manhunt was

left at 6 a.m. saying they were driving directly back to Oregon. Grey and Bowles, who completed terms at Oregon State Prison last week — Grey for robbery and Bowles for breaking and entering — also are suspected of robbing an Oregon bank Tuesday of about \$14,000, the FBI said.

Talks Briefly

Confronted by newsmen after slipping out of motel windows, Mrs. Corbin reluctantly talked briefly.

"It wasn't bad on us at all," the slightly built woman said. "I just hate them for killing that policeman. I just hope they get the same thing."

Asked if she was frightened by the ordeal, she said: "Was I frightened? Yes, they killed that policeman."

'She said her son "was a little scared at first, but he had a big

Mrs. Corbin Clinton

continuing for Wilbur Marion Grey, 30, a native of Brunswick, Ga., and Karl Cletes Bowles, 24, originally from Amarillo, Tex.

The Federal Bureau of Investigation said the search was centering around nearby Sacramento, where the gunmen released the hostages and fled on foot.

Mother and Son

The hostages were Mrs. David Corbin, 33, and her son by a previous marriage, Clinton Clark, 12; Mr. and Mrs. Uldis Riekstins of Seattle, their son and their son's friend.

FBI agents questioned Riekstins most of the night at a Woodland motel where the six spent the night.

The three adults and the boys

Bowles Grey smile and they liked him. They let him do anything reasonable.

Boy is Shy

The freckled Clinton was too shy to talk with newsmen. Mrs. Corbin described the gunmen's weapons as "short

Government Battalion Ambushed

U. S. Claims 25 Guerrillas Killed in Series of Clashes

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — U.S. paratroopers have scored heavily in a series of clashes with the Viet Cong 25 miles northeast of Saigon in the D-Zone jungle, American authorities reported today. They said 25 of the guerrillas were known dead and it was estimated Red casualties Wednesday totaled more than 100.

On the other side, the Viet Cong ambushed a Vietnamese government battalion 37 miles northwest of Saigon today and a U.S. spokesman said most of the battalion apparently was wiped out.

Relief Battalion

The ambush was sprung as the battalion was rushing to relieve a besieged outpost at Xom Dua in Binh Duong Province. The relief battalion was sent from the nearby district capital of Tri Tam. The Communists apparently were lying in wait for the reinforcements.

As the Viet Cong sprang the

trap, Communist 81mm mortars began a barrage of Tri Tam. Results were not immediately reported.

U.S. authorities reported that paratroopers of the American 173rd Airborne Brigade fought a series of clashes with the Viet Cong Wednesday in the big combined force operation in "D" zone and enemy casualties were estimated at more than 100.

No Casualty Report

There was no report of American casualties.

The action in the Communist-controlled jungle 25 miles northeast of Saigon was the biggest engagement the paratroopers have fought since their arrival in Viet Nam in May.

The paratroopers along with Australian and Vietnamese forces have been carrying on a "search and destroy" sweep through the area since Tuesday. Until Wednesday they had made little contact with the enemy.

The Viet Cong kept up its pressure in central highlands with a mortar attack early today on the district headquarters at Kontum, a provincial capital 260 miles north of Saigon. Spokesmen said a number of shells hit the headquarters but there was no immediate word that the guerrillas followed up with an assault.

District Capital

Kontum is 20 miles from Dak To, a district capital overrun by the Viet Cong Tuesday and ap-

parently still in Red hands. Spokesmen said there had been no contact with Dak To, manned by about 150 government troops, or with the town of Dak Sut, about 18 miles to the north. The military posts in both towns have been frequent targets of the Viet Cong.

Another 600 Marines were scheduled to land in central Viet Nam today. They are part of an 8,000-man force ordered here from Okinawa as speculation mounted that a showdown may be near with the Communists in the highlands.

A force of 2,800 Marines landed Wednesday at U.S. installations at Da Nang and Qui Nhon, and a spokesman said 4,600 more will come ashore in the next week.

No Emergency

U.S. military sources in Washington said the decision to land 8,000 more Marines now was not prompted by any special

Turn to Page 6, Col. 1

Reedy Quits White House Press Post

WASHINGTON (AP) — George E. Reedy, President Johnson's press secretary, announced today he is suffering from a painful foot disease and is bowing out of his White House post — at least for some months.

Reedy reported that doctors tell him he may face a series of operations that could sideline him for at least six months.

He said the duties of press secretary will be performed in his absence by Bill D. Moyers, one of Johnson's top special assistants.

There was considerable doubt among newsmen at the White House whether Reedy ever would return to his \$28,500-a-year job as press secretary.

Reedy increased such speculation by saying Moyers "will act in my place and we will determine down the road where we go from there."

Alleged Embezzler Free on Bond After 24 Hours in Jail

MONTGOMERY, Ala. (AP) — A civil rights leader, the Rev. Frederick D. Reese, is free on bond today, while the investigation of his alleged embezzlement of funds continues. Reese was released on \$5,000 bond late Wednesday, after spending more than 24 hours in the Dallas County Jail. He had been arrested and indicted by a special grand jury on charges of embezzling \$1,850 from the Dallas County Voters League, of which he is president.

4-State Emergency

New York Ordered to Cut Its Water Usage

PHILADELPHIA (AP) — million gallons of water daily from its dams in the western Catskills.

The action was to help maintain the flow of fresh water in the Delaware estuary in efforts to save the Philadelphia and Camden, N.J., water supplies from the imminent threat of salt contamination.

The water supply in the Delaware River Basin serving more than 20 million persons is extremely short for the fourth straight year of far-below-normal rainfall. The state of emergency runs to Aug. 10, but can be extended, and, if necessary, tightened.

4-State Emergency

The commission, made up of representatives of the four states and of the United States Department of the Interior, also ordered New York to release 200

Hopefully Showers Will End by Morning

Fox Cities — Partly cloudy with scattered showers and thunderstorms tonight, ending Friday morning. No change in temperatures. Low tonight near 58 degrees, high Friday near 80. Light and variable winds except for stronger winds locally in thunderstorms.

Appleton — Observations at

10 a.m. Thursday for the preceding 24-hour period. High: 82 degrees. Low: 63 degrees. Barometer: 29.9 and steady. Wind: 3 miles an hour out of the east. Relative humidity: 69 per cent. Dew point: 61 degrees. Precipitation: None. Skies: clear. Temperature: 72 degrees. Sun sets at 8:39 p.m., rises Friday at 5:17 a.m. Moon sets Friday at 2:14 a.m.

State Count Now 454

Death of Hilbert Woman in Crash Ups Area Traffic Toll

(Picture B-1)

The Fox Valley area continued to set the pace Wednesday for the state's fast climbing traffic death toll when a rural Hilbert woman was injured fatally in a crash southeast of Hilbert.

The Calumet County victim was identified as Mrs. Ernest Zaborowski, 36, route 1, Hilbert. She was driver of one of the cars. The crash occurred at the intersection of two town roads about 1 p.m.

Her death was the sixth on highways in the area in the past four days. It brought to 454 Wisconsin's 1965 count, compared to 498 at this time last year. In addition to the fatal accidents on the state's roads, two Milwaukee area women died in a crash in Canada.

Dead on Arrival

Mrs. Zaborowski was pronounced dead on arrival at Calumet Memorial Hospital. Roger Schneider, 20, route 1, Hilbert, driver of the other car, was in Calumet Memorial Hospital in fair condition with head injuries.

Calumet County police said the Zaborowski car was apparently headed north and the

Schneider vehicle was going east.

The cars smashed together in the center of the intersection, then spun around and skidded into a cornfield.

Mrs. Zaborowski's body was thrown from the car.

France Extends Its Boycott of European Common Market

PARIS (AP) — France today extended its boycott of European Common Market meetings to the European coal and steel pool.

The coal and steel pool, which predates the Common Market, is a customs union for the coal and steel industries of six nations.

Michel Maurice-Bokanowski, French minister of industry, will not attend next Tuesday's meeting of the coal and steel pool in Luxembourg. A spokesman for his office said this conforms to decisions by the government following the breakdown of the Common Market meeting at Brussels, Belgium, which led to a French boycott.

350 in Kickoff Parade

Civil Rights Protests Renewed in Bogalusa

BOGALUSA, La. (AP) — Civil rights advocates have renewed their protests against racial segregation in Bogalusa and a segregationist group says it will hold counter rallies.

A predominantly Negro group of 350 paraded in through nearly empty streets Wednesday to kick off the new wave of demonstrations.

Negro leaders say they'll march again today. The National States Rights Party, headquartered at Montgomery, Ala., distributed leaflets saying it would hold a counter rally tonight, "and every night until the Communists, beatniks, and other race-mixing groups have been defeated in their brazen attempt to take over the white Christian community of Bogalusa."

A federal judge in New Orleans was expected to issue his ruling late today on a request by Bogalusa civil rights groups for an injunction against city authorities for allegedly interfering with demonstrations.

Ruling Expected

A spokesman for the Bogalusa Civil and Voters League, affiliated with the Congress of Racial Equality, said CORE's national director, James Farmer, would return here to help direct the renewed campaign.

Wednesday's march was without incident. A dozen raincoat-clad state troopers led the column, mostly teen-age Negroes. Twelve police cars — two with dogs — escorted the parade.

A. Z. Young, president of the

Civic and Voters League, submitted a list of grievances to Mayor Jesse H. Cutler Jr., at City Hall, where the march ended.

Equal Employment

The list included demands for equal employment for Negroes and an end of alleged police brutality.

The National States Rights party said the speakers at its open-air rally would be J. B. Stoner of Atlanta, Ga., and the Rev. Connie Lynch.

Stoner, 41, is attorney for the party and was the splinter group's vice-presidential candidate in 1964.

The Rev. Mr. Lynch, 53, from Riverside, Calif., was a speaker at several segregation rallies during the St. Augustine, Fla., racial demonstrations last year. He says he is a member of the National States Rights party and affiliated with the Church of Jesus Christ, Inc.

Government Statements Contradictory

Balance of Payments Confusion Is Compounded

BY RICHARD L. GRAVES

NEW YORK (AP) — New confusion, compounded by seemingly contradictory government pronouncements, has grown up around the U.S. balance of payments and gold problems.

The confusion may have hit a high point a few days ago when: —Treasury Secretary Henry H. Fowler indicated the voluntary program to trim the U.S. balance of payments deficit is working so well he is worried about overoptimism.

—The Federal Reserve announced the greatest weekly outflow of gold in six years, \$359 million.

Dwindling Stock

The statements were the latest zig-zags in the government's

on-again, off-again enthusiasm about its efforts to preserve the United States' dwindling gold stock.

Here are some basic questions and answers on the current U.S. gold and balance of payments situations:

Q: What is the status of the U.S. gold stock now?

A: The U.S. monetary gold stock now is worth \$13,934,000,000. It has declined \$1,454,000,000 since Jan. 1. The outflow in six months of 1965 is exceeded only by the total yearly losses in 1958 and 1960. The present supply of gold is now back to the level it was in 1938 before the nation built up its vast gold pile during World War II.

Q: Why has the gold stock declined?

A: Because the United States has had a balance of payments deficit every year since 1949 (except 1957). A deficit results when the nation spends more overseas than foreign nations spend in the United States. Since we have a deficit, it figures that some other nations will have a surplus. Some foreign governments convert their surplus dollars into gold. The United States guarantees it will buy or sell gold at the fixed price of \$35 a troy ounce.

U.S. Position

Q: What is the so-called voluntary program and how does it fit into the picture?

A: The program was established by the government in February via "guidelines" to banks and manufacturers. One

of the basic features of the program calls on organizations to limit their overseas investments to 105 per cent of their 1964 investment. Foreign investment was one of the biggest single items in the 1964 balance of payments deficit. That deficit provided the vast pool of dollars which some foreign governments are converting into gold this year.

Q: What is the U.S. balance of payments position now?

A: Despite optimism about the voluntary program, the United States deficit in the first three months of the year was \$733 million. The program did not really begin to tell until the second three months. Though statistics presently are not available for the second quarter

of 1965, it is believed the balance is showing a surplus. Some economists project the net deficit for 1965 at about \$1 billion, or one-third the total deficit for 1964.

Voluntary Program

Q: Is that good or bad?

A: A little of both. It is good because it shows the voluntary program is working. It is bad because there is still a deficit.

The voluntary program is like a first-aid tourniquet — a temporary device that preserves the patient until there can be surgery to repair the injury.

At this stage, the voluntary tourniquet chafes. But the bankers and industrialists who complain about it are unlikely to

| Marion | 4 | 1 | Carolina |
| Shawano | 4 | 1 | Tigerton |

Gresham moved into a tie for first place in the Western Division of the Badger Amateur Baseball Association Sunday with a victory coupled with Clintonville's loss.

Marion topped Clintonville, 12-4 in a rain-shortened, 5½ inning game as Gresham was wallowing Leopoldis, 15-7. In other division action, Bowler upset Shawano, 12-9; Caroline downed Tigerton, 10-5, and Tigerton edged Bowler, 6-4, in a Monday makeup game.

Dick Koefien poked a home run for Clintonville in Jim Petcha's losing cause. Marion winner Pat Robenhagen was assisted by homers off the bats of Jamie Brandenberg, Gordy Kopitzke and Bob Schroeder.

Dave Kuhn picked up the win for Gresham, while Al Steinke was the loser for Leopoldis.

Smashed Homers

Lakes Group Will Choose 3 Directors

CLINTONVILLE—Three directors will be elected for three-year terms at the annual meeting of the Clover Leaf Lakes Protective Association at 8 p.m. Saturday at the Rustic Resort, Pine Lake.

Directors whose terms expire are Charles Allard, Ed Rosenfeldt and Vilas Krueger, who completed unexpired term.

Other board members include Mehberg, vice president; Fred Shaffer, president; Eugene Franklin Goetsch, secretary, and Clarence Ehler, director. Krueger is the treasurer.

During the business meeting, the year's activities will be reviewed and committee reports will be given. Suggestions for improving the association will be discussed.

Three Fined at Waupaca After Tavern Brawl

WAUPACA—Creating a disturbance and becoming involved in a fight July 4 at a Town of Royalton beer bar resulted in fines for three men when they appeared in Municipal Justice Court Wednesday.

Keith F. Posyel, 20, route 2, New London, pleaded guilty of disorderly conduct and was fined \$50 and costs. Evan J. Ritchie, 24, 128 Main St., Little Chute, and Mark Griffin, 22, route 1, Bear Creek, pleaded no contest to the same charge. Both were found guilty. Ritchie was fined \$10 and costs and Griffin was assessed \$25 and costs.

The argument from which the arrests stemmed, started when the bar owner, Gilbert Anderson, asked to see Griffin's ID card. Griffin argued with Anderson who ordered the three from the bar and a fight started. The trio left the bar and were arrested by New London police.

New London Girls Say Swimming Suits Stolen

NEW LONDON—City police have been receiving complaints about missing swimming suits.

Police Chief Jack Algiers said three girls reported Tuesday their swimming suits had been stolen. Similar reports had been received earlier, Algiers said.

The suits have been taken from outdoor clotheslines while they were drying, he said.

Neighbors to Picnic

DALE—The Royal Neighbors of America have scheduled a family picnic for Tuesday evening at Dale Community Park.

Symco, South Teams Triumph In BABA All-Star Games

Two all-star games were played in the Badger Amateur Baseball Association over the Fourth of July weekend.

In the Central Division, Symco edged the circuit all-stars, 3-1, while in the Northern Division, South nudged its counterparts from the northern part of the division, 4-2.

Frank Lieschow went five innings for Symco without allowing a hit. He got the victory, along with two-hit relief assistance from Roy Malliet.

All-Star Contributors
Testin homered for the winners. Leroy Jossie was the losing hurler for the all-stars, consisting of players from Big Falls, Scandinavia and Iola. Roger Breske homered for

Bowler, as Zienert collected the decision. Shawano's Frank Wegner was the losing pitcher.

Dale Benbrooks paced Tigerton with a perfect day (5-5) at the plate including a four-bagger. Ken Lodewegan absorbed the loss for Tigerton, as Tim Olson registered the win for Caroline.

Howard Sievertson won the Tigerton-Bowler makeup game, as Marc Pecha was the loser.

Big Falls and Scandinavia split a pair of games in the Central Division, as the 'Falls won the opener, 2-1, and Scandinavia took the second, 3-2.

Chilton Edges Kohler, 6-5, in League Action

Five-Run Third Provides Margin; Bomber Rally Fails

CHILTON — A five-run third inning provided the margin for Chilton High School's 6-5 victory over Kohler in Eastern Wisconsin Conference baseball action Wednesday.

Freshman right-hander Nick Schneider, who allowed six hits and five runs while striking out six and walking five in the first 6½ innings, was the winner. Jim Daun struck out one and walked one in a seventh inning relief stint.

After Kohler scored in the first, the Tigers tied the count in the second when Mike Woelfel tripled and came home on a single by Scott Wilson.

Chilton Leads 6-1
Chilton moved into a 6-1 lead in the third. Singles by Dave Schaefer, Daun and Loren Wagner were coupled with a couple of errors, a hit batsman and a fielder's choice.

Kohler came back with one run in the sixth on an error and a hit and pushed home three in the seventh before Daun stopped their rally.

Paul Maki, losing hurler, allowed Chilton eight hits while striking out seven and walking two.

Don McHugh and Jim Daun led the Tigers with two hits each in three appearances, although the hit by Wagner in the third provided the victory margin.

Chilton will be at home in another Eastern Wisconsin Conference game against Valders at 8 p.m. tonight.

Little Wolf Class Of '55 Stages First Reunion

MANAWA—The graduating class of 1955 of Little Wolf High School held its first reunion Saturday at Fischer's Riviera, Clintonville. Of the 46 members of the class, 32 were present.

Awards were given to Mr. and Mrs. Warren Zimmerman, Alta Vista, Kan., longest distance; Mr. and Mrs. Harold Plotter Jr., Milwaukee, largest family; Mr. and Mrs. Wayne Steinbach, Oshkosh, most recently married; Mr. and Mrs. Ronald Fuhs, Manawa, youngest child; Roger Klingner, Manawa, receding hairline; Mr. and Mrs. Bell Malueg, New London, first reservation. John Raffin, Milwaukee, received the special prize.

Reunion committee members were Arlyn Becker, Clintonville; Lowell Prelwitz, Manwa; Mrs. Thomas Bonikowske, Bear Creek; and Mrs. William Beck, Manawa.

Mr. and Mrs. Roland Handrich, Manawa, were guests of the class. Mrs. Handrich teaches at Little Wolf High School.

It was voted to have another reunion in five years, and Mrs. Neil Malueg was chosen chairman.

Ladies Aid to Meet

NORTHPORT — The Ladies Aid Society of the Methodist Episcopal Church here will family picnic for Tuesday evening Monday the home of Mrs. William Babcock.

Symco outslugged Iola, 18-12, in a single contest.

Allows Four Hits

Bill Radies won the first game in the Big Falls-Scandinavia pair, allowing only four hits. Julian Mork was the loser. The positions were reversed in the second tilt.

Mike Byron homered to lead Symco to its win, despite the circuit blows of Ron Rosenthal, a grand slam and Charles Mortenson for Iola.

Symco's Frank Lieschow was the winning hurler, while Iola's Jacobson absorbed the loss.

In Northern Division play, Wittenberg beat Eau Claire Dells, 8-5; Fland edged the Birmamwood Cardinals, 5-4, and Hatley topped the Birmamwood Tigers, 3-1.

Strong Wins
Steve Strong, recovering from a knee injury, got credit for the Wittenberg win, while Dennis Vaughn was the loser for Eau Claire Dells. Dan Owen helped his teammate with a pair of two-run home runs, while Gary Polesch poked a grand slam home run for the Dells.

Roger Breske was the winning pitcher for Eland, although Jim Matche aided loser Dave Resch with a three-run homer for the Cards.

Dave Zblewski picked up the win for Hatley, allowing only five hits. The Tigers' John Meverdon was the losing hurler.

Motorists Fined At Waupaca After Mishaps

WAUPACA — Two drivers arrested after being involved in separate accidents were fined Wednesday in Municipal Justice Court.

Gerald Hansen, 22, Milwaukee, forfeited a bond of \$73.25 on a charge of inattentive driving. Hansen was arrested June 26 after being involved in an accident south of Waupaca. Hansen told police he had dropped a cigarette and when he reached to pick it up he lost control of his car which struck a mail box. The mail box smashed through the windshield of the car.

Robert Henke, 28, route 1, Wisconsin Rapids, pleaded no contest to a charge of driving too fast for conditions. He was found guilty and fined \$65 and costs. Henke failed to negotiate a curve at the intersection of Sherman and Erickson Roads in the Town of Farmington June 27, and his car struck a bridge guard railing and landed in the ditch.

No-Hitter Marks First Round in Clintonville Loop

CLINTONVILLE—The first week of park league baseball in the summer recreation program directed by Stephen Balda and Janice Schnorr ended Friday with the Mets leading the Senior league and the White Sox leading the Junior league. Terry Olson of the Giants pitched a no-hitter in a 2-1 decision over the Pirates.

In the Senior league, the Mets have a 2-0 record; Giants and Astros, 1-1, and Pirates, 0-2. In the Junior league the White Sox are 3-0; Twins, 2-1; Orioles, 1-2, and Indians, 0-3.

In last week's tournaments Cheryl Kasuboski was first; Connie Thullen, second, and Rae Heidersheid, third in girls' tetherball; Mark Andrey, first; Tim Nordwig, second, and John Malloy, third, in boys' tetherball; Rusty Ehler, first, and Pat Zingler, second, in croquet.

Cities Conference To Meet July 21

CLINTONVILLE — The Small Cities Conference will meet at 4 p.m. July 21 for a social gathering at the Veterans Memorial Building. Wives of city officials will be guests.

Conducted tours are being planned at the Hansen Glove Corp. and the FWD Crop.

A 7 p.m. dinner will be served at the veterans building.

Jaycettes Plan Two Record Hops

CLINTONVILLE—Jaycettes, planned two record hops at an executive board meeting Tuesday afternoon at the home of Mrs. Roman Ritchie, president. The first dance will be July 24, with the proceeds going to the American Field Service chapter, and the second, Aug. 7, with the proceeds going to the Cerebral Palsy Fund. The dances will be from 8:30 to 11:30 p.m. at the Jaycee clubhouse. They will be chaperoned by the Jaycees and Jaycettes.

St. Bridget Society To Meet at Royalt

ROYALTON—The St. Bridget Altar Society will meet at 8 p.m. today at the home of Mrs. William Stevens. Mrs. Nic Doud will be program chairman. Hostesses include Mrs. John Kelly, Mrs. Ronald Knapstein, Mrs. Robert Krause, Mrs. William Stevens and Mrs. Simon Silson.

Francis Steiner, One of only a few boys participating in the Calumet County 4-H Favorite Foods Revue, goes over a rating sheet with Mrs. Clifford Schaub, Chilton, one of the judges. Looking on is Joan Prochnow, county home economics agent. Steiner is the son of Mr. and Mrs. Leo Steiner, route 2, Chilton. (Youngsteadt Photo)

Fremont Youths To Take 6-Week Course in Spain

FREMONT—Fremont students studying at the University of Madrid, Spain, this summer are Glenn and Judy Koepp, son and daughter of Mr. and Mrs. Lester Koepp, and Beth Neuschaefer, daughter of Dr. and Mrs. Walter Neuschaefer.

Koepp, a sophomore at the University of Wisconsin-Fox Valley Center, Menasha; Miss Koepp, Deaconess Hospital of Nursing, Milwaukee, and Miss Neuschaefer a junior at Union High School, Weyauwega, left Tuesday. They will live on campus for their six weeks of study.

Accompanying them is Mrs. Curt Kleeman, instructor at Union High School, Weyauwega.

Included in the study of Spanish will be editing the Madrid University newspaper, in which the Koepps will participate, and publishing a school annual on which Miss Neuschaefer and Mrs. Kleeman will work. The course ends with a talent show.

Demonstration Project For Mentally Retarded Offered in Milwaukee

A four-week demonstration project in personal development for mentally retarded young adults will be conducted July 19 to Aug. 13 at the Goodwill Industries of Wisconsin rehabilitation workshop center in Milwaukee.

The project will be a joint effort of Goodwill Industries and the Jewish Vocational Service.

Areas of concern will be personal health and hygiene, development of social skills, and development of constructive leisure time activities.

Clintonville Minister To Attend Institute

CLINTONVILLE — The Rev. William R. Christian, associate pastor of the St. Martin Luther Church, will attend a double institute at Concordia College, Milwaukee, July 12-16.

One institute will be "Living Lutheran Leadership" conducted by the Rev. Guido Merkens, Texas, and the "Pastor Counseling" conducted by Prof. Martin Haendschke, Milwaukee.

Clintonville Parking Meter Revenue Totals \$907 in June

CLINTONVILLE — Revenue reported. One case was turned from the city parking meters in over to the welfare department. June totaled \$907.54. Collections Three lost children were found amounted to \$866.04 and fines, and four minor boys were apprehended.

Court fines for the month were \$755 and costs of \$61.05 for a total of \$816.05.

City police made 25 arrests during the month according to Police Chief James Beggs. Twelve were for speeding, five for driving too fast for conditions, three for registration violations, two for disorderly conduct, and one each for an accident, resulting in striking and property damage, and one for inattentive driving, operating a vehicle while under the influence of intoxicants, failure to report an accident, operating a vehicle after revocation, and drunkenness.

Two cases of larceny were them.

Youths Show 70 Floats

Liberty Bell Wins Camp Fire Girls Parade in Freedom

FREMONT—The Fourth of July parade sponsored by the Camp Fire Girls here featured 70 floats in the kiddie parade. A liberty bell float, "Let Freedom Ring," won first prize. It was entered by Cindy Schmidt, daughter of Mr. and Mrs. Duane Schmidt. Second prize winner was a rocket ship entered by Craig Burow, Lynn Burow and Gale Brogaard entitled, "Go, Go, Apollo."

The top 15 float winners received first choice in the selection of the merchant donated prizes. Each child received a prize, ice cream donated by Mrs. Marie Guenther and soft drinks donated by Bruce Goode.

Fire chief Gordon Toepke, and assistant chief Gordon Puls led the parade Monday down Wolf River Drive with the fire truck. Mrs. Max Peters, leader of the Camp Fire Girls, was in charge of arrangements. Mrs. Orville Schauland, Muscatine, Iowa, was moderator. Judges were Mrs. John Peters and Mrs. Arlin Pitt.

Consolidated Papers Names Coordinator

WISCONSIN RAPIDS—John C. Ritchie has been appointed to the new position of stores and materials coordinator in the purchasing department of Consolidated Papers, Inc., according to Martin Kirchhoefer, director of purchases.

Ritchie, a veteran of 25 years with the company, has been estimator and expeditor in the central engineering department since 1956. During his earlier employment he held supervisory posts in the stores departments at the company's Wisconsin Rapids Division and Consoweld Corporation.

Rotary Views Film

CLINTONVILLE — A ship building film was shown at the Monday noon luncheon meeting of the Rotary Club at the Hotel Marson. Dr. Harold Laatsch was program chairman.

Appleton Woman Elected to UCC Ministries Board

Mrs. Paul H. Olm, Appleton, has been elected a corporate member of the United Church of Christ Board for World Ministries. She was elected to the six-year term by the 738-member General Synod of the denomination.

She is the wife of the Rev. Paul H. Olm, conference minister of the Northeast Wisconsin conference of UCC.

The board plans and conducts the UCC program of mission and service board and emergency relief.

It continues the work previously carried on by the American Board of Commissioners for Foreign Missions, the Board of International Missions, the Commission on World Service and the Congregational Christian Service Committee.

UCC is an union of the Evangelical and Reformed and Congregational Christian churches.

Manawa Electric Power Cut as Car Hits Pole

MANAWA—Depot street residents were without electricity for a short time early this morning after an auto struck a utility pole.

Police Chief Kenneth Stevens said a car driven by Kenneth Bartel, route 1, Manawa, struck the pole about 1 a.m. while traveling north on Depot street near the high school.

Bartel escaped injury.

The Post-Crescent B 2

North Central To Purchase 5 Jet Airplanes

Plans to Phase Out DC3 Service by Early Part of '67

Special to the Post-Crescent

MINNEAPOLIS — Inauguration of Douglas DC9 jet airplane service and the phasing out of DC3 service by "early 1967" was announced today by Hal N. Carr, president of North Central Airlines.

Carr said the company has made an initial purchase of five of the new 80-passenger twin-jets, including parts, at a cost of \$20 million and an option for five additional DC9s.

North Central has arranged financing with the Northwestern National Bank of Minneapolis and the Irving Trust Co. of New York for the purchase from the Douglas Aircraft Co. in Long Beach, Calif. In addition, 13 banks on North Central's system which are affiliated with the Northwest Bancorporation will participate in the financing.

18 DC3s in Service

Presently, North Central's fleet consists of 27 of the 40-passenger Convair 440s and 18 of the older 26-passenger DC3s. More than 80 per cent of the airline's "seat miles" are now flown with Convairs. By the spring of next year, this will be increased to 90 per cent. By early 1967, the 560 mile-per-hour DC9s and the Convairs will make up 100 per cent of North Central's fleet.

Since the Fox Cities is expected to retain North Central service at the new Outagamie County Airport, it is probable that the abandonment of DC3 service to the Fox Cities airport will come in the near future.

During testimony Wednesday at a hearing on proposed improvements for the Winnebago County Airport at Oshkosh, M. H. Ellyson, North Central's manager of airport requirements, said the airline would announce jet plans soon and added that Oshkosh may be one of the initial jet stops.

Steve Beyer Joins Law Firm At New London

NEW LONDON — Steve Beyer, 602 W. Millard St., is the newest member of Werner firm.

Beyer, a member of the Winter and Beyer firm in Shawano, moved to New London and joined the local firm June 14. He was assistant district attorney of Shawano County.

Beyer was graduated from the Marquette University Law School and had pre-law at the University of Wisconsin. He will assume most of the duties performed by Ed Macklin who left June 15 for New York to practice law.

Beyer is married and has two sons.

LEGAL NOTICES

STATE OF WISCONSIN, OUTAGAMIE COUNTY COURT—IN PROBATE

In the Matter of the Estate of MARY S. BLAKE, Deceased.

A petition having been filed, representing that Mary S. Blake, late of the Village of Black Creek, Outagamie County, Wisconsin, died testate, and praying that the Last Will and Testamentary be granted, and for the appointment and adjudication of her heirs, and for the return of her estate.

IT IS ORDERED:

That said petition be heard, at a term of Court at the Court House in the City of Appleton, County of Outagamie, State of Wisconsin, on the 27th day of August, 1965, at the opening of Court on that day, or as soon thereafter as said petition can be heard.

That the time within which creditors of the deceased shall present claims against such estate for examination and allowance is hereby fixed and limited up to and including the 29th day of September, 1965.

That all claims against the deceased shall be examined and adjusted by the Court on the 5th day of October, 1965 at the opening of Court on that day, or as soon thereafter as the matter can be heard.

Dated June 29, 1965.

STATE OF WISCONSIN, OUTAGAMIE COUNTY COURT—IN PROBATE

Branch No. 1
In the Matter of the Estate of Christ Stacker, Deceased.
On the application of the executor of the estate of Christ Stacker, deceased, late of the City of Appleton, Outagamie County, Wisconsin, for the allowance and adjustment of his account, for the allowance of debts or claims paid without filing, for the determination of the residue of the estate, and the adjudication of the termination of joint tenancy or life estate, if any.

IT IS ORDERED:

That the application be heard and determined at a term of the Court, to be held in and for the County of Outagamie, at the Court House, in the City of Appleton, on the 20th day of July, 1965, at the opening of Court on that day, or as soon thereafter as the matter can be heard.

Dated June 22, 1965.

By the Court:
URBAN P. VAN SUSTEREN
County Judge
Branch No. 1
Brummond & Hebe, Attorneys
Zukite Building
Appleton, Wisconsin.

(Note: Sec. 324.26 Wis. Stats. requires a notation of persons who appear to be interested but whose addresses are unknown and uncertain.)

June 24, 1965

Winnebago's Airport Plans Are Challenged

CONTINUED FROM PAGE 1
Impossible at this time to make any intelligent estimate of the future commercial volume at this airport. Until this can be done with reasonable accuracy, no one can possibly know what improvements, if any, are needed at this airport since the public need is certainly the only justification for public expenditures of this magnitude.

Clintonville Buys Body for Garbage Truck

CONTINUED FROM PAGE 1
The planning commission reported the contract from the Department of Resource Development for the city's participation in the 701 Urban Renewal program was ready for city officials to sign.

Thirty-three tavern operator licenses were approved.

Council referred a bill from Mantin Brothers, Clintonville, for the repair of water lines in Graceland Cemetery to the Water and Light Commission.

Menasha Man Gets Jail Term

Admits Break-ins At Brillion; Brother Put on Probation

CHILTON—Charles Freedy, 23 413 First St., Menasha, was sentenced to serve two consecutive one-year terms in the reformatory at Green Bay for break-ins at two Brillion service stations June 11 and 12.

Freedy and his brother, Robert, appeared in Calumet County Court before Judge D. H. Sebor for sentencing Wednesday.

The pair had pleaded guilty. A pre-sentence investigation was conducted.

Robert was placed on probation for two years to the State Department of Public Welfare. Restitution for the losses was ordered by the court.

Brillion Police Chief Reuben Huntington arrested them after residents near the Bessert Gasoline Co. reported seeing burglars.

On June 11, cigars, cigarettes and sunglasses were taken from Lewis Cities Service and about \$15 was taken from the cash register and a soft drink vending machine at Warren's Skelly Station.

3 Injured in Calumet Crash

Fond du Lac, Chilton Drivers Involved in Collision Wednesday

CHILTON—Three persons were injured at 6:30 p.m. Wednesday when a car driven by Katherine Schall, 49, Fond du Lac, collided with an auto driven by Herman B. Schoen, 86, 38 Baldwin St., Chilton, a mile north of Calumetville, on State 55—U.S. 151.

Taken to St. Agnes Hospital, Fond du Lac, were Clarence Schall, 57, with facial cuts and chest injuries; Robert Felda, 22, Fond du Lac, with leg and back injuries; and Michael LeFever, 18, Fond du Lac, leg injuries.

Schoen told Calumet County Police he was headed south and was attempting to turn left when the crash occurred. The Schall auto was headed north.

Baby Sitting, Home Nursing Classes to Start

NEW LONDON—Classes in home nursing and babysitting will start next week, according to City-School nurse, Mrs. Alice Murray who will teach them.

The Red Cross home nursing course will be at the Lincoln School Monday, Wednesday and Friday for two weeks. Classes will run from 9:30 a.m. to noon, beginning Monday and ending July 23.

Babysitting lessons will be held July 15, 20 and 22 at 9:30 a.m. at Lincoln School.

Mrs. Murray said she would prefer to have persons pre-register at her office before classes begin, but they can register the opening day of classes.

About 12 persons have registered in the two classes.

airport" and with "a second airline proposing to offer service from that airport (Outagamie) in a few weeks."

He called the proposed expenditure "a gamble of tax dollars on the outcome of a court case on the one hand, and the inability of Air Wisconsin to attract customers on the other."

Ask Dismissal

Powell said, "Kimberly-Clark emphatically urges the State Aeronautics Commission to dismiss these proceedings, pending the time the court has handed down its decision and the CAB has acted on it."

The Kimberly-Clark statement's reference to the court case was to the appeal by the State of Wisconsin, Outagamie County, and the cities of Clintonville and Ashland to the Civil Aeronautics Board (CAB) regional airport consolidation ruling. In the ruling, the Winnebago County Airport was designated the regional airport to serve the Oshkosh-Fox Cities area. The appeal now is before the 7th District U. S. Circuit Court in Chicago.

In his statement, Ponath agreed with Powell's references to dismissing proceedings until after disposition of the appeal.

In addition, he told the commission's examiner, Fritz Wolf, that the state "should consider the whole area and should not expend funds for the advantage of a small area."

"Appleton and the surrounding Fox Cities," he said, "require airplane service in the Fox Cities, not in Oshkosh."

"We have no desire," Ponath stated, "to try to take away what Winnebago needs, but we feel Winnebago also has no right to rob what we need."

Expect Jets

Looper cited the likelihood of expanded jet airplane using of the Winnebago port as reason for the north-south runway expansion.

He said jet aircraft such as the DC9 and BAC111 "would require runways of 6,500 feet."

The relocation of State 26 "was discussed with the State Highway Commission" and "it was determined that the highway could be abandoned or relocated without significant hardship to the community or the present users. Such relocation could be accomplished along U.S. 41 and State 44 west of the airport, or along Ripple Road or on new right-of-way south of the airport and north of County Trunk I."

During cross examination Ponath said to Looper, "You don't mean to tell me that the state has given approval to relocation Highway 26, do you?"

Looper added the state "will consider it if we request it."

Ponath then asked, "What if the state does not approve moving Highway 26?"

Couldn't Extend Runway

"Then," Looper answered, "we couldn't extend the north-south runway."

Ponath also disagreed with Looper's claim the project would cost \$1,431,000.

"Isn't it possible," he asked, "that the project could cost \$500,000 more?" Looper said, "It was possible, but unlikely."

Then Ponath claimed that Looper's estimates didn't include estimates for expanding the passenger terminal building or relocating State 26. The consultant engineer repeated his best estimate was \$1,431,000.

In Favor

Testifying in favor of the project earlier in the day were Winnebago County Board Chairman Joseph Drexler of Oshkosh, Winnebago Airport Manager S. J. Wittman of Oshkosh, airport fixed base operator Warren Basler of Oshkosh, Oshkosh City Manager Ray Harbaugh, Bergstrom Paper Co. Vice President D. W. Bergstrom of Neenah, and Carl Biederman, chairman of the citizen's committee for the Winnebago County Regional Airport at Oshkosh.

Wolf gave Ponath authorization to file a written brief to the commission on "the proposed airport improvements."

The commission's decision on the preliminary aid request probably won't be made until this fall.

The commission's recommendations will be forwarded then to the Federal Aviation Agency which must make the final decision on the aid expenditures.

What about that painless "Air Force" Diet?

Sentencing Set July 19 for Brillion Burglars

CHILTON—Sentencing of Thomas Steinfest, 19, 130 Oak Street, Brillion, and Donald Jones, 18, Oconto Falls, has been scheduled for July 19 by Calumet County Judge D.H. Sebor.

Both pleaded guilty Tuesday in Calumet County Court to two counts of burglary.

They admitted burglaries in Brillion last week at Brillion Coin Launderette and Doughty's Grocery Store.

Steinfest had been staying in a rented room in the home of Brillion Police Chief Reuben Huntington.

Steingest is being held at Calumet County Jail Jones was released on bond. Bail for both men had been set at \$1,500.

Outagamie Wants to Keep Trespassers Out of Old Airport

Outagamie County has closed its old airport, and now wants to find a way to keep people out of it.

There have been continued reports that go-kart enthusiasts are using the field, now out of service for aircraft, for their racing. The racing buffs reportedly are young people. There also have been recent reports of vandalism at the abandoned airfield.

In addition, there was a report that a light private plane landed at the field Sunday, then took off after being on the ground only moments.

The runway is marked with a large "X" and landing there is not permitted, except in emergencies.

County officials fear further damage to remaining facilities at the airport, and the hazard of the unauthorized racing on county property.

Sheriff Lt. Jack Frenz was to meet today with County Executive Secretary Alvin Woehler to discuss the possibility of putting "no trespassing" signs at the airport.

Frenz said he hoped the signs would help keep the young speedsters off the airstrip.

The ultimate fate of the airport remains uncertain. The City of Appleton has purchased a portion of the field to be used for a municipal garage, and planners have outlined schemes for developing the remainder of the land as a residential area.

North Central Airline Service To Clintonville Hit by Attorney

CONTINUED FROM PAGE 1
fare, the service that was rendered or not rendered and concerning confirmation of return flights to Clintonville, and it seems to me, that if, as a matter of fact, as established in the 'Use It or Lose It Case,' and again in this hearing, that up to the year 1958 the passenger use and growth and also the cargo use at Clintonville showed a very definite, steady increase and that during this time we had essentially the same schedules with but little variation or change. The fact is that when North Central started juggling and deleting schedules and flights, without regard to our need, that there was an immediate and a very apparent drop in the passenger traffic.

Cargo Growth

"You just cannot expect the public to use any old schedule that is thrown at them and the effect of this is still seriously hampering our passenger generation potential at Clintonville. The truth of this is the steady and upward climb of cargo use, which does not depend upon schedules to the degree that passenger use does, and this proves that the use and need is here and that the failure to generate a larger number of passenger use is the failure of the carrier to supply a schedule to meet the proven needs of this community, consisting of an excess of 90,000 potential airline passengers."

No Promotion

"In addition to this there has been a meager and niggardly amount spent by North Central at Clintonville for advertisement and development of air transportation use whereas practically every other city in this matter had a larger amount expended for this purpose by North Central.

"The historical development of this airline at Clintonville and the consistent use, backing and friendship of the Clintonville area people of this airline deserves much better treatment than this."

Improvement Plans

Recommendations of the airport commission for blacktopping three areas at the airport and the renovating of the city-owned former McKenna hangar for \$17,150 were approved by the Clintonville Council.

Ald Eugene Dexter, airport commission chairman, said the entrance road to the airport would be placed in its proper position according to the master plan of the airport and would be blacktopped, the taxi strip would be widened and blacktopped, and the apron extension would be blacktopped. Blacktopping costs will be \$4,038.

The Clintonville Lumber and Supply Co. bid \$11,479 to renovate the former McKenna hangar and Quality Plumbing and Heating, Clintonville, bid \$1,633 on the heating. Included in the renovation are trenching around the building with poured footings, laying up four feet of light weight block, installing three new overhead doors, installing new steel sheeting on side walls, and several inside changes.

No action was taken on a commission recommendation for \$5,210 steel storage building 'Should Stand'

Mayor Frank Sinkewicz said the renovation would encourage having a fixed base operator at the airport and "it is our intention that the airport should stand, but if it should fall flat, we still need facilities for other purposes."

He continued, "Although the expenditure seems to be a sizeable one, we are at a point

where our economy is increasing and we need to keep up. At FWD, two years ago, less than 700 people were employed with a \$3½ million annual payroll. Now FWD has an \$8 million annual payroll involving 1,650 employees with close to \$1½ million in fringe benefits. Unless we are progressive enough to move ahead, we may reach a plateau where industry will not come in or expand."

Fixed Base Operation

Basil Arvey, airport manager, explained having a fixed base operator at the airport would generate more business. A fixed base operator is expected to make inspections, provide instructions and provide charter flights.

The airport commission has been working with William Brennan of Oshkosh, who presently is set up at the Oshkosh airport. If the Oshkosh airport expands, it will be in the area where his operation is located. Brennan has three men working for him. He brings in planes, reconditions them and sells them, and has a self-sustaining business. It is felt that Brennan's operation would fit in well at Clintonville.

UW Center Educator At Math Institute

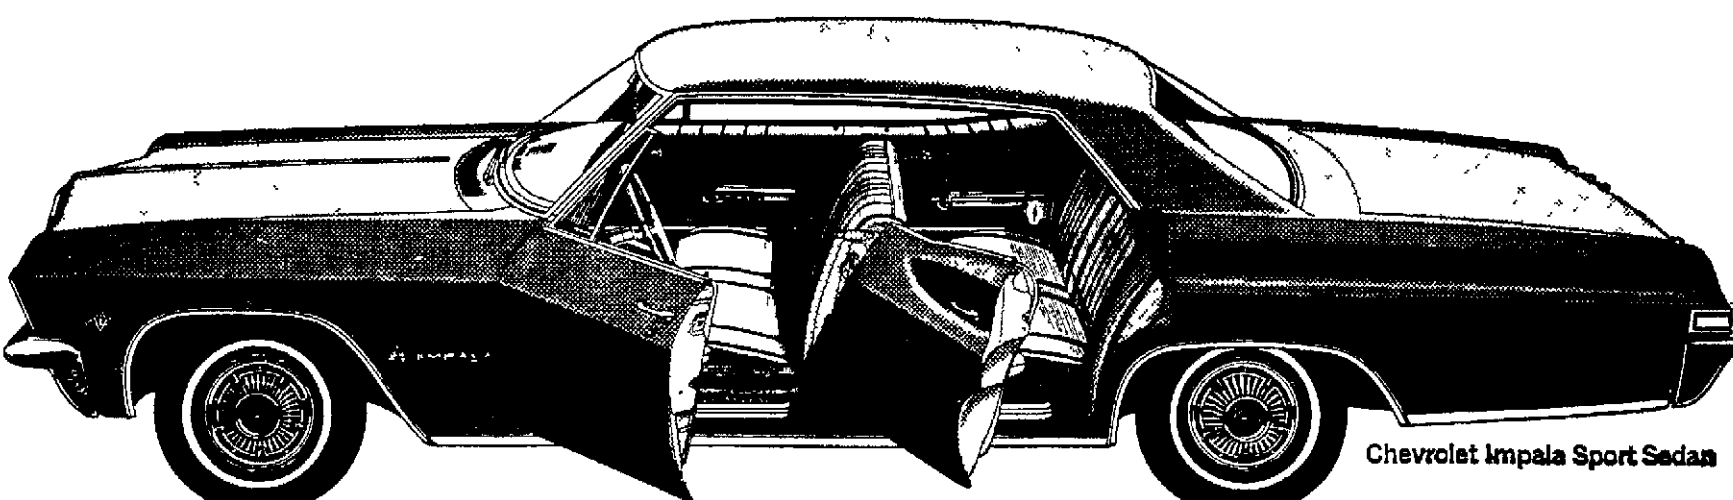

David G. Murray, a teacher at the University of Wisconsin Fox Valley Center, is one of 36 junior college teachers of mathematics attending a National Science Foundation institute for mathematics teachers at San Jose State College in California.

Primary objectives of the institute are to strengthen the participants' mastery of mathematics and to improve their ability to interest students in careers in mathematics and science.

Only the No.1 man's got the No.1 buys: your Chevrolet dealer

(See him now!)

State Optimist Conference Set At Neenah

International Vice President to Be Main Speaker

The international vice president of Optimist International will meet Friday and Saturday with more than 125 officials of Wisconsin District Optimist Board of Directors for a special program at Holiday Inn at Appleton.

Robert L. Heidbrink, international vice president, Minneapolis, will be the featured speaker at a dinner Saturday noon highlighting a day and a half of business sessions.

Open Session

New Wisconsin District Gov. Patrick L. Crooks, Wausau, will open the annual session at 9 a.m. Saturday.

Presidents, secretaries and treasurers of Optimist clubs throughout the state and the six district lieutenant governors will attend.

A meeting is scheduled for the district executive committee Friday evening after a hospital-ity session marking the opening of the program.

Optimist Programs

A series of 10 special sessions are planned Saturday morning covering various phases of Optimist programming. Main emphasis will be on boys' work, community service, public relations, and club building and membership.

A model service club meeting will be staged at noon with the address by Heidbrink.

The afternoon sessions will include adoption of the state budget, reports from district

Loan Closet Aid Offered To New London

Seek Storage Space For Items From Twin City Group

NEW LONDON—An assist in building up a medical loan closet was extended New London Tuesday by a Neenah-Menasha volunteer group.

The Visiting Nurse Association (VNA) from the Twin Cities offered City Nurse Mrs. Alice Murray the equipment if she could find a means of transporting it to New London.

Offered were an adjustable hospital bed, two that can be raised on one end only, a number of wooden wheel chairs and numerous small items necessary for home care of patients. Mrs. Murray said New London should make every attempt to procure the items and find a place to store them.

A possible location in the museum is too small for adequate storage.

Ald. Mrs. Grace Stern said the nurse is searching for a storage place. The matter will be brought before the council.

A loan closet was initiated about a month ago by the council with the purchase of three walkers. At the time, authorization was given to find a storage area.

State Bureau Chief Named To Board

Carl Wettengel, Appleton Native, on State Merit Unit

MADISON—Carl F. Wettengel, director of the state Bureau of Personnel and a native of Appleton, has been reappointed to the state Merit Award Board by Gov. Warren P. Knowles.

Wettengel, 53, will be serving his third term as a board member.

The board was created in 1953 to administer an award program to encourage suggestions and accomplishments by state employees promoting efficiency and economy in the performance of any function of state government.

The board determines the nature and extent of the merit awards, including certificates, medals and cash.

Wettengel, who graduated from Lawrence University, has been director of the Bureau of Personnel since 1958.

New Airline Did Request Space at Port

Air Wisconsin, Inc. — the new Appleton-based airline — was the first to request space for operating out of the new Outagamie County Airport, it was disclosed today.

A report arising out of an airport committee meeting Tuesday was that the airline had not requested terminal space or landing rights.

However, in a letter dated June 17, Karl Baldwin, president of Air Wisconsin, Inc., asked for space in the terminal and offered to share some with North Central Airlines.

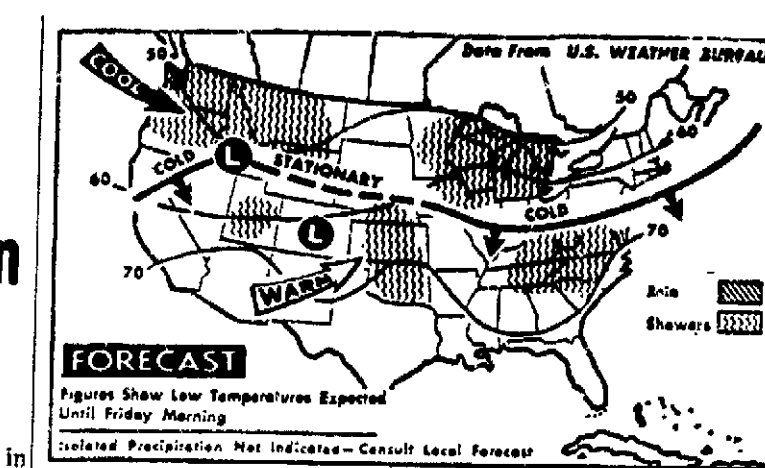

Baldwin sent the letter to Mark Catlin, county airport committee chairman.

Air Wisconsin asked to lease the southeast corner of the terminal for its home office where tickets would be sold and baggage handled. Baldwin said his firm would be willing to pay a reasonable rental rate.

Baldwin's group also requested use of the baggage room and said it was willing to share it with North Central.

Wisconsin Cheese

MADISON (AP) — Wisconsin cheddar cheese market today: prices steady; demand fair to good; supplies ample. Prices: cheddars 35-38%; 40-pound blocks 35%-38%; single daisies 39%-41%; longhorns 39%-39%; midgets 39%-41.

Forecast for Tonight is showers and thundershowers in the Pacific northwest, the Rockies, the Mississippi valley and the southeast. It will be cooler from the Pacific northwest into the northern Rockies and in the middle Atlantic states. Milder temperatures will prevail from the central Plains into the lower Lakes. Return of Rainy Weather Bodes Damp Weekend

By THE ASSOCIATED PRESS

Showers have scheduled a return appearance in Wisconsin tonight and Friday, with indications that a damp weekend is in prospect.

A thundershower was reported at Eau Claire this morning. Prior to 7 a.m. a trace of rain was recorded at Lone Rock, La Crosse and in the Beloit region.

Temperatures during the night ranged from 49 in the Superior area to 64 at La Crosse. Park Falls had 51, Green Bay and Wausau 57, Madison 59, Milwaukee 60, Eau Claire 61 and Lone Rock and Racine 63.

Maximum temperatures Wednesday were in the 80s and high 70s, with Green Bay setting the high of 85. Park Falls was the coolest place with 76.

Blythe, Calif., set the national high of 115 degrees Wednesday, compared with the low of 39 at Stampede Pass, Wash., early today.

Milwaukee Livestock

MILWAUKEE (AP)—Wednesday's cattle market closed steady; good to choice steers 25.00-27.00; good to choice heifers 21.00 - 26.00; standard Holstein steers 18.50 - 21.00; standard dairy and commercial heifers 18.00 - 19.00; utility cows 14.50-15.50; canners and cutters 12.50 - 14.00; commercial bulls 18.00-50; utility bulls 16.50-17.50.

Calves: Wednesday's market steady; good to choice 24.00-30.00; common 20.00-24.00; culls 16.00-20.00.

Hogs: Wednesday's market 50 lower; lightweight butchers 23.00-24.00; heavyweights 22.00-23.00; light sows 20.00 - 22.00; heavyweights 18.00-19.50; boars 14.00-15.00.

Sheep and lambs: Wednesday's market closed steady; good to choice 21.00-25.00; common to utility 17.00-21.00; culls 15.00-17.00; ewes 5.00-6.00; bucks 4.00-5.00.

Eggs mixed; 70 per cent or better grade A whites 29; mixed 29; mediums 26; standards 27.

Outagamie May Get Aid For Runway

FFA Will Give Its Decision When Funds Allocated

OSHKOSH — Outagamie County will learn on Aug. 20 whether it has received Federal Aviation Agency (FAA) approval of its request for funds for the construction of a cross-wind runway at the new county airport.

James Popp, of the FAA's Minneapolis office, told a Post-Crescent reporter here Wednesday, that the proposed project has been fully considered and the federal agency's decision will be announced when it makes financial allocations on Aug. 20.

He said "it is very probable" that the FAA will approve a 5,200 by 100-foot northeast-southwest runway.

Port Aid Hearing

A hearing on Outagamie County's request for federal and state aid on the proposed project was held in the Outagamie County courthouse early last year. Fritz Wolf, hearing examiner for the Wisconsin Aeronautics Commission, said privately Wednesday, that he approved Outagamie County's request and forwarded it to the FAA along with a recommendation that a 5,200 foot cross-wind runway be built.

Wolf and Popp were here for a preliminary hearing on a Winebag County request for aid in a proposed extensive improvement and enlargement program for the Winebag County Airport at Oshkosh.

Once Outagamie County receives its expected approval of the cross-wind runway, it is likely that an additional request will be made for aid for expansion of the present and-or the cross-wind runway to 6,500 feet and for additional land purchases.

Stock Market Trading Quiet

Change in Key Issues Remains Mostly Fractional

NEW YORK (AP) — Stock market prices moved in a narrow range in quiet trading early this afternoon.

Gains and losses of key issues were mostly fractional.

Trading was sluggish for the third straight day. In the first hour, only 780,000 shares crossed the ticker tape, compared with 820,000 Wednesday, when the day's total of 3.03 million was the lowest since Aug. 2, 1963.

The market had no news developments to stimulate it and was following the pattern which has prevailed the last two days, when moderate losses were registered.

Reports of big June sales by major retail chains failed to spark the mail order-retail issues, which showed only minor changes.

Aircrafts were the only group solidly in the plus column with United Aircraft gaining about a point and Boeing, Douglas and General Dynamics picking up fractions.

The Associated Press 60-stock average at noon was ahead a minimal .1 at 320.1 with industrials off .1, rails unchanged and utilities up .3.

The Dow Jones average of 30 industrials at noon was off .93 at 869.84.

Thursday, July 8, 1965 The Post-Crescent B 7

Start Negotiation For Art Gallery Site

Appleton Group Makes Plans For Fund, Member Campaigns

A permanent home for the Appleton Gallery of Arts has come a step closer to reality as the AGA building committee, headed by Bernard F. Smith, 280 River Drive, has started negotiations for the purchase of a building.

Incidental to the negotiations, the AGA is making plans for an intensive campaign for funds and members.

Smith's committee consists of Philip Sealy, AGA president; Fred Schmidt and Ralph Davis.

5 Years Old

The AGA was founded five years ago, under the direction of Mr. and Mrs. O. Reynold Steinert and Mr. and Mrs. Chris Borggren with a nucleus of 13 members. The AGA now has a membership of 140.

While the chief interest in the AGA is to provide a meeting ground for operating artists and craftsmen, the organization also includes persons who may not have artistic talent but who have an appreciation for the arts and who enjoy associating with artists.

The fast growing membership has caused the AGA to outgrow its previous meeting places. It

An offshoot of the AGA is the Artskeller, a cooperative venture in which 25 artists share a workshop in the cellar of a downtown office building.

Permanent Gallery

As the AGA program expanded, however, it has held firm to one of the major goals of its founders—the desire to provide a permanent gallery for Appleton.

A building fund was started early by the AHA, supported by proceeds from the Variety Theater promotion and by gifts and bequests.

The proposed gallery not only would provide exhibition space and workrooms for Fox Cities artists but also would house traveling exhibits of the works of the world's finest artists.

Chicago Livestock

What exhilarating summer activity did the 18th century English enjoy on the ice?

Some called it one of the most refreshing ideas the English have ever had. Mr. Gordon just called it his gin. Glorious, gleaming Gordon's. Smooth as ice. Dry as snow. Such an exhilarating pastime. The English have been devoted to it for 196 years. It's still best-seller there. And here. In fact, throughout the thirsty world. Let Gordon's exhilarate you during summer's dog days. See for yourself why the English can brave the noonday sun.

Power Plant on the St. Croix

The way is now clear for Northern States Power Co. to break ground on the large, coal-fired power plant on the St. Croix River. Last week the U. S. Supreme Court refused to grant an injunction delaying the construction of the 550,000 kilowatt plant at Oak Heights Park, Minn., about 20 miles east of the Twin Cities.

The court's refusal to take up the matter, which was requested by Atty. Gen. Bronson LaFollette on behalf of Wisconsin citizens across the river from the plant, is a final demonstration that there is no governmental machinery to control industrial expansion in interstate recreational or scenic areas.

To allow or not allow construction of the plant on a river known for its natural beauty was a complex question.

Proponents of the plant — mainly the company and taxpayers in Washington County where the \$63 million plant is to be built — point out that the Twin Cities area needs a new plant every two years and that the new facility must go somewhere.

Opponents of the plant — mainly property owners near the plant site on both the Minnesota and Wisconsin sides of the river — argue with almost emotional fervor against air and water pollution of the St. Croix. Complicated statistics were brought forward by both sides on how much pollution would result.

Whatever the merits of either side of the argument, the unfortunate aspect of the controversy was that no agency had the single responsibility of considering the whole question.

The only clearances that Northern States Power Co. needed to build on the St. Croix were from the Minnesota Conservation Commissioner to take the necessary water out of the river and from the Minnesota Water Pollution Control Commission to put the water back into the St. Croix.

Almost wholly unconsidered were air

pollution and the large, overall question of what priorities should be given to preserving needed recreational areas nearby burgeoning metropolitan complexes. Furthermore, the interests of the Wisconsin citizens in St. Croix County went unrepresented before any determining agency and they never had their day in court.

The governors of the two states exchanged correspondence; a joint federal-state commission was set up to study the question, and several grass roots organizations made extensive appeals for sympathy in the press. But, in the end, only the two Minnesota commissions had any say at all in the issue.

Sen. Gaylord Nelson is sponsoring a "wild river" bill to protect the St. Croix above the site of the present plant. But he admits that even if the bill passes it will have no effect on the present NSP building plans and that for all practical purposes Wisconsinites could do nothing about any pollution of the prevailing easterly winds or of the St. Croix waters.

His bill is necessary, but a broader bill setting up some kind of federal power to rule on interstate conservation questions that overlap more than one state may still be needed.

The potential pollution from the proposed plant, for instance, will empty from the St. Croix into the Mississippi River, and eventually hit all the states downriver to the Gulf. At present they also have no voice when a plant that pollutes is built in an upriver state.

One solution that might have been considered by such a federal agency would have been permission for a nuclear plant only on the St. Croix site. It would have cost the company, and eventually the consumer, more money, but also would have eliminated much of the air and water pollution, the coal barges on a recreational river, and the 600 foot smokestack.

'TORO!'

Taylor Says

Red Propaganda Broadcast From Cuba by Fugitive American

BY HENRY J. TAYLOR

Robert Franklin Williams, a militant black nationalist and federal fugitive, is now broadcasting to our troops in South Viet Nam over Radio Havana. The transmitter is the powerful Russian-built station on Cuba's Cape Breton peninsula.

When this man talks you can hear his brain ticking like a cheap alarm clock, if you know who he really is, but Beethoven never sounded as sweet.

Why should "we Americans" be suffering in the jungles, fighting in somebody else's faraway war? What's it all about, he asks, quoting out of text the debates taking place in the United States.

He implies that it's the helpless G.I. who is ordered by his officers to die. (More American officers than enlisted men have been killed in

Taylor

South Viet Nam.) He claims that the South Vietnamese regard the North as their liberator. (More than a million Vietnamese fled to South Viet Nam when Red Ho Chi Minh took over in the North.)

INDICTED FOR KIDNAPING

Cuban underground sources describe Williams, age 40, as Castro's pet anti-American propagandist today, superseding a previous pet who was a Chinese Red, although Williams is silent on the fact that the broadcasts our troops hear come from Havana. In his "we Americans" pitch he also omits the fact that he fled the United States (via Canada), under indictment for kidnaping at gunpoint and is widely supposed to have sojourned in both Red China and Hanoi.

Radio Havana also broadcasts to the American Negro population in our Southern states.

Williams joins a group of other buzzing flies who gush out a weekly half-hour program called "The Voice of Free Dixie." Free Dixie's voice in Castro's Cuba! Free Dixie's voice where if a neighbor dislikes you his word may kill you!

The House Subcommittee on Inter-American Affairs, in turn, confirms that Red propaganda is now being broadcast to Latin America from Peking, the U.S.S.R., Eastern Europe and Cuba at the rate of 425 hours a week, of which 135 hours are from Cuba.

John Dutcher of North Shore Golf Club was just a stroke under Stinski with a one-over-par 72 for runnerup medalist honors.

Kiwanis Club representatives attending a club picnic at Camp Wawbeek, Wisconsin Dells, were Mr. and Mrs. William Griffith, Dr. and Mrs. J. Craig Stillman of Appleton's Northside Kiwanis Club.

at the last hour commuted to imprisonment for life.

Herb Stinski of Ridgeway Golf Course, Neenah, posted the medalist score of 71 in the Wisconsin qualifying round for the Northeastern Golf Association Amateur tournament at the Oshkosh Country Club.

Trash Burning Moratorium

Gratifying to say the least—and a compliment to the citizenry of Appleton—were the observations last week of fire and police department officials that residents apparently started to comply with an outdoor trash burning moratorium even before it officially took effect July 1.

Fire Chief Roland Kuehl and Police Chief Earl O. Wolff reported their men making daily rounds in the city have noticed a sharp drop in the amount of

trash burning in recent weeks. This is normally the time of the year when burning has been near the peak.

There is no excuse for Appleton being the smokestack of the Fox Valley. The moratorium was a good idea and it is hoped residents will continue to cooperate. It also might be well to note that anyone caught violating the burning ordinance will have their day in court. That is how it should be.

Taiwan Cancels Out

United States aid to the Republic of China officially has been ended and the administration backers of our foreign aid program are once again pointing with pride to a tangible result as well as stressing that eventually perhaps all countries will not need any more help from the United States.

Actually the record in Taiwan is impressive although it is difficult to ascertain exactly how much of the remarkable progress was directly due to United States loans and grants. Taiwan had been taken by the Japanese but then was turned over to the Republic of China after World War II. Eventually it became the Republic of China when the Communists decisively defeated the Nationalists on the mainland in 1949. Our aid at first merely was to stabilize but for the last seven years it has been of a long-term development type. It also has gradually changed from grants to loans with interest payable in American currency.

Since 1951 the industrial production on Taiwan has soared 300 per cent, agricultural production went up 70 per cent, exports tripled and imports doubled. There were extensive social changes as well as the primarily economic. The number of farms owned by their cultivators doubled so that 85 per cent now are at least partly so owned. High school enrollment tripled, university enrollment quadrupled and the literacy rate jumped from 55 per cent to 78 per cent. Of course this boom meant a continued increase in foreign investment so that now China can rely on market terms for investment.

The extensive criticism of our foreign aid programs has ranged all the way from a stress on the abuses and waste through a visionary do-gooder philosophy to an insistence that handouts will never breed sufficiency. Obviously the criticisms have some valid basis. But just as obviously the foreign aid programs have had some dramatic and encouraging results. Taiwan

joins all of Western Europe, Japan, Greece and Lebanon as former recipients who found the economic strength to be on their own.

However, the success in these areas does not guarantee success everywhere. The great bulk of our overall aid—95 per cent—goes to only 31 of the total of 71 nations who receive something. Half of the economic grants and loans go only to eleven countries and the reasons are considerably different. Brazil and Chile get theirs because they have made efforts at political, economic and social reforms under the Alliance for Progress stipulations. Turkey is needed in NATO. India is virtually an essential saving of face for democracy as opposed to communism while India's arch enemy Pakistan has made suggested reforms despite her current hand-in-hand pose with Communist China.

But because the Republic of China and France, for instance, now are economically healthy is no reason to believe that our continued economic aid to India, for instance, ever will manage to assist that nation over its severe lack of capital. India has improved industrially but it is barely keeping pace with its population growth which has increased as health and sanitary measures have improved.

Backers of foreign aid make a mistake when they try to prove that the program eventually will be unnecessary because some recipients have been able to get off the rolls. It may very well be that most aid should be channeled through international agencies, as Senator Fulbright now believes. But the United States still would be expropriating funds for the programs. What is encouraging about the entire program, at least of economic aid, is that the percentage of loans to grants is rising. This will make any eventual transferral to economically sound international agencies such as the World Bank or the Export-Import Bank that much easier.

Looking Backward

Conspirators Executed, Jailed

100 YEARS AGO
Quoted from the Appleton Crescent for July 8, 1865.

Washington, July 6, 1865 — The findings and sentences of the Military Commission were, somewhat to the surprise of the public, approved by the President yesterday, and David E. Harrold, Lewis Payne Powell, George A. Atzeroth and Mrs. Mary E. Surratt will be hung tomorrow (July 7) noon by the military authorities.

Dr. Mudd, Arnold and O'

Laughlin are to be imprisoned for life; Spangler for six years.

The condemned are allowed to see their relatives, and to have the attendance of clergymen of their own choice.

Bulletin — July 8, 1865 — The report is current, and we presume well founded, that Harrold, Atzeroth and Payne Powell were privately hung yesterday afternoon at one o'clock, in Washington City, by the military, and that the sentence of Mrs. Surratt was

at the last hour commuted to imprisonment for life.

Wisconsin Report

'Soak the Rich' Tax Policy of Democrats Vetoed by Governor

BY JOHN WYNGAARD

MADISON—It was evident during the last fortnight of Democratic bailing of the Republican state administration that Gov. Knowles would be required to establish minimum terms for the taxation compromise that is inevitable in the divided rule of the state capitol that the people chose last fall. The governor has now done so in a clear declaration that whatever may be contrived to balance the state budget during the next two years, it won't be a surtax that will push the Wisconsin personal income tax liability to a notorious peak level among all of the states of the country.

The surtax impulsively adopted by the assembly the other day is "completely repugnant and unacceptable to

that it wants new business and that it is striving to develop a climate encouraging to economic development is an earnest and real one will be undermined in the face of the nationwide publicity about such a tax policy.

Without attempting to disparage the seriousness of the convictions of those elected representatives who hold out for the surtax, it is increasingly difficult to follow their reasoning. This is the traditional method of the liberals, it is said. Yet three preceding state Democratic administrations were willing to acknowledge the argument of those who worried about too conspicuous a departure from the practices of other states in the establishment of Wisconsin taxation policy. Indeed, it is one of the ironies—among many—of recent state politics that it was a Democratic administration in 1961 which took the first historic and courageous step toward basic tax revision, and that the contemporary Democratic legislative leadership proposes to repudiate and reverse that decision today.

There tugs at the sleeve the idea that the Democrats are not truly convinced about their course, but are attracted by the "soak the rich" connotation as a campaign device, on the one hand, and the hope that the body politic will accept the imputation that this is a temporary expedient, on the other.

AUTHORSHIP

In an altogether inexplicable footnote to a curious story, there remains the fact that it was a Republican who put his name on the surtax amendment in the feverish assembly session the other night, and saw it snapped up by the Democratic leadership which provided the votes to put it through the house. Perhaps Assemblyman McKay lost his temper and acted impulsively. Surely he astounded most of his party colleagues, and the anxious men in the governor's office. Yet strange things happen in the tiring last days of a legislative session. There was also the incident of an anti-oleo senator from a dairying district who volunteered for a blindfolded taste test on butter, and flunked before the news cameras. Who would attempt to explain the unfathomable?

Wyngaard

me, is unfair, and is a vicious tax on the people of Wisconsin," the governor has asserted in his most forceful statement on the subject thus far. It is dangerous for a politician to close avenues of retreat, as Gov. Reynolds learned two years ago when he defiantly announced that he would never accept a sales tax, and then was obliged to do so, nevertheless. But the Knowles declaration on the surtax is not quite the same. By inference in this statement, and on the record, he is prepared to accept regular personal income tax revisions which may be the ultimate solution of the tax stalemate.

THE ARGUMENT

It is difficult for the fair-minded sideline at this tedious wrangle to dispute the governor's worry that raising the effective rate of the Wisconsin personal tax to very nearly 12 per cent will be the equivalent of raising a flag to announce this state's achievement of the maximum state tax on incomes in the whole United States.

Nor will it be easy to deny that the Wisconsin effort to persuade the rest of America

Strictly Personal

Brevity Is Soul of Wit; Why Be Brief and Dull?

BY SYDNEY J. HARRIS

Purely Personal Prejudices: Everybody wants to live long, but nobody wants to be very old; our passion for longevity is equalled only by our horror of its infirmities.

To confess sins or transgressions to a mate is often motivated by the "honesty" we call it, but rather by a desire for punishment, and even by an unconscious wish to hurt the person we are confessing to.

The "mass" is that part of the citizenry which doesn't know what it wants—until its

remarked, the choice is constantly between two evils; what we failed to add was that the "lesser evil" usually turns out to be little better than the greater evil.

It is a mistake to believe that when a child asks "Where do babies come from?" he really wants to know the biological facts—all he wants is the assurance that he won't be sent back as mysteriously as he was called forth.

Almost all books about "power" are written by men who have no idea of where it resides or how it is exercised; those who do know such things would not dream of writing a book about it, even if they were able to articulate the subject.

Speaking of quotations given the reverse meaning (as I did in a recent column on Kipling's "East is East, and West is West"), reminded me that Robert Frost has suffered the same fate with his famous line "Good fences make good neighbors"—quoted approvingly by many people, when Frost meant exactly the opposite in his poem, "Mending Wall."

Only those who are willing to define "happiness" in a negative sense as "the absence of suffering" are likely to find much of it in their lives; those who seek it as a positive goal are sooner or later embittered.

It's the psychological element, not the physical, that determines our conduct—people will go to the beach to get wet and scamper for cover the moment it begins to rain.

Harris

leaders try to cram something it doesn't want down its throat.

Divorce lawyers may protest to the contrary, but there's more truth than fantasy in the comment of Arthur Garfield Hays, the eminent lawyer, who said: "When there's a rift in the lute, the business of the lawyer is to widen the rift and gather the loot."

An awareness that brevity is the soul of wit does not prevent many persons from being brief and dull.

In politics, as John Morley

GRIN AND BEAR IT

By LIGHTY

"They're protesting against basket weaving, Indian lore and ten-mile hikes and won't come out of their tents . . . Frankly, I'm afraid it's a camp-in!"

Potomac Fever— by Jack Wilson

LBJ says we'll resume shipping surplus food to the United Arab Republic. That's what he means by being President of all the people—even United Arab Republicans.

President Nasser says he's sorry they burned our library and they'll rebuild it—possibly in time for the early autumn rioting.

Westmoreland Less Confident Signs Point to Growth Of Viet Nam Fighting

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — The war in Viet Nam is moving toward an explosion. All the signs point to it.

U.S. forces are building up. Viet Cong guerrillas are stepping up raids and attacks. The American commander, Gen. William C. Westmoreland, says more "substantial confrontations" may be expected.

That's a complicated way of saying much bigger ground fighting is in store.

Westmoreland also says the Viet Cong "are less confident of success than they were earlier."

U.S. intelligence sources believe North Viet Nam's 325th Division, starting early this year, has moved into South Viet Nam to join the Viet Cong in the fighting.

Guerrilla Strength

Malcolm W. Browne of The Associated Press reports from Saigon that for the past few weeks guerrilla forces of unprecedented strength have burst across the Vietnamese highlands, smashing one important post after another.

Recently, he says, thousands of South Vietnamese government forces have been killed or captured.

The more the South Vietnamese are smashed, the more U.S. forces must get involved to bail them out.

Only last week guerrillas slipped through the heavy Marine guard surrounding the

Da Nang Air Base, killed one American and destroyed three U.S. planes on the ground.

Captured Howitzers

And last Monday they overran the jungle outpost of Ba Gia and made off with two 105mm howitzers, the largest weapons they've captured yet, plus ammunition which, with the howitzers, may be used against Americans later.

Still, there has been no big showdown yet between the Marines and the Viet Cong or the 325th Division from North Viet Nam.

But more U.S. troops — about 8,000 Marines — are being put ashore South Viet Nam, raising American military strength there to about 60,000 men.

More Troops

These don't include another 16,000 to 21,000 Marines and Army troops who, Secretary of Defense Robert S. McNamara said in mid-June, were being sent to Viet Nam.

And, while the United States builds up its ground forces, it gets deeper into the war in the air.

Three times now American B52 bombers have flown the 2,200 miles from Guam to bomb Viet Cong locations in South Viet Nam, some within 35 miles of Saigon.

At the same time American bombers continued to plaster North Viet Nam, although staying away from such population centers as the capital city of Hanoi and the seaport, Haiphong.

Bad News

While President Johnson was pondering all this, he learned of more unpleasant news which sooner or later may require a decision from him.

Several Russian-built missile sites are nearing completion in North Viet Nam near Hanoi and Haiphong. These are for surface to air missiles which can be used against bombers.

It's possible they will never be used, unless the United States attacks those two cities.

But their very presence, and the danger implicit in them, raises the question: Should the United States wipe out those missile sites before they can be used against American planes? But that might involve the United States with Russia, more or less.

Johnson has to make the decision to bomb or lay off. But Wednesday in Congress the House Republican leader, Gerald R. Ford, said the United States should bomb the missile bases before they're ready for use.

Name of Famous Son Is Misspelled

PRESTONSBURG, Ky. (AP) — "I've been misquoted, misled, misjudged and misused. I might as well be misspelled, too," former Gov. Bert Combs says.

Combs, probably Prestonsburg's most famous son, was honored with a street in front of Prestonsburg Community College being named after him.

Signs at either end of the street read, "Bert Combs Dr."

25 Guerrillas Claimed Killed By U. S. Troops

CONTINUED FROM PAGE 1

fic emergency but was to "play it safe" and strengthen U.S. forces against a possible major offensive by the Communists.

Washington sources said that Gen. William C. Westmoreland, the U.S. commander in Viet Nam, asked for the additional Marines from Okinawa because they could be brought in quickly.

Westmoreland, who flew to Honolulu for conferences and leave Wednesday, said more "substantial confrontations" may be expected before long in Viet Nam.

Intensified enemy activity in the highlands, coupled with intelligence reports that North Viet Nam's 325th Division may be operating in the area, are causing concern. Intelligence sources said one battalion of the 325th is known to have infiltrated the mountain area several months ago.

Less Confident
But Westmoreland said the Communists "are less confident of success than they were earlier."

"We don't know how long they can sustain the casualties they are taking," he told newsmen in Honolulu. "That is the question. They don't have a bottomless pit (of manpower)."

A U.S. spokesman announced that a U.S. Air Force F105 jet fighter-bomber was shot down over North Viet Nam Wednesday and the pilot apparently was captured after bailing out.

The spokesman said the plane was one of four Thunderchiefs that attacked a bridge and ferry installation 25 miles southeast of Vinh.

Red China's New China News Agency said earlier that two U.S. planes were shot down Wednesday and the pilots killed.

Powder Puff Derby Fliers Await Results

CHATTANOOGA, Tenn. (AP) — Weary officials and an over-worked computer looked forward to the celebrations today as the 19th annual Powder Puff Derby headed toward a grand finale.

Seventy-one planes, their female pilots and a white French poodle Wednesday completed the 2,400-mile air race from El Cajon, Calif., to Chattanooga. Locked in a tight race for the crown were a Florida investment broker and a seven-time Powder Puff champion from California.

The winner had been due to receive her trophy Wednesday night, but a large number of last-day arrivals caused officials to give up trying to figure the complicated handicap scores.

A computer will figure the winner on a complicated formula involving only actual flying time and the rated ability of the individual planes.

"I don't have a chance now," said June Douglas, manager of a Palm Beach, Fla., investment firm, after a disappointing final lap. But derby officials disagreed, saying she's still very much in the running.

Two Gunmen Sought In 3-State Manhunt

CONTINUED FROM PAGE 1
and long" — a shotgun and a pistol.

"They were so confused all the time," she said. "I had to show them how to get out of town. They talked about everything under the sun. They told me a lot of stories."

She said the six hostages made no attempt to escape. "They would have plugged (shot) someone, anyway," she remarked.

Riekstin said they would drive to Oregon, "with no stops anywhere, unless we have to." FBI agents said details of the kidnapping and slaying were still sketchy this morning.

However, in Springfield, Ore., where Mrs. Corbin was kidnapped, police outlined this sequence of events:

Father of Six
Deputy Sheriff Carlton E. Smith, 33, father of six and an officer since last June 29, radioed from his patrol car:

"This is 15 at Goodpasture and Delta Interchange. I have a 1959 Triumph. License 9F-6773."

In a few seconds he radioed again:

"Fifteen to 33, can you come?"

Car No. 33 was Sgt. Howard Kershner, who headed for the scene.

"His voice was calm," Kershner recalled later, "just as if he

Balance of Payments Confusion Increased

CONTINUED FROM PAGE 1

loosen it until doctor government gives the word.

Q: What kind of permanent treatment has been proposed?

A: That's one of the problems. So far, government and the private sector seem to agree only that there is a problem to be taken care of. No program has been worked out. Treasury Secretary Fowler says the voluntary program must hold tight for at least a year.

Gold Loss

Q: What happens next?

A: Probably the United States will lose more of its gold stock, since foreign governments still hold billions of dollars convertible into gold. But some economists feel the gold loss will taper off for three reasons: The voluntary program has limited dollars going overseas; the United States is still the world's number one department store and purchases are made with dollars, and many governments prefer to keep their dollar holdings in dollars or interest-bearing U.S. dollar securities rather than in bullion.

Q: Why is gold so important?

A: Many economists say gold is important only because so many people think it is important. Actually, gold has little useful value. Its value as money is mostly psychological. The mystique surrounding gold is rooted deep in history. But whatever the psychological or historical reasons, gold is readily convertible into currency, goods, or services in almost any part of the world.

Q: What has that got to do with the U.S. economy?

A: Because of the psychological importance of gold, many

individuals and some nations regard the level of gold backing currency as a barometer of the true value of the currency. That view prevails in many European countries, particularly France and Germany, where disastrous inflations in the past have wrecked the economies of the countries. France and Germany in recent years have been the largest buyers of U.S. gold.

Q: Does the U.S. government regard gold highly as a reserve?

A: No. The United States position is that a currency is only as strong as the economy behind it. The government contends that as long as the U.S. economy is strong, the dollar is strong.

Q: What is a sign of world regard for the dollar and what does it show?

A: Possibly the clearest sign of the world attitude is the price of gold in dollars on the London market where prices are bid up or down each day. When confidence in the dollar slips for some reason, the price of gold goes up. When confidence in the dollar is strong, the price, however near the U.S. fixed price level (plus an 8 1/2 cents an ounce service charge). Currently, the London price of gold has been ranging between \$35.09 and \$35.11 a troy ounce.

Hilbert Woman Dies in Crash

CONTINUED FROM PAGE 1

year's record death pace which stood at 498 at this mark, contrasted sharply with that of Wisconsin's largest city, Milwaukee, listed among the leaders nationally in traffic safety.

A pedestrian, John J. Borczyk, 63, Chicago, Ill., was killed Wednesday in the Milwaukee suburb of Menomonee Falls when, police said, he walked into the path of a semi-trailer truck on U. S. 41.

Mrs. Nicholas Amrhein, 79, of rural Waupun died Wednesday of injuries suffered the previous day in the collision of her husband's car and another auto on Highway 49 west of Brownsville in Dodge County.

A two-car collision in the Canadian province of Ontario Wednesday took the lives of Mildred Rutsinske, 50, Milwaukee, and Mrs. Loretta Fisher, 68, Wauwatosa, Wis. Angus Fisher, 60, also of Wauwatosa, was critically injured.

Canadian authorities said the two cars driven by U. S. residents vacationing in the Georgian Bay area collided on a slippery road near Midland, 24 miles northwest of Orillia, Ontario.

Meanwhile, the National Safety Council reported Milwaukee led its population class nationally in the lowest traffic death rates for the first five months of the year.

It listed 1.5 deaths for each 100,000 registered vehicles in Milwaukee. Cleveland was second in the 750,000 to 1 million class with a 2.2 rate. Chicago led cities above 1 million with a 2.7 rate.

An autopsy was pending to determine the cause of death of a Milwaukee motorist, Arthur Mueller, 50, who died in a hospital Wednesday two days after his car collided with a parked auto on a Milwaukee street.

Man Drowns, 3 Rescued as Boat Breaks

**34-Foot Craft Sinks
As It Returns From
Trip on Green Bay**

GREEN BAY—An Allouez service station operator died but his son and two other men were rescued Wednesday after their 34-foot boat broke up and sank on Green Bay.

Although reportedly alive when pulled from the water and given mouth-to-mouth resuscitation during the trip to shore, Clayton C. Trepanier, 42, was pronounced dead on arrival at St. Vincent Hospital shortly after 8 p.m.

Trepanier's seven-year old son Sean, was in good condition at the hospital today where he is undergoing treatment for shock and exposure.

The other survivors, Thomas Reigner, 31, and Charles Kinney, 62, were released from the hospital Wednesday night.

Trepanier, his son and Kinney all were plucked from the water by crewmen from the coal freighter James P. Davidson, a short time after Trepanier's 34-foot boat, "Play Boy" broke up and sank in the shipping channel about 10 miles north of Green Bay. Reigner remained in the water almost an hour before being rescued by a U.S. Coast Guard search and rescue unit.

First Trip

Trepanier had put the boat in the water Monday and was taking it out for the first time this year when it sank.

The boat was checked for leaks when first launched, but was watertight. There also were no leaks when the boat went out on the bay about 3:30 p.m. The four had just completed a fishing trip and were returning to Green Bay when the boat sank.

"We were heading south and the boat split on the beam, lengthwise from the motor right to the bow, about five minutes after we made the turn," Reigner said.

"We tried to stay with the boat, but it broke up within three minutes. Then I tried to keep us together in the channel so that we would be picked up," he added.

Just Sank

Kinney told authorities he didn't know what happened except that the boat "just sank at the stern."

Authorities said the boat, described as "an old one" may have had several rotten timbers that simply broke apart from the pounding of increasing swells on the bay.

All four were wearing life jackets, Coast Guard officials said, although Trepanier apparently had buckled his on backward, causing him to float with his head under water.

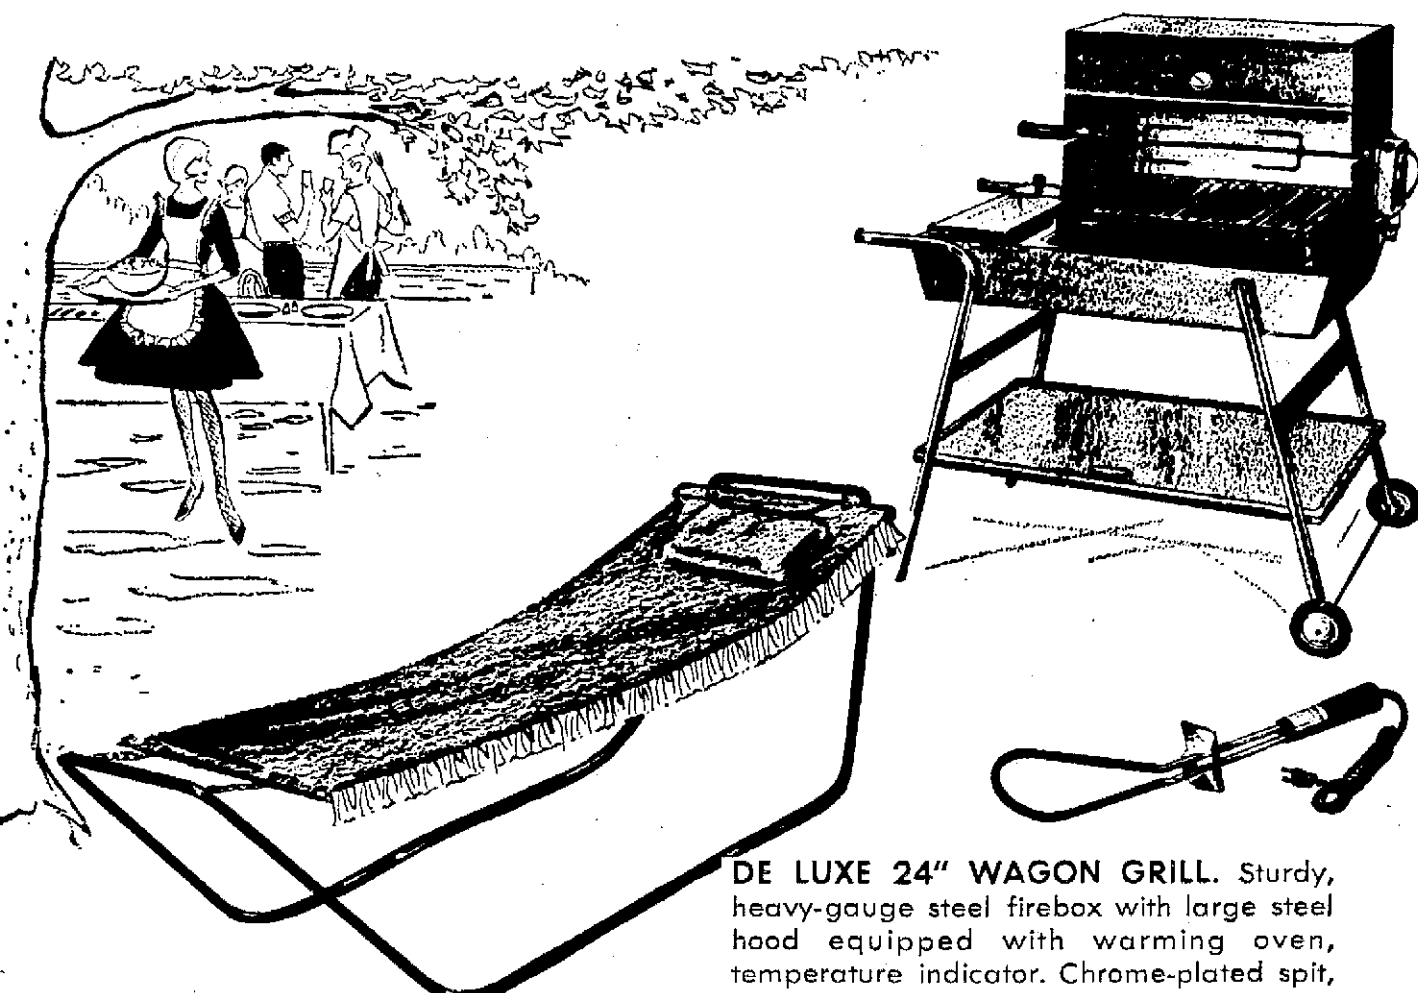

Reigner said he grabbed a piece of plywood from the boat's wreckage and used it to stay afloat. He tied Trepanier's son to his father to provide additional support for the boy, he added.

Riverview Families Mark Holiday

Riverview Country Club observed the celebration of Independence Day Monday with annual water show activities. The weather was a bit on the cool side for the very young members to swim, but a few of the hardier ones didn't mind the cool breezes and all enjoyed the skill and agility of those who put on swimming and diving performances.

After the water show, Riverview families dined together at the clubhouse. Mr. and Mrs. Owen Kuehmsted were chairmen of the day's activities. Assisting them were Dr. and Mrs. George Behnke, Kaukauna, Dr. and Mrs. Thomas Luther, Mr. and Mrs. J. P. Butler, Dr. and Mrs. Robert DeCock, Mr. and Mrs. Stanley Gabert, Mr. and Mrs. R. Barton Hammond and Mr. and Mrs. Richard Mahony Jr.

Steve Bates Was One of the young diving acrobats who put on a show for the young people at Riverview Country Club Monday afternoon. At left, Dr. Robert DeCock serves punch to those who cheered the show.

In Addition to a diving display, the young swimmers of Riverview Country Club participated in a number of races and relays that added excitement to the afternoon program. Above, cheering their favorites, are Nancy Gall, daughter of Mr. and Mrs. John Gall, Susan Wright, daughter of Dr. and Mrs. Frank Wright, and Barbara Kuehmsted, daughter of Mr. and Mrs. Owen Kuehmsted. (Post-Crescent Photos)

Vows Said In Double Ring Rite

KIMBERLY — Miss Judith Lamers became the bride of Dennis J. Schumacher at a double ring ceremony at 10 a.m. today at Holy Name of Jesus Catholic Church. The Rev. Gerald Bouressa officiated. Mr. and Mrs. Joseph Lamers,

Ken-Mar Photo

Mrs. Schumacher

820 E. First St., are the parents of the bride. The bridegroom is the son of Mrs. Martin Schumacher, 416 E. First St., and the late Mr. Schumacher.

Mrs. Charles DeKoch, a sister of the bridegroom, attended as matron of honor. Miss Sharon Verhagen was bridesmaid. Serving as flower girl was Miss Sharon Lamers.

Kenneth Schumacher attended his brother as best man. Groomsman was Ralph Lamers. Acting as ushers were Charles DeKoch and David Lamers.

A reception will be held at the Darboy Club, Darboy.

Mrs. Schumacher is employed at the Wisconsin Telephone Co. Her husband is with Kimberly-Clark Corp.

The couple will reside at 115 S. Willow St., after a wedding trip to northern Wisconsin.

Family Members Meet for Reunions

Hatten Memorial Park, New London, was the setting for the 25th annual Zillmer family reunion Sunday. Fifty-six family members attended from Neenah, Menasha, Appleton, Marin, Waukesha, Milwaukee, Sheboygan, Clintonville, Bear Creek and Chicago, Ill.

The committee for next year's reunion is composed of Mr. and Mrs. Arthur Brown and Mrs. Alma Pruess.

Weyenberg Reunion
Approximately 100 family members attended the Weyenberg family reunion Sunday at the home of Mr. and Mrs. Robert W. Weyenberg, 2308 E. Henry St., Appleton. Mr. and Mrs. Weyenberg had charge of the event.

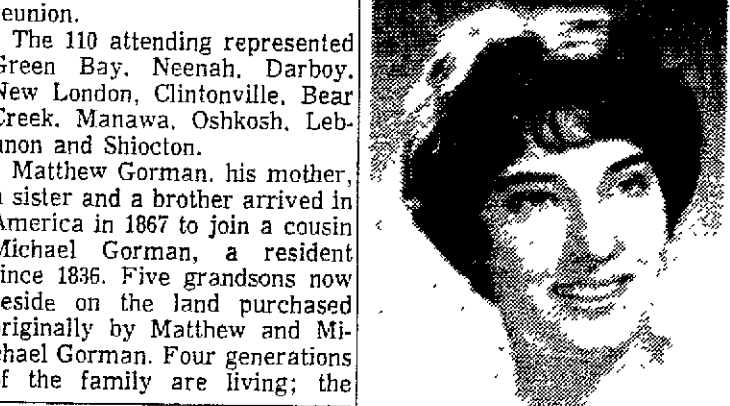

Plans were made to hold the 1966 reunion in Appleton July 10.

Gorman Family
Descendants of the late Matthew and Mary Loughrin Gorman met Sunday at Hatten Memorial Park for their second reunion.

The 110 attending represented Green Bay, Neenah, Darboy, New London, Clintonville, Bear Creek, Manawa, Oshkosh, Lebanon and Shiocton.

Matthew Gorman, his mother, a sister and a brother arrived in America in 1867 to join a cousin Michael Gorman, a resident since 1836. Five grandsons now reside on the land purchased originally by Matthew and Michael Gorman. Four generations of the family are living; the

Betrothal of Mary Lenz Announced
MENASHA—Mr. and Mrs. David F. Lenz, 424 Second St., have announced the engagement of their daughter, Mary, to Darrell Wolf. He is the son of

Miss Mary Lenz

Mr. and Mrs. Franklin Wolf, 313 E. Irving Ave., Oshkosh.

Miss Lenz attended Wisconsin State University, Oshkosh. Mr. Wolf attended Stout State University, Menomonie, and is employed by American Excelsior Corporation, Oshkosh.

A winter wedding is being planned.

Fiber Glass Boats
Although fiber glass is a low-maintenance material, some care is required to keep those popular fiber glass boats clean.

Washing a fiber glass boat regularly with warm soap or detergent suds, followed by thorough flushing with fresh water is recommended. Stubborn dirt can be removed with a lightly abrasive rubbing compound.

The same suds-and-rinse routine is recommended prior to painting fiber glass surfaces.

Miss Joan Bylow, Neenah, took over the duties and the crown of Miss Oshkosh Wednesday evening. The title was without a holder when Miss Sharon Singstock was named Miss Wisconsin recently. The crowning ceremony was conducted by Harry Miller, president of the Oshkosh City Council and took place at the airport, just before Miss Singstock left for the

New York World's Fair, where she will represent the state. Present for the ceremony were members of the Common Council, the Chamber of Commerce and the Women's Branch of the Chamber, which sponsored the Miss Oshkosh Pageant. Miss Bylow's sister, Jill, was Miss Oshkosh in 1963. (Post-Crescent Photo)

WSCS Tells Plans For Mission School

Wayland Academy, Beaver Dam, will be the setting July 12 through 16 for the 19th annual integrated program of missionary education, Christian and social relations, spiritual life, cultivation and program building and to train leadership for the promotion of the total program of the Women's Society of Christian Service.

Church. "Mission: The Christian's Calling" is the theme for the 1965 convocation.

Purpose of the school is to emphasize the world mission of

Week's Schedule
The week's schedule includes study classes, prayer groups, Bible study and special interest groups in coaching sessions, controversy, membership and program resources.

Representatives attending from the Fond du Lac district will be Mrs. Gordon Seefeld, Mrs. Richard Miller, Mrs. Robert Edwards, Dorothy Chapelle, Mrs. Alfred Schmidt, Mrs. Marvin Schilling, Mrs. Harvey Polzin, Mrs. Kimble Killam, Mrs. Burton Karges, Mrs. Elwyn Hermann and Miss Emma Andrews of the Wesleyan Service Guild.

Normal Diet Is Best for Sick Children

A sick child may prefer drinking to eating. But his chances for a speedy recovery are better if he eats a nearly normal diet, according to Joan Reid, nutrition specialist at the University of Wisconsin.

Make sure your child gets the best possible nutrition when he is ill, Miss Reid advises. Give him solid foods if he will take them, unless the doctor has ordered liquids only.

Try Bland Foods
A child with an upset stomach will probably best accept bland foods. Try soft-cooked eggs, toast, milk toast, cooked bland vegetables, custards, gelatins, ice cream and cooked fruits. You might also encourage him to take fruit juices, milk and fat-free broth.

Water offered every waking hour seems to help children with digestive upsets. Sucking pieces of cracked ice and sipping small amounts of carbonated beverages are also good if he has trouble keeping down food.

To a youngster with a sore throat or mumps, fruit juice may seem tart. In this case, add a little water or sugar. But get him back on natural juice as soon as he is able to take it.

A sick child often needs more protein and calories. So it is a good idea to fortify the foods he will eat. Egg-nogs and milkshakes are good, high calorie foods. And dried milk solids added to whole milk or cream soups really boost protein.

Don't Force Food
Do not force a sick youngster to eat. Rather offer smaller amounts of food in five or six little meals. Help your child if he has trouble holding spoons, cups or glasses. If you thin his soup, he can drink it from a cup.

Encourage strength-building eating by making his tray and plate as attractive as possible. Pleasing flavors and aromas, too, will make it easier for him to eat well while he is recovering.

Wedding Promises Exchanged

KAUKAUNA — Miss Patricia Mary VanDyke became the bride of Thomas S. Hanby in a double ring ceremony at 11 a.m. today. The Rev. Theodore Hendricks performed the rite at St. Aloysius Catholic Church.

Mr. and Mrs. William J. VanDyke, 225 E. 15th St., are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Sylvester J. Hanby, 604 W. 10th St.

Miss Elizabeth Berghuis, an aunt of the bride, served as maid of honor. Bridesmaid was Miss Nancy Brayton.

John Skibba attended his cousin as best man. Assisting as groomsman was Gary Weigman. Ushering duties were performed by Daniel Bay and Thomas Berghuis.

A reception was held at the Hyland House.

The couple will reside at 300½ W. Fourth St.

Marriage Promises Repeated

LA MESA, Calif.—James Van Ryzin, son of Mr. and Mrs. E. Robert Van Ryzin, 615 N. Lincoln Ave., claimed Miss Nancy Ann Perkins as his bride at 10:30 a.m. June 26.

Mr. and Mrs. David W. Perkins are the parents of the bride.

A reception was held at the Parish Hall.

Serving as the couple's honor attendants were Mr. and Mrs. Charles Houghton, a brother-in-law and sister of the bride, Miss Sharon Marsh, Miss Cherri Bonomi and Miss Sandee Jett were bridesmaids. Ushers were Thomas Perkins and George Overbeck.

The couple honeymooned at Lake Arrowhead and will reside at La Mesa.

Fall Wedding Planned by Engaged Pair

MENASHA—An Oct. 30 wedding is planned by Miss Pamela Blohm and Alvin Mauritz Jr. Their engagement has been announced by her parents, Mr. and Mrs. E. W. Blohm, 610 Tayco St.

Mr. Mauritz is the son of Mr. and Mrs. Alvin Mauritz Sr., 630 Main St., Neenah.

The bride-elect is employed by Wisconsin Tissue Mills. Her fiancé is with Concord Cheese Co., Neenah.

25th Anniversary

NEENAH—Mr. and Mrs. Bobbie E. Cottrell, 440 Hawthorne St., will mark their 25th wedding anniversary Saturday evening at a dinner at Jake Skall's Colonial Wonder Bar. The couple was married July 13, 1940.

Mr. and Mrs. Gerald Mollen, Seattle, Wash., were back home for the reunion of the St. John High School class of '50. At right they receive their party programs from chairmen Mr. and Mrs. George G. Vanderloop, Little Chute. Visiting before dinner below are the Rev. Richard Ver Bost, Green Bay, Sister M. Paula, Oshkosh, Robert Driessen, Little Chute, Clifford Siebers, Appleton, and Mrs. Ivol Van Handel, Combined Locks. (Post-Crescent Photos)

St. John Class Of '50 Meets For Reunion

LITTLE CHUTE — "Those Golden Years" was the theme carried out by the St. John High School Class of '50 at its Saturday evening reunion. The event, which included a cocktail hour and dinner, was held at the Knights of Columbus Club, Kaukauna.

Mr. and Mrs. George G. Vanderloop, acted as chairmen of party arrangements. Assisting them were Mr. and Mrs. Roger Vander Wist and Mr. and Mrs. Robert Driessen, Little Chute, Mr. and Mrs. Clifford Siebers, Appleton, and Mr. and Mrs. Ivol Van Handel, Combined Locks.

Beware of Opponent With Gifts

BY ALFRED SHEINWOLD

When an experienced opponent goes out of his way to hand you a trick, look at it with a cold eye. The most fitting way to retaliate is to hand a trick right back.

West led the eight of hearts, and East took the queen and ace. East then carefully returned the five of hearts, forcing his partner to ruff declarer's jack of hearts with the seven of spades.

South happily over-ruffed in dummy with the jack of spades. "All favors gratefully accepted," he burbled.

The trick turned out to be no

Mr. and Mrs. Clarence Norder Pair Observes 50th Anniversary

BEAR CREEK—Mr. and Mrs. Clarence Norder observed their golden wedding anniversary Sunday. A mass of thanksgiving was held at 10 a.m. at St. Mary Catholic Church. A 1 p.m. dinner was served at Pleasant View Pavilion and a buffet supper at their home.

The couple was married June 30, 1915, at St. Mary Catholic Church. Attendants were John Dunlavey and Mrs. Louis Mares, both of New London. They were engaged in farming in Deer Creek for seven years before moving to Bear Creek. Mr. Norder was employed as a mason contractor by the late William Tate. He was with the FWD Corp. Clintonville, for five years and served as village assessor for three years before retiring four years ago. Mrs. Norder was employed at Flanagan Bros. for 25 years before retiring last year.

Mr. and Mrs. Norder's children are Roger, Seattle, Wash.; Robert and Norbert, Bear Creek; Gerald, Riverside Calif.; and Leon, Cedarberg. They also have 18 grandchildren.

Cleanliness

Personal cleanliness has become popular because it is one easy way to build self-respect, poise, and social acceptance.

A Lovelier You

By Mary Sue Miller

The time for fragrance is always. But the scent a lovely wears must be chosen, like her

fresh blend, a spicy bouquet. All such are a delight to wearers and bystanders.

In cologne form, a light fragrance adds instant refreshment to its olfactory appeal. Merely splash it on your wrists, and you'll feel cooler. A rub-down with chilled cologne keeps you frosty for hours. You cannot use too much, for the scent of cologne gentles with evaporation.

Perfume, the strongest and costliest form of scent, is not for splashing. However, if yours is truly delicate, you can apply it liberally and often without fear of offending. Indeed, your fragrance manners will rate compliments.

Put aside your grooming doubts and worries! Send today for Your Grooming — A to Z, a booklet that covers every step in achieving smooth looks. It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes, polish skin and hair, care for clothes, apply perfume, overcome personal posers. To obtain your copy, write Mary Sue Miller in care of The Post-Crescent, enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

Household Tools

You can't keep a house clean if you use dirty "tools." Dirty brooms, mops, brushes, dustcloths, sponges, and rubber gloves will just spread dust and dirt around instead of removing this dust and dirt. They need to be washed often with hot suds.

give your furs a beauty treatment! storage and reconditioning

Of course you store your furs... but why not take advantage of our repair and exclusive Hollanderizing fur cleaning services, too, at small additional cost. You'll love the difference in your beautiful fur next Fall!
